On March 17th Col. Charles A. Morse, will install and inspect Somersworth Co., No. 14, U. R. K. P., at Somersworth. He will be accompanied by General C. B. Hoyt of Portsmouth, Col. W. A. Ingram of Manchester, and other members of the staff. A banquet will follow the exercises.

The following is the latest report from the Cottage Hospital concerning the editor of the ADVERTISER:

"With Dr. Parsons, the attending physician, I visited the hospital on the forenoon of the 12th inst., and together we made a very careful examination of Mr. Pinkham. We found that the wound was healing satisfactorily. The tubes have been removed, and there is but little discharge from the opening. The patient eats well, sleeps well, suffers but little pain, and is gaining flesh. Tuesday he sat up five hours, and when I left him, about twelve o'clock, he was sitting by the window. I think I can safely say that he will make a complete recovery, and about April 1st he will again be in our midst."

The annual town election was a quiet affair. Nearly all of last year's officers were re-elected. For the board of selectmen there was a trifling opposition. William P. Hartnett, a Democrat, being the opponent to the old board.

The following Republican candidates were elected: Moderator, Charles E. Smith; town clerk, H. Jenness Paul; selectmen, J. Thornton Pike, George W. Paul and George L. Chase; tax collector, Herbert W. Smith; treasurer, William H. Conner; highway agents, district No. 1, Nathan G. Howard; district No. 2, Jared A. P. Neal; district No. 3, Daniel R. Smith; constable, Jere Towle; auditor, Frank C. Neal; library trustee for three years, Miss Emma P. Conner.

THE "OLD MAN."

Dear Editor:—We have been and had our "pieter took," and I thinking possibly the readers of "the great and only ADVERTISER," who have never had the misfortune to know the "O. M." personally, might like to see what the old "eritter" looks like, we have had the photo. electrotyed and here we are as big (or little) as life, stuck right up in front of you. But, Mr. Ed., we did have a time of it, for you see it had been thirty years or more since we had been attacked by a regularly ordained and full-fledged photographer, and when we stated this fact to him, the artist seemed to "Fuller" realize the tough proposition he was up against. At the first sitting (for we had two whacks at it) results proved that something must have "busted" in his old "pieter taker," (we learned afterward that the "photog." was obliged to send it to the makers and

have it repaired and otherwise strengthened,) for when we exhibited the proof to our friends some of them accused us of being in sympathy with "Boss" Tweed, while others averred that the visionary twist of our optics greatly resembled that of the late lamented Ben Butler, and when we come to show it to Mrs. O. M. that excellent woman avowed that she would much rather have the mem'ry of us (bad as it was) to go by than such a looking thing as that. Of course that settled it and we went to the "pieter man" and told him how it was. He never said a blessed single word, only kind of grunted a little, and we took our departure supposing that was the last of it as far as he was concerned. But about four weeks later he sent for us and said as how he had been testing his old "masheen" on the P. E. A. students, who he cal'lated were about the toughest propositions that could be scared up, and he guessed the thing could stand the racket, anyhow he was willing to have another try at us. It was a big contract getting us posed. First he set us in a chair, the back of which fitted our spinal column about as slick as the outside of a barrel stave would have done, then he twisted our old "knowledge box" around until we liked to have had a "crik" in the neck, and then as if to add insult to injury, he adjured us to look nat'ral and pleasant like (as if we could). He squinted at us through his old "masheen" and then charged on us again and said our expression was altogether too severe and we must try and work up a little smile. But we just held on to the expression we had dressed our countenance with like grim death, for we also "Fuller" realized that for us there was no "middle ground" and we must either assume the appearance of a savant or a fool, and for the sake of posterity we clung to the former.

THE STATE OF NEW HAMPSHIRE. In the Supreme Court.

Upon the filing of the foregoing petition this ninth day of January, 1902, it is ordered that the petitioner notify all persons interested therein of the pendency thereof, and summon them to appear before said Court, at its session to be held in Concord, in the County of Merrimack, on the first Tuesday of February next, to show cause, if any there be, why the prayer of said petition should not be granted, by causing a certified copy of said petition and of this order thereon to be published once each week, for three weeks in succession, in the "Exeter News-Letter," a newspaper printed at Exeter, in the County of Rockingham, the last publication to be seven days at least before said session of said Court, and make return thereof.

WM. M. CHASE,

Justice, Supreme Court.

SUPREME COURT, FEBRUARY SESSION,
1902.

Upon consideration of the foregoing petition it is ordered that the same be referred to the Board of Railroad Commissioners to find and report the facts bearing thereon.

Attest. A. J. Shurtleff, Clerk.

STATE OF NEW HAMPSHIRE. IN BOARD OF RAILROAD COMMISSIONERS. CONCORD, Feb. 15, 1902.

The foregoing petition having been referred to this board, a hearing thereon will be held at the Town Hall in Newmarket, in said State, on the 28th day of March, 1902, at ten o'clock forenoon, when and where all persons interested may appear and be heard; and it is ordered that the petitioners give notice of said hearing by causing a copy of said petition and this order thereon to be given in hand to the Attorney General of this State or left at his abode fourteen days at least before said day of hearing, and by causing like copies to be posted in two or more public places in each town through and into which the route of the proposed railway will extend thirty days at least before said day of hearing, and by causing like copies to be published in the Independent Statesman, a newspaper published in said Concord, in the Newmarket Advertiser, a newspaper published in Newmarket, in said county of Rockingham.

THE BOARD OF RAILROAD COMMISSIONERS.
By E. B. S. Sanborn, Clerk.

STATE OF NEW HAMPSHIRE—Rockingham County.

To the Supreme Court:

Respectfully represents the Exeter and Newmarket Street Railway Company, a provisional street railway corporation duly established under the laws of the State of New Hampshire, that twenty-six persons, twenty-four of whom are residents of the State of New Hampshire, have associated themselves together by written articles of agreement for the purpose of forming a corporation to construct, maintain and operate a street railway, under the corporate name aforesaid; that the gauge of said proposed street railway is to be four feet, eight and one-half inches, and the route thereof will be five miles long and is as follows: Commencing at an iron pin in the ground at the track of the Portsmouth and Exeter Street Railway Company, in the main road leading from Exeter to Portsmouth, at a point in said main road in the Town of Stratham near the saw mill and near the junction of the main road leading from Stratham to Newmarket over the Stratham and Newmarket bridge and said main road leading from Exeter to Portsmouth, and thence extending from said iron pin in the ground across said main road leading from Stratham to Newmarket over the Stratham and Newmarket bridge and through the Town of Newfields until a point in said main road leading from Stratham to Newmarket is reached, opposite the junction of said main road and the new road leading to Newmarket by Robinson's house; thence across said main road and through said new road to Newmarket, to said main road leading from Stratham to Newmarket at a point in said main road North of the track of the Boston & Maine Railroad in said Newmarket, which point is at the junction of said new road and said main road in the town of Newmarket; thence through said main road to Main street in said Town of Newmarket; thence Northerly through Main street to the line between the Towns of Newmarket and Durham.

Also commencing at an iron pin in the ground opposite the junction of said main road from Stratham to Newmarket and said new road, and to connect there with the main line of the railway herein described, and thence running through said main road leading from Stratham to Newmarket, to the first track of the Boston & Maine Railroad at Rockingham Junction, meaning by said first track, the track first crossed by a traveler in going from Exeter to Newmarket. The route of said railway as herein set forth, will extend through the Towns of Stratham, Newfields and Newmarket, all in the County of Rockingham and State of New Hampshire.

That the capital stock of said corporation is fixed in its articles of agreement, at Seventy-five Thousand Dollars, divided into seven hundred and fifty shares of the par value of One Hundred Dollars each, the full amount of which has been subscribed in good faith by responsible parties, with the intention of building said railway; that Wallace D. Lovell of Newton, Massachusetts; John H. Griffin of Newmarket, New Hampshire; Samuel W. Emery of Portsmouth New Hampshire; Warren Brown of Hampton Falls, New Hampshire; A. E. McKeel of Exeter, New Hampshire; Edwin L. Pride of Somerville, Massachusetts, and Eben Folsom of Exeter, New Hampshire, all of whom have subscribed said articles of agreement, are by said articles, appointed to act as directors of the corporation until others are chosen; that said directors have caused said articles of agreement to be recorded in the Office of the Secretary of State of the State of New Hampshire, and a true copy thereof, attested by a majority of the directors, to be filed in the office of the Clerk of each city or town through or into which the route of the proposed railway will extend, to wit, of the Town of Stratham, and the Towns of Newfields and Newmarket in said County of Rockingham; that the public good requires that the said railway be built, and that it be built on the proposed route;

Wherefore, your petitioner prays that it be decided by said Court whether or not the public good requires the proposed street railway and that it be built on the proposed route; that said Court cause a record of its decision to be made, and that said Court make such orders and decrees as may be required by law.

CHILD WORTH MILLIONS.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup, throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. A. H. RAW OR INFLAMED LUNGS.

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. G. L. Dearborn.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. G. L. Dearborn.

DURHAM.

Town meeting passed off very quietly, there being but one ticket in the field. All the nominees of the Democratic citizens' caucus were elected, and after quite a discussion on the appropriations, the report of the majority was accepted. There was some little fun, the students furnishing the comedy end of the show. There was a grave discussion on the exact way of voting to raise the sums called for by state law, showing that a wider study of civil government is needed in our schools all along the line. But then, what is town meeting for if it is not to develop orators and debaters. Durham has a tax collector that is hard to beat, his 1900 list is all square on the books and it was collected at within a few dollars of its face value. The following are the officers elected: Selectmen, C. E. Hoitt, F. E. Doe, P. J. Connor; road agents, H. S. Tuttle, D. E. Fogg, F. P. Morrison; treasurer, L. Thompson; tax collector, T. W. Schoonmaker; clerk, Geo. D. Stevens. G.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." G. L. Dearborn.

DON'T LIVE TOGETHER.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with costiveness nine years," says J. O. Greene, Depauw, Ind. "I have tried many remedies but Little Early Risers give best results." A. H. Place Drug Co.

IN MEMORIAM.

Mr. and Mrs. Edward Adams have just returned from Epping, where they have been the past two weeks assisting in the care of her father, Matthew James Harvey, who passed away the morning of the 7th in full consciousness. He was a man of great intellectual power and strength, born Oct. 14, 1821, and a life-long resident of Epping, on the Red Oak Hill homestead, which came into the possession of the family in 1755.

He has written a great deal in prose and verse for newspapers and periodicals in different parts of the country, which his writings to the day of his death had paid for. His earlier poems were published mostly in the Boston Cultivator, and his work of later years has been that of gathering and arranging them for a volume of publication.

He was unusually well and strong until his last fatal illness, and among his writings were found two envelopes sealed, stamped and directed to the NEW-MARKET ADVERTISER and a poem written to send his brother of 90 years in Ainsworth, Nebraska, a well-known teacher in these parts, who still writes home with a clear brain and a firm and handsome hand. A letter was also found from the late Geo. W. Plumer, written about four weeks before his death, on his beloved theme—poetry.

The funeral was largely attended on Monday the 10th, Rev. E. N. Jarrett officiating assisted by the Rev. Mr. Langdale. The former read some selections from the original copy of the poem, his last work to be sent to his brother, which deeply affected the audience.

Besides his two daughters, Mrs. Lewis G. Osgood of Epping and Mrs. Adams he has four sons, James B. of Haverhill, Mass., Nathaniel D. and J. Milton of Portsmouth, Matthew of Epping, and a niece, Miss M. A. Harvey of Epping, who are his nearest kindred. The sons carried the loved form, covered with flowers from the house where they were met by C. F. Edgerly, Benj. White, O. S. Langley and Geo. D. Stevens, who were the pall bearers. Rock of Ages, by request, and other appropriate selections

DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. G. L. Dearborn.

DURHAM POINT.

The school at the Point has closed, after a successful term of twelve weeks.

Miss Anna Rand has been visiting her cousin, Miss Mattie Emerson, at Back River a few days this past week.

Mr. and Mrs. Edward Adams have been at Epping the past two weeks, where they have been helping to take care of Mrs. Adams' father Mr. Harvey.

Surely Durham Point is to be lined across with an electric wire as plans are being made where to place the poles. This is only a beginning of some thing greater and we are looking forward to the future with much interest.

Mrs. J. M. R. Adams has lately received a letter from one of her summer guests, who is spending the winter in Cuba. She speaks of sitting on the piazza, fanning to keep cool, and of the laborers who work at night and after sun down on account of the extreme heat.

LEE.

We are sorry to learn that George Titcomb is afflicted with a carbuncle. A physician attends him.

Among the Leeites who were in "Way Down East" in Dover one evening last week were station agent H. P. Haley, his sister and friend. The verdict was, "it was fine."

Many of the Lee friends of Eddie Bennett (Nottingham) are helping to raise funds to send him to a celebrated electric physician. The young man's courage continues good for all he has had no use of his lower limbs for many years.

Sunday was a nice day for bachelors to patch their overalls, those who didn't get to the recent sales in time to replenish.

A pound party for the benefit of Mr. Wood Glover and family, who live just outside of Lee, was given at the town hall, Nottingham, Thursday evening. This family have been sadly afflicted by much sickness and death in the household.

The whist party held Tuesday evening (instead of Friday) to celebrate the town election, was a gala affair in which seventy-five participated. To say it was a "full house" does not quite express it.

Newmarket's great affliction in the loss by death of so many of its good citizens, is the subject of grieving comment all around. We note particularly Mr. Knight and Mr. Chapman as both attending the funeral obsequies of their late brother Mason, I. D. Edgerly, a little over two months ago, the former acting as one of the bearers.

Who next shall follow the "beckoning hand,"
To the shores of the peaceful forever?
Who next shall reach the "border land,"
The ties of this fleeting world sever?

Some snow, more mud, with slush and ice, made the roads anything but nice, yet quite a number braved it all to attend the entertainment Friday night. The debate of the "town meeting" folks as to whether a railroad or a steamboat should run through Lee was very amusing, and the hits were to the point. Mr. Coleman as the beligerent female was a wonderful creation, and his excessive display of snow hosiery and cotton cloth led one to wonder *where* he got his model. That rollicking dialogue "The Mouse Trap," played by those inimitables, Mrs. Lula Walker and Geo. Dudley, held all the fun that could be crowded into its limits. The superb piano playing of Miss Johnson of Exeter was a treat to music lovers, who recognized the artist as soon as her fingers touched the keys of her recitals, eliciting much applause. To return to plain facts, after the play coffee and doughnuts were served, thus fortifying the physical as well as the intellectual being. A dance at the town hall was the finale and was well patronized. The Grange Stage needs "a morsel more" in depth, to give the actors a better chance to circulate.

Com.

Mr. and Mrs. Jeremiah Randall of Amesbury, Mass., former residents, are the guests of Mr. and Mrs. John C. Bartlett, this week.

Last week, Mrs. Fred Leach and two children, Miss Nellie and Master Earl, of Raymond, visited with her mother, Mrs. Curtis Stimpson, and a few days with her grandfather, Timothy G. Davis.

Miss Bessie Scales and friend, Miss Johnson, of Exeter passed Friday night at Edward Bartlett's.

Miss Jennie Young of Newmarket Plains was a guest at Walnut Avenue Farms over Sunday.

Tuesday, the annual town meeting passed off quietly, with a goodly number present. The largest number of votes cast was one-hundred and sixteen. Town officers elected were: selectmen, Herbert E. Jenkins, Hosea B. Snell, Willys P. Tuttle; town clerk and tax collector, Daniel E. Plummer; treasurer, Albert J. Haines; auditors, John C. Bartlett, Charles H. Miller. All democrats but two.

Fred B. York has had consigned to his care seven horses from an equine hotel in Cambridge, Mass. He has also purchased a yoke of oxen during the past week.

F. Carl York's beautiful shepherd dog, "Hector," was caught in a trap last Saturday and was not found until Monday morning, although, notwithstanding the rain, he spent nearly all day Sunday looking for him. All day Sunday he was held by his foot in the drenching, pitiless rain without food or shelter. Any one careless enough to set a trap and leave it exposed three days without attention, no matter what kind of an animal it is set for, ought to be severely punished, for it is cruelty to animals in its worst form.

We have known John H. Knight since he first came to Newmarket and always found him a pleasant, kindly gentleman, who will long be remembered and mourned by his many friends.

"John Knight is not dead, though the casket is dumb,

But has gone on a mission of love,
With his compass and square, with his level and plumb,

To his work in the Grand Lodge above."
Mr. Knight was also one of that mystic order whose symbol is three links, the strong band of Friendship, the bright light of Love and the priceless gem of Truth, by its teachings he learned that

"There's work in the world for willing hands,

Work for the brave to do;

To help the weary, strengthen the weak,

Be faithful, earnest and true.

Then work for the right with might and main,

Guiding both manhood and youth,

Bound together by the magic chain,

Of Friendship, Love and Truth,

Gather the Links, and wear them with pride—

More precious are they than gold;

Bind them fast in a beautiful chain,

Their worth can never be told."

We have just been informed of the death of a former resident, widow of Nehemiah Fernald, who has for many years resided with her daughter in Lynn, Mass. She was a lady of worth, intellect and refinement, a patient sufferer for many years, who has at last through the love of the Father been called to eternal rest.

ANON.

TOWN MEETING.

Tuesday was an ideal day for a town meeting, consequently there was a good attendance and a large vote was cast. There was very little excitement—one of the quietest town meetings held in Newmarket for some time. The entire Republican ticket was elected by a large majority. Following is a statement of the vote:

TOWN CLERK.

Matthew T. Kennedy,	102
Andrew J. Watterson,	273

SELECTMEN.

Charles E. Tasker,	108
Fred Sanborn,	106
Harry Varney,	105
Samuel H. Greene,	274
Ernest P. Pinkham,	264
Oliver P. Sanborn,	268

TOWN TREASURER.

John J. Owens,	89
Frank H. Durgin,	285

COLLECTOR OF TAXES.

William L. Priest,	79
George M. Laine,	296

POLICE OFFICER.

Frederick Neal,	69
Robert J. Mitchell,	305

HIGHWAY AGENTS.

Joseph B. Bennett,	127
Fred E. Doe,	93
Ralph Mathes,	108
G. W. Pendergast,	252
Charles H. Provost,	266
Edwin S. Carpenter,	267

On article 1 it was voted to elect three highway agents.

On article 3 it was voted to authorize the selectmen to contract with the Newmarket Electric Light, Power and Heat Co. to light the streets and public buildings in town for a term of one year, and that \$2,000 be raised for that purpose.

On motion of F. H. Durgin it was voted to act upon articles 4 and 5 together, which were in relation to purchasing the electric light plant and installing it at the waterworks station. A committee of three, consisting of F. H. Durgin, E. P. Pinkham and Geo. O. Hodgdon, was appointed to investigate and report at the next annual meeting.

Article 6, to see if the town will vote to sell the town farm was indefinitely postponed.

Article 7, to see if the town will vote to pay members of the fire department \$22 a year each, in addition to that provided by law, was adopted.

Article 8, in regard to sprinkling the streets, caused some discussion and a poll of the house was called, resulting in the article being indefinitely postponed.

Article 9 was on appropriations, and the different articles were taken up separately. Voted to raise \$150 for the support of poor; \$200 for the public library; \$800 for police; \$100 for police court. The highway appropriation caused some discussion, and on motion of C. J. Folds it was voted that the highway agents be allowed to expend no more money than that appropriated. It was also voted, on motion of W. A. Brackett, that all laborers on the highways receive 15 cents an hour for their services; 25 cents an hour for one-horse teams with one man; 35 cents an hour for two-horse teams with one man; 50 cents an hour for two-horse teams with two men; that all carts should be measured—16 feet to be a load for one-horse carts and 32 feet a load for two-horse carts. It was finally voted to appropriate \$50 a mile for highways. \$2261

was raised for payment of state tax; \$4275.75 for county tax; \$150 to decorate the graves of deceased soldiers; \$800 for town officers; \$2,000 for payment of town bonds; \$1,650 to provide means for the extinguishment of fires; \$150 for the purchase of new hose; \$2,040 for hydrant service; \$1,050.20 Eastman and Hollis, legal services on water works case. The clause relating to appropriating money for the support of schools was discussed to some length, and remarks were made by E. F. Bibber, George O. Hodgdon, W. W. Durell, John J. Owens and others. Mr. Durell moved that the same amount be raised in addition to that required by law as was raised last year, which was \$2,850. After a poll of the house the motion prevailed.

On article 10 it was voted, after some discussion, to appropriate \$3,000 for the improvement of the Newmarket Water Works.

Article 11 was indefinitely postponed. Some remarks were made on article 12, in regard to a system of sewers, and a report of the survey of the town was read, after which the article was indefinitely postponed.

On motion of Albert E. Stevens it was voted not to distribute the inventory blanks until the first day of April.

William H. Small presented the following resolutions, which were adopted: Resolved, that the citizens of Newmarket desire and the public good requires the building of the proposed Exeter and Newmarket street railway. Resolved, that the town clerk be and is hereby directed to present to the railroad commissioners a copy of the resolutions passed by the meeting in regard to the building of the Exeter and Newmarket street railway.

Coffee Not Necessarily Harmful.

At the department of agriculture some thorough tests have been made of samples of coffee to determine the extent and nature of coffee adulterations. The results are entirely reassuring to coffee lovers. The expert in charge finds that while very little pure Java or Mocha berries find their way into the American market, almost if not quite as good flavored beans are had from other tropical places, Porto Rico and Hawaii being mentioned as furnishing good coffee. The adulterants, when used, are for the most part harmless.

The testing chemist further declares that the use of coffee in moderation should not do any injury to adults even if continued a full lifetime, but mentions in detail what moderation means. This is a cupful—only half of it coffee, the rest hot milk—at breakfast, none at noon, and a small cup of black coffee after dinner. On some systems undoubtedly coffee may act as a poison, and such persons, of course, should not drink it. The average grown person in normal health may use it moderately without harm.—Exchange.

CHARLES W. CHAPMAN.

One of Newmarket's most prominent citizens and business men, died at his home on the North Side Tuesday afternoon from Bright's disease. The news was a shock to the whole town, for very few were even aware that Mr. Chapman was ill—indeed the report could not be credited at first, but was believed to be nothing but a rumor. It proved, however, to be the sad truth and in Mr. Chapman's death Newmarket has lost one of the best citizens the town ever had.

Mr. Chapman was born in Newmarket where he has always resided, and was the son of Joseph Y. and Nancy C. Chapman. For the past twenty years he has been engaged in the coal and wood business in town, and his honest dealings with all gained him the respect of the entire community. He was of a kindly disposition, greeting everyone with a pleasant word and smile, and was always ready to assist those who were in need of help. It is sad to think that one who seemed to take so much enjoyment in life should be forced to leave it so soon.

He was a member of Rising Star Lodge of Masons, Swamscott Lodge of Odd Fellows, Piscataqua Lodge, N. E. O. P. and Lamprey River Grange, all of which societies mourn the loss of a valuable and active member. He was also a member of the Free Baptist church, and at the time of his death was a trustee of the same. He served the town as selectman three years and was always a diligent worker for the welfare of the town.

His age was 44 years and 9 months, and he is survived by a widow, two sons, Gilman D. and Fred A. of Somerville, and two daughters, Lottie Mae and Helen E. of this town.

Funeral services will be held this afternoon at 1:30 o'clock at the Free Baptist church, attended by Rev. J. C. Osgood. The Masonic burial service will also be performed.

CARD OF THANKS.

We truly thank all friends and neighbors for their kind acts and sympathy in our late affliction, also thanks for the beautiful flowers.

Any one wishing the year book of agriculture for the years 1899 and 1900 can have the same by writing to Senator J. H. Gallinger.

"The District School at Blueberry Corners" will be given in about three weeks, under the auspices of the Boy's Improvement Club.

Posters and tickets are out for the poverty ball to be given by Lamprey River Grange at the town hall April 4. Music for the occasion will be furnished by the local orchestra.

We were recently informed that Dr. S. H. Greene raised some very nice corn last fall and that he presented some meal made from the same to A. J. Nichols. Mr. Nichols says he never ate better "Johnny cake" than that made from Dr. Greene's corn.

The fourth annual dinner of the Kimball School was given at New Bedford on Monday evening, March 3d and was the most successful event in the history of the school. A large and distinguished company was present including about about twenty representatives of the great universities.

Principal Atwood of the high school has tendered his resignation to the School Board, to take effect at the end of the present term. Mr. Atwood is to take a position with a book house and will carry with him the best wishes of his host of friends in Newmarket. Under his efficient management the Newmarket high school has been placed upon a basis which enabled it to be placed on the list of approved high schools under the law requiring such institutions to fit for college, and it is with regret that the school officers have accepted the resignation. Mr. A. B. Crawford, of Concord, one of the best equipped and most successful principals in New Hampshire, has been engaged to fill the vacancy, and with a man of such extensive experience the school work will not suffer as would ordinarily happen with a change in the middle of the year.
