Michael Barrett is enjoying a vacation from his duties at John H. Griffin's, which he is spending with his family at Shackford's Point, Great Bay.

Mrs. Hazen Kimball of New Bedford is at her cottage here for the season. During the past month she has been the guest of relatives in Providence and vicinity. She is accompanied by her two children, Master Milton Andrews and Miss Bertha Edna Kimball.

The twenty-third annual field meeting of the State Board of Agriculture, co-operating with East Rockingham Pomona Grange, will be held at Hampton Beach, Wednesday, July 29. The general subject for discussion will be "The Conservation of the Resources of New Hampshire, or a Greater New Hampshire," and among the speakers will be Ex-Gov. N. J. Batchelder, Hon. William E. Chandler, Hon. E. N. Pearson, Prof. E. D. Sanderson and Hon. Frank D. Currier.

One of the best games of base ball seen here this season was played at Pine Grove Park last Saturday, when the Cocheco Mills team of Dover defeated the Newmarket Mills team, in a hotly contested ten-inning game, by the score of 8 to 6. The features of the game were a home-run by Doucette, and the batting and fielding of J. Connor and Brackett for the Newmarkets, and the fine work of the Dover pitcher. A special train came from Dover with over one hundred "rooters" on board, who were much elated at their victory.

#### NEWMARKET DAY AT HAMPTON BEACH

The second annual excursion of the employees of the Newmarket Mills to Hampton Beach will be on Saturday, Aug. 1. Patrons can go on any regular train, and will return on special cars leaving the beach at 8.30 P. M., and connecting at Exeter with a special train. Everybody is invited to join in the excursion. There will be the usual attractions at the casino, and dancing in the afternoon free to holders of Newmarket tickets, with bathing suits at the reduced price of 15 cents. In the afternoon there will be a base ball game between the Newmarket Mills and the Strat-ham A. C. on the Casino oval. This will be the rubber game, and Newmarket hopes to win. Round trip tickets, which can be obtained of the overseers or at the railroad station, will be sold as follows: Adults, 50 cents; children under 12, 35 cents; children under 6, free.

#### CHURCH NOTICES.

Newmarket Federated Churches, Rev.  
John C. Prince, Pastor.

Morning worship Sunday at 10.30, with sermon by the pastor; Sunday School following the morning service. Children's meeting for all children under sixteen years of age. Evening preaching service at 7 o'clock, opening with a service of song. Thursday evening prayer meeting at 7.30. A cordial invitation is extended to all. Visitors in town and those spending their vacation in this vicinity will be heartily welcomed to the services of the church.

#### GRAY--BLOOD.

The marriage of Herbert C. Gray, a well-known young man of Durham, and Mrs. Lillian F. Blood of Neponset, Mass., was solemnized at the Congregational parsonage Wednesday evening by Rev. John C. Prince. The groom was attended by Walter A. Munier, a brother of the bride, and Mrs. Walter A. Munier was matron of honor. Mr. Gray is a well-known and estimable young man, being the son of Mr. and Mrs. Charles L. Gray. Mrs. Gray is the daughter of the late Mr. and Mrs. Peter Munier of Neponset, Mass., and is a popular young woman of that vicinity. Mr. and Mrs. Gray will for the present make their home at Mr. Gray's home in the edge of Durham. They will later make their home in Boston.

#### HAMPTON BEACH CASINO.

Commencing Monday, July 27, at Hampton Beach Casino theatre the attractions at this popular resort will be "The Princess of India," a clever up-to-date musical comedy with a cast of metropolitan favorites, including Clem Bevins, a comedian of national reputation, and who has just finished a long and successful season with Billy B. Van Co., Arthur Aylsworth, late of Henry W. Savage's "Prince of Pilsen Co.," Franklin Farnum of the same company, Frank Thornton, baritone, and Lois Hall, prima donna soprano of the Castle Square Opera Company, Winnifred Carter, sou-brette of the Aborn Opera Company, Lottie Haywood, comedienne of the "50 Miles From Boston Company," together with the six famous oriental dancing girls from "The Follies of 1908 Company." Frank Robinson is the musical director of the company and the production is staged under the direction of Tom Whyte, Manager Flynn's general stage director. "The Princess of India" will be seen at Hampton Beach Casino every afternoon and evening for the week commencing July 27.

### FAMILY SKETCHES.

(Continued from issue of July 17.)

#### CHESWELL FAMILY.

(Continued.)

Wentworth (3) Cheswell, son of Hopestill (2) and Catherine (Keniston), was a man of unusual ability, who lived his full three score years and ten in his native town and died lamented in 1817. Seth Shackford in his journal wrote on March 8th "Esquire Wentworth Cheswell died about two o'clock to-day of a typhus fever," and on the 10th, "I attended the funeral of Esquire Cheswell; Mr. Hooper preached the sermon, Mr. Osborne offered the first prayer and Mr. Broadhead the last one."

In early life Mr. Cheswell had the unusual privilege for a country boy of that time of attending Dummer Academy in Byfield, Mass., then as now considered an excellent school for boys. His active service for his native town covered the troublous days of the Revolution, the not less perplexing time of readjustment when the war was over, and the trying period of the second war with England. The records left to us of those years are meagre but they tell plainly of the esteem and confidence with which his fellow citizens looked up to the man whose wise counsel, clear outlook and untiring energy was ever at their service. He was elected again and again to the several offices in the gift of his townsmen—moderator, town clerk, selectman, representative, etc., and when any important committee was chosen in town or church affairs Wentworth Cheswell was sure to be a member of it. As a lawyer, judge and soldier his name stands out pre-eminently in the early history of Newmarket. Long before the settlement of any regular attorney he executed deeds, wills, and other legal documents, and acted as a justice in the trial of causes. At the important town meeting of October 20, 1775, when it was voted to raise and send thirty men to Portsmouth under the command of Lieut. James Hill, it was Wentworth Cheswell who was chosen to apply to the Provincial Committee at Exeter to report the proceedings of said meeting and receive their directions, and, as shown in Nos. VIII and XIV of these collections, his name is found in that select body of men raised for service at Saratoga, which left Sept. 29, 1777, under command of Col. John Langdon, known as Langdon's Independent Company of Volunteers.

He was married Sept. 13, 1767, by the Rev. John Moody, to Mary Davis, who was born in Durham, Feb. 19, 1750, and died June 22, 1829. No record of her family is known, but she is supposed to have belonged to the "Packer's Falls" branch who long resided on the west side of the road leading from Newmarket through Hallsville, so called, the house being about a mile and a half from the village.

He lived during his early manhood in the house near the Piscassic river bridge, afterwards the home of his son Thomas. Soon after the Revolution, probably, he built the handsome mansion shaded by splendid elm trees on the north side of Wadley's road near the corner where the road to Hallsville turns from the highway, which stood until about 1870, when it was removed by John Smart, grandson of Wentworth Cheswell, who erected the house at present standing on the site.

Mr. Cheswell with his wife and several members of the family are buried in a neglected yard close to the road a few rods west of the homestead lot, where the headstones are fallen or so overgrown with brambles as to be with difficulty deciphered. At his death he owned all the land bordering on the north side of Wadley's road from his house west to Piscassic river, with a considerable part of that on the south side of the road, and a large farm in Durham, which in the division of the estate was set off to his sons. At one time he jointly with Benjamin Mead owned the "Brick House" estate, once the home of Col. Joseph Smith.

Three of his sons left families, and at least two daughters married Newmarket men and have descendants now living.

His children, all born in Newmarket were: 1. Paul (4), born Aug. 4, 1768, married by Rev. John Osborne, April 7, 1802, Lydia, daughter of Josiah Durgin of Lee. 2. Thomas (4), born July 20, 1770, married, first, Jan. 1, 1787, Betsey Eastham of Exeter, who was born in 1769; and died in 1824; second, about 1826, Hannah (White), widow

of George Bell of Newcastle; Thomas Cheswell died Feb. 28, 1841. 3. Samuel (4), born Feb. 28, 1772, married Jan. 6, 1802, Sarah, daughter of Joshua and Eunice (Parsons) Brackett of Newmarket Plains. 4. Sarah (4), born Apr. 28, 1774, married, after 1817, Moses Chase, and died without issue Nov. 9, 1829. 5. Mary (4), born Dec. 30, 1775, married Daniel Perkins of "Ash Swamp," Newmarket, died Mar. 23, 1853. 6. Elizabeth (4), born Jan. 9, 1778, died unmarried July 7, 1800. 7. Nancy (4), born Mar. 7, 1780, married, before 1717, Bradley Hanaford of Newmarket and Northwood. 8. Mehitabel (4), born Mar. 1, 1782, married, in 1807, by Rev. John Osborne, John Smart of "Newmarket Plains," died Jan. 2, 1856; he was born in 1783 and died June 1, 1866. 9. William (4), born Feb. 20, 1785, died unmarried, at Dover, Oct. 21, 1806. 10. A daughter (4), born and died Mar. 4, 1787. 11. Martha (4), born Apr. 27, 1788, died unmarried July 20, 1867. 12. A daughter (4), born and died, Oct. 2, 1790. 13. Abigail (4), born Feb. 8, 1792, died unmarried Mar. 31, 1855.

## CELEBRATES SEVENTIETH BIRTHDAY.

Rev. S. C. Kimball Receives the Congratulations of Many Friends.

Rev. S. C. Kimball reached his seventieth milestone Tuesday. In the afternoon friends from this vicinity and West Epping gathered and in the evening others not present earlier in the day came to make it a happy occasion. Brief speeches were made, some letters and cards of congratulation from former classmates, students and parishioners were read. Letters were received from six states, including Maine and California, the ages of the writers ranging from nine to 89 years. There were remarks by Deacon Hartford of Epping in the afternoon, and in the evening George E. Joy sang "Just for To-Day," and Frank L. Sinclair read "The Opportunity of Age; Rev. J. C. Prince and R. W. Boys also made remarks. At the close a Bible poem was read and prayer offered by Rev. Mr. Prince. Among the messages was the following poem, written by John Foster, a lawyer, of Manchester, who was a student of Riverside Academy, North Weare, where Mr. Kimball was principal of the academy and pastor of the Free Baptist church. Mr. Foster sent forty copies of the poem printed on a neat four-page folder with a cut of the academy on the front.

TO OUR OLD-TIME PASTOR, TEACHER  
AND FRIEND, THE REV. S. C. KIM-  
BALL, ON HIS 70TH BIRTHDAY.  
(Recalling the game of "Round Ball.")

"Come, boys, let's rally once again!"  
I hear our teacher call;  
"Choose sides, coats off, get ready there,  
A royal game of ball!"  
No gaudy uniform; few rules;  
No czarish umpire man;  
But bat the sphere across the yard,  
And tally if you can;  
No call of fouls;  
'Twas hit or miss and heaps of noise  
and fun.  
I'd give my hat once more to see  
My friend, the parson, run.

For tho' the seal of honesty  
Was on his manly face,  
Despite the eighth commandment,  
He often *stole*—a base.

When up against a pitcher,  
(Now mind, my story's pat)  
He'd smite and sway with all his might;  
He was awful at a bat.

And some still must remember  
That scene of jolly fun,  
When he shouted to Ed Everett,  
"Run, Bemus, *Run!* RUN! RUN!!

Those glad events of schooldays  
Deep in our hearts are burned,  
To linger ever bright and clear  
Until the glass is turned.

Oh, friend, how fondly do we cling  
To memories of the old;  
How thro' the past they flash and glow  
Like sheen of burnished gold.

How oft dear faces come again,  
Our teachers grand and true,  
The girls we loved as schoolboys will,  
"Hatt," Nettie, Elenore and "Sue."

The maples still are standing,  
The river sings below,  
The dear old schoolhouse just the same  
As forty years ago.

And should you speak to us again,  
With voice of hope and cheer,  
Tho' some have fallen by the way,  
Perhaps we all would hear.

The pulpit steps were narrow,  
But each was a step of love;  
So is it with life's pathway,  
Peace, rest and joy above.

As we see but days before us,  
And count that years have gone,  
Still more we feel God o'er us,  
We know He'll guide us on.

So here a toast I offer,  
With glass filled to the brim,  
Dipped from Piscataquog's deep pool,  
Where I loved to fish and swim.

That dear old river of the hills,  
What reck's it of life's cares or ills!  
Singing e'er the song of joy  
I heard when but a barefoot boy.

Age has its joys, its blessings,  
Its friendships tried and true;  
On this your natal morning,  
I *pledge them all to you!*

Now the drought is broken, how gently and easily it rains. We think it has rained every day since St. Swithin's day; if it continues to do so forty days no doubt but what the grass roots will get the much-needed soaking.

Mrs. Gilman Y. Durgin and daughter, Miss Ethel, went to Silver Bay, N. Y., Thursday for ten days.

It is with a sad and aching heart we record the death of a native and former resident of this town, ex-alderman Charles S. Otis of Dover. He was a smart, bright man; keen, far-seeing, tireless and successful in business; a kind, affectionate husband, father and brother, whose genial personality made him many friends, to whom he was generous, loyal and true. We shall sorely miss the cordial greetings, the warm hand-clasp and active sympathy of our dear brother and life-long friend, who has so suddenly left us in the prime of manhood to rest awhile in the shade.

"Earth, now close over him,  
Green grass, now cover him;

Well may he rest.

Sadly we leave him there,  
No more shall pain or care  
Trouble his breast.

"Gentle birds, bring to him—  
Morn and eve sing to him  
Anthems of peace.

Stars, shed your rays on him,  
Tenderly gaze on him,  
From your blue dome.

"Soft zephyrs, sigh to him,  
Waft a goodbye to him,  
'Tis but a day

That he has gone before  
Just there, to yonder shore,  
Over the way."

ANON.

The following is from the *Boston Daily Globe* of July 21: "Ex-Alderman Charles S. Otis, who sustained a sun stroke in the hay field July 7, died Tuesday, July 21, at his home on Park street, Dover, as a result of becoming overheated. He was 61 years old and was born in Lee, the son of Thomas J. and Olive (Goodwin) Otis. He passed his boyhood on his father's farm, and at the age of 19 he went to Boston, where he obtained a position as a clerk in the Quincy market, and later was employed by an express company. He later purchased his father's farm and conducted a lumber business at Lee until 1894, when he removed to Dover. There he continued the lumber business and became one of the largest and most successful lumbermen in this part of the state. He was a promoter of the Dover Lumber Company, was later its president, and was a member of the New Hampshire Lumbermen's Association. Mr. Otis was a member of the common

council in 1899-1900, and of the board of aldermen in 1901 and 1907. He was a trustee of the Merchants' Savings Bank and a director of the Merchants' National Bank of Dover. He married, Dec. 24, 1873, Miss Flora B. Nutter of Alton, who, with a son, Harry G. Otis, and a daughter, Mrs. Harry Ruch, survive him. The funeral will be held Friday afternoon at 2 o'clock."

On Tuesday, July 21, Ex-Alderman Charles Otis of Dover entered into the sleep that knows no waking. Mr. Otis' early life was passed in Lee and he was well and favorably known in this vicinity, and his sister, Mrs. Fred B. York, whose presence among us has often called the loving brother to the home town, has kept him in touch with us, and his death comes with a shock of sadness widely felt in our community. Mr. Otis was a man of successful business ability, genial nature and kindly heart; a man respected and beloved and our heart overflows with sympathy toward the devoted wife, the loving son and daughter and tender sister and other relatives and friends who so deeply deplore his loss, and as hand touches hand with his dear ones it seems as if the sunny smile of the departed shines upon us, saying in the loved tones, "It is the Father's voice that said come home, rest in peace."

We have many requests for free samples of Humphreys' Homeopathic specifics, the reason we do not respond to these calls is, that a few doses of the proper Specific is apt to cure the most serious illness, and a quarter of a dollar a small risk to secure restored health. r. ## A PLYMOUTH ROCK STORY.

You raise Plymouth Rocks? Congratulations! You may run the American flag to the peak of your poultry plant, for the Rocks have just won the pennant for popularity by having largest representation at the shows and accordingly being awarded the first special breed Standard.

But more. This bonton bird is first and best breed originated by American fanciers and is conceded the best general purpose fowl in the world.

The sun never sets on the Plymouth Rock, but the Plymouth Rock sets around the world.

But whence these Barred, Buff and White Rocks?

Now, if you can't guess what relation your mother's brother's brother-in-law is to you, also remember that hen history is difficult. But in this case we will take the chair of chickenology for a moment and trace a poultry pedigree.

The Barred is the original Rock, omitting the 1620 Rock of our pilgrim fathers, and was first bred by Joseph Spaulding of Putnam, Conn., at the close of the civil war.

He crossed a Dominique male and a Black Java female, and the chicks got their bars from the father and their single comb, style and size from the mother.

Fanciers also claim that blood from the Light Brahma, Black Spanish and game was mingled.

Be this as it may, the first honor must be given to Mr. Spaulding, and he was awarded the credit when the Rock was admitted to the standard in 1875.

Birds of varied plumage sometimes throw white chicks. These are called "sports."

O. F. Frost of Maine set Barred Rock eggs, and snow white chicks were

MODEL MALE HEAD.

hatched. They were bred, and the White Rocks. These snow White Rocks of Mr. Frost were warmly welcomed, and an admirer crossed them with Single Comb Rhode Island Reds and evolved the Golden Buff Rocks.

The latest are Silver, Black, Blue and Columbian. Now, if they can just get a real Red Rock and join it with the White, Blue and Columbian they will produce perhaps the best of all—the Patriotic Plymouth Rock.

But with all the coming and going of breeds the grand old Barred Rock seems to say, "Breeds may come and breeds may go, but I go on forever."

All varieties of Rock to be it must have the chief characteristic—Rock shape. If eye, beak, comb, wattles, ear lobes, wings, tail, shanks, toes and barring are up to standard, what are these if the rather long section shape is supplanted by block of the Wyandotte, the hump of the Cochin or the awkward style of the Indian game.

With "a slight concave sweep to tail," the back should be broad at shoulders and "rather long," the golden mean lying between the short back of the Wyandotte and the long one of the Black Java. The back of the Rock and Light Brahma are nearly identical.

In breeding for color rare specimens are at times the result of single matings, yet Rock fanciers generally use the double matings—standard color male with medium dark females for cockerels and medium light male and standard color females for pullets.

## ROCK STANDARD WEIGHTS.

## DON'TS.

Don't be backward in buying new wheat when the market declines.

Don't let your roosters spend their time fighting. It's a poor fattening process.

Don't loaf on the corner arguing politics and let your chickens go all to sticks.

Don't get the reputation of being a filibuster in the national association nor use your little hatchet behind the officers' backs.

Don't get scared at protozoa, microbes, parasites, trematodes, nematodes, cestodes, gallinae, vermin and menopen and pallidumses. Knock 'em out.

## FEATHERS AND EGGSHELLS.

Be sure to sow the plump gray buckwheat. The brown amounts to little. Sunflower seeds for molting birds, millet for scratching floor stunts, wheat, corn and oats the "staff of life." Good grain in the gizzard brings eggs in the blizzard.

A duck is harder to scald than a chicken on account of down. Have your water right at boiling point. Take duck by head and feet and thoroughly douse. Pick at once.

And now, while talking about sowing, are you always sure to sow seeds of kindness and distribute the fruit, or are you like the old cow that had to be clubbed to bring the lacteal flow?

Eggs smeared with vaseline and kept in limewater get musty. Eggs covered with paraffin and set away in crocks in a cool cellar will give you the reputation of a fool seller.

Some of our Leghorn fanciers feel sorry that only 124 in 600 poultry shows reported the number of fowls present, and they think the Leghorns would have won the first standard if all had sent lists. Never mind, boys; we're it anyhow, and the old Rocks are "jimdandy" too.

We are advised to spade up ground for our ducklings that they may have a "savory meal of worms." We believe in teaching our little ducks to use their own scoop shovels, especially in July and August. The early duck gets the worm.

And now what of those breeders? Is the surplus sold? Don't let those breeding birds go to rags when they were so faithful in supplying hatching eggs. You'll need them next spring, remember.

"Keep Off—The Chicks" should be the sign now at every yard. "Keep In the Cool" should be the kept resolve of every chicken man's wife. Put up the signs, John.

That hot bad smell bursting from the colony house when you open the door in the morning is a death warning. You know what's needed. We won't scold you, but you'll feel bad enough if you keep it up.

The census returns show a general average of sixty eggs a year per hen, while in a test by the agricultural department Leghorns laid 160; Rocks, Reds and Wyandottes each 150 per year. You can do that if you're not lazy or tight.

With apologies to Bobby Burns, who was a good judge of a rooster fight. Those fellows who are preserving eggs and selling them had better look up the pure food laws in their respective states or they may "git cotched." Of course we mean those who are selling them as preserved eggs. We wouldn't give the other fellow a tip—only into the creek.

C. M. Barnitz.

of the Hayes Arctic Expedition, Mr. S. J. McCormick, now U. S. Deputy Mineral Surveyor, Bliss Station, Idaho, says: "For years I have suffered from severe pains in the hip joint and backbone, depriving me of all power. The cause was Stone in the Bladder and Gravel in the Kidneys. After using Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., I was completely cured."

### The Color of the Diamond.

"A peculiar and interesting thing," said an expert, "is the fact that the most beautiful the color of the diamond the more imperfect it is in many instances. In a pile of a hundred yellow diamonds nearly all will run perfect. For years Americans would have only the perfect stones, but now they have learned the basis of selection is brilliancy and beauty and that a small spot, if it doesn't affect the brilliancy, is of no importance. Europeans long have bought their diamonds in this way, for color and not for perfection."—Kansas City Star.

### A Revelation.

It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." The A. H. Place Drug Co.

## THANKFUL PEOPLE.

They Are Found in Every Part of  
New Hampshire.

Many citizens of New Hampshire have good reason to be thankful for burdens lifted from aching backs, which they bore patiently for years. Scores tell about their experience publicly. Here's a case of it:

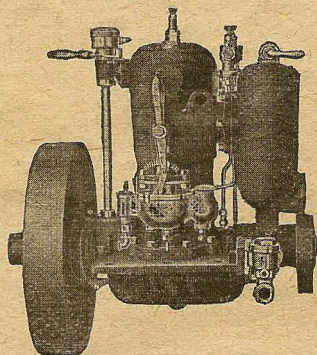

Margaret Mills, of 36 Bridge St., Manchester, N. H., says: "I got rid of kidney complaint and the other troubles which accompanied it, by taking Doan's Kidney Pills, after all other remedies had failed to cure me. I was bothered for about two years, and was often in perfect misery with the dull aching pains across my kidneys. Occasional sharp twinges would catch me when stooping and there was an annoying difficulty with the kidney secretions. I procured two boxes of Doan's Kidney Pills at a drug store, and when I had taken them the pains in my back had disappeared and my health was better in every way. I am strong in my praise of Doan's Kidney Pills."

#### Wanted His Share.

Sir Robert Hart once told of a Chinese servant "boy" he had in his earlier days. Sir Robert's salary having been increased, he was surprised to find that his weekly bills increased, too, without reason. The servant in whose charge they were was expostulated with, but smilingly replied, "Master got chancee —boy got chancee too!"—London Telegraph.

The function of the kidneys is to strain out the impurities of the blood which is constantly passing through them. Foley's Kidney Remedy makes the kidneys healthy. They will strain out all waste matter from the blood. Take Foley's Kidney Remedy and it will make you well. A. H. Place Drug Co.

Dear Sir:—My son was kind enough to give me a very small quantity of your salve, that he calls good for any old-sore. This small sample that he was so very choice of nearly cured my driving horse of quarter crack, and entirely cured him of the scratches, and as Dave is so mean with the sample, I would request that you mail me a box at once, and the bill at the same time. ## NEWMARKET A. & I. FAIR.

### Notes on the Third Annual Fair, and Premiums to be Awarded.

The fair association announces with pleasure that provision has been made for awarding money premiums in addition to specials in the several departments.

Those whose generosity and public spirit prompted them to exhibit articles or things in the past two years which has called forth much favorable criticism from impartial sources, are cordially invited to join with new exhibitors in making the fair larger and more complete this year.

Exhibitors are asked to take into consideration the extremely dry weather during May and half of the summer, with its injurious effect upon crops, realize that by it we were all used in a very similar manner, and not fail to bring the best that they may have of growing plants, vegetables, fruit, flowers, etc.

Arrangements are being made for the manufacture of fifteen large, attractive exhibition poultry cages and the number and variety of local specimens in this department promised for exhibit, show an increased interest. A pure strain of gold-barred Plymouth Rock poultry, perhaps the best east of Indiana, is expected to be one of the most pleasing attractions for poultry fanciers.

The management has let space for Parker's twentieth century merry-go-round. The machine is forty feet in diameter, new and modernly equipped with "lover's tub," etc.

The list of exhibit committees for the year in this and surrounding towns is nearly completed, but owing to the amount of space which is being appropriated this week, it is thought best to defer publishing it until later.

Below is given the first installment lists of premiums to be awarded in the different departments. Other announcements will be made later.

#### THE PRINCESS OF INDIA.

What is announced as one of the strongest and best musical comedies ever sent on the road by Manager Joseph J. Flynn, "The Princess of India," will be the attraction at Hampton Beach Casino all next week. "The Princess of India" has a cast of metropolitan favorites. The story of "The Princess of India," which is to be the attraction at this popular summer amusement resort, is in brief as follows: An old sailor whose daughter was stolen from him when a child, arrives in India in search of his long lost child. The sailor is accompanied by an old friend and life-long companion, who is assisting him in the search. The two friends assume various disguises to conceal their identity and at last succeed in finding the daughter, who has been adopted by a Prince of the island and is The Princess of India. The characters are well drawn and the comedy clean and laughable. Manager Joseph J. Flynn has engaged a cast of metropolitan favorites culled from the ranks of the various big musical organizations that have ended their tours for the summer, with the result that what is said to be one of the best of the excellent companies Manager Flynn has booked at Hampton Beach Casino will be seen all next week, commencing Monday, July 27. Performances will be given every afternoon and evening throughout the week.

## STRAFFORD SAVINGS BANK, DOVER, N. H.

### Turkish General Assassinated.

Salonika, European Turkey.—General Osman Pasha, commander of the Turkish forces at Monastir, was assassinated in the barracks at Monastir, recently, by an officer connected with the "Young Turkey" movement.

The general had just sent out a notification that amnesty would be granted to all Turkish officials who were compromised in the recent mutinous disorders in Macedonia, and this murder, following so closely upon the assassination of General Shemsi Pasha in the same city, in similar circumstances, has created a great sensation.

### Fighting Oil Fire.

Mexico City.—The oil gusher fire at Tampico is still raging but the flames have been confined to the one well by high embankments of earth recently thrown up. An effort will be made as soon as the material can be accumulated to smother the fire by hauling a high dragnet made of sheet iron and rails over the flames.

Twelve fifty-horse power boilers will also help to smother the blaze.

### Money for Missionaries.

Lancaster, Penn.—Scenes of wild enthusiasm attended the closing services at Rocky Springs of the annual convention of the Christian Missionary Alliance district, embracing Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia. More than \$52,000 was received to aid the missionaries.

### Predicts Great Car Shortage.

Washington—"It is not at all improbable," said Chairman Knapp of the interstate commerce commission recently, "that there will be a great car shortage in this country within the next few months. All the railroad men with whom I talk assure me that business is getting better. Fewer and fewer cars and locomotives are idle."

He explained that during the period of short revenues the roads allowed only the smallest possible maintenance and repair appropriations, and properties in some degree deteriorated. When business increases it will have to be handled all at once with an equipment not up to standard.

Others of the commission declared the country is getting ready to see such a congestion of traffic and an inability of the roads to handle it as has never before been known. The reports of increasing car movement comes from all sections and have been coming for the last two months.

### Sentenced for Taking Husband's Cash.

Washington, Penn.—Is it lawful for a woman to steal from her husband?

This is a question that will have to be settled before the county commissioners pay a transcript for \$10.53 presented to them from Charleroi officers.

The woman, Mrs. Rosa Pidaza, was sentenced to 60 days in jail on the charge of stealing a \$20 bill from her husband.

It is understood Mrs. Pidaza will start proceedings against her husband and also against the justice.

### Poisoned by Hair Dye.

Bloomington, Ill.—Alleging that her scalp was poisoned, Mrs. D. W. Miller, a society leader of Wills county, filed suit for \$5000 damages against Mrs. L. M. Rubens in the Wills county circuit court. Mrs. Miller had her hair dyed by Mrs. Rubens and shortly afterwards she became a victim of erysipelas as a result of poisoning.
