Rev. Fr. O'Connor Is Made Pastor Of Durham Parish

Rev. J. Desmond O'Connor, who was recently appointed pastor of the new Catholic parish in Durham to be known as the St. Thomas More parish is moving to his new rectory on the corner of Dover and Bay View roads in Durham this week.

He has served the Durham mission for sometime and will continue as acting chaplain of the Catholic students attending the University of New Hampshire. The new pastor studied at North Yarmouth academy in Yarmouth, Me., at Catholic university in Washington, D. C., and St. Mary's seminary in Baltimore.

He was ordained in 1932 by the late Bishop Peterson of Manchester and has served in Nashua, Berlin, Lancaster and for the past nine and one half years in Newmarket and Durham.

He will say morning mass in the Durham parsonage and two Sunday masses, one at 8 o'clock and one at 11, in Murkland auditorium.

Rev. Richard G. Carignan arrived here sometime ago to serve as assistant. He comes from Nashua and was first assigned to the Newmarket parish 16 years ago when he was first ordained. Bishop Brady disclosed this week that Sacred Heart church in Newfields will become a mission of St. Mary's in Newmarket.

Lee Notes

Fred Laframboise was elected commander of Robert G. Durgin post, No. 87, A.L. Monday night. Robert Carmichael is senior vice commander; Richard Houle, Junior vice commander; Robert Shaw, adjutant; Robert Behan, chaplain; Ellsworth Philbrick, sergeant-at-arms; James Crimmins, historian; Anton Patai, service officer; John Benzulla, assistant service officer; Vernon Forbes, finance officer.

RAMS DEFEAT DEERFIELD 11-4

by Ray St. Pierre

Unleashing an 18-hit attack, the Rams easily downed Deerfield 11 to 4.

Jerry Mongeon, Destie and Labranche led the barrage in getting 11 hits between them, Labranche polling out a double and a triple.

The Rams "kid" battery of 15-year-old Norm St. Pierre and 17-year-old Gil Deshaies was steady and brilliant in spots. It was St. Pierre's third win in as many starts.

The Rams wasted no time as Jerry Mongeon laced the first pitch into center for a single and Bierstro sacrificed him to second. Destie singled Mongeon to third. A run scored on R. St. Pierre's hoist to right. C. Mongeon singled and Labranche doubled scoring two more. Silver reached on an error at second, Labranche scoring the fourth run before the side was retired.

Another was picked up in the third but Deerfield scored two runs in the third when E. White tripled with two mates aboard.

The game was definitely sewed in the 6th when the Rams piled up four runs on five hits and an error.

Especially brilliant on the field was third sacker 'Gracy' Labranche who featured in three double plays for the Rams. During the course of the game the Rams were credited with 17 assists including numerous pick-offs by the new backstop Gil Deshaies.

Mrs. Randall Opens Home Beauty Shop

Lee—Mrs. Pearlina Randall and her husband came to Lee two years ago from Bakerville, Cal., to make their home near Mr. Randall's parents. Mrs. Randall operated a beauty parlor in California for several years and had her equipment shipped on to her new home.

She hoped to sell it, but being unable to make satisfactory arrangements stored it and now that she has seven months old twins, a boy and a girl, feels she prefers to serve customers in her home rather than opening another shop. She does all types of beautician work.

DURHAM NOTES

Rev. Mr. Giddings, the new Episcopal rector, has arrived in Durham and is making his home at 14 Ballard street.

Mr. and Mrs. J. C. Sheldon and two daughters of Phoenix, Ariz. are spending the summer with Mrs. Sheldon's parents, Mr. and Mrs. Walter C. O'Kane.

Delores Marshall Is Shower Guest

Delores Marshall who will be the bride of William H. McKenna soon was surprised last Friday night at a miscellaneous shower given by Mrs. Robert McKenna and Mrs. Laura Stackpole at the McKenna home on Exeter street.

Music was enjoyed. The gifts were presented in a large decorated umbrella. Refreshments were served.

Those present were Johanne Russell, Sophie Pohopek, Alice Bealrato, Avis Stackpole, Ruth McKenna, Florence Stackpole, Mrs. Etta Goud, Mrs. Ethel Proctor, Emery Houle, Wayne Russell, Dick Fernald, William McKenna.

Eight Run First Inning Too Much

by Ray St. Pierre

A big eight-run first inning by the Polish club proved too much for the Independents and marred their debut 10 to 2.

Flynn, Independents' hurler was wild in the opening frame but thereafter allowed the Polishers but three hits.

Frank Homiak was brilliant on the mound for the Club as he fanned thirteen batters and was in control at all times, giving up but one walk.

Haley led off and was hit in the elbow and Gingras walked. Zocchi reached first on an error to fill the bases. J. Pohopek struck out and Grochmal came up with a booming triple to left center clearing the sacks. D. Pohopek singled scoring Grochmal. Dziedziec grounded to second base but a bad throw on the attempted double play left both runners safe. Homiak walked, again filling the bases. Flynn seemed to have trouble pitching from the rubber on the mound as he forced in two runs by walking L. Pohopek and Haley. Gingras doubled knocking in two more runs. Zocchi grounded to second and Haley was thrown out at the plate. J. Pohopek walked and the side was finally retired when Flynn fanned Grochmal.

Another run was added in the second when Homiak walked and went to third on two wild pitches. Haley singled him home on the first of his three hits of the game.

The game tightened as Homiak proved too cagey for the inexperienced Independents. Flynn kept himself in hot water by his wildness issuing a total of ten passes and hit three batters.

A shutout seemed secure when after two were out in the last frame, Wojnar blasted Homiak's blooper ball along the left field foul line for a triple. Wojnar scored as J. Pohopek couldn't find the handle on Bell's ground ball to first. Jablonski drew the only Homiak walk. Hibbert hit to short but was safe as J. Pohopek pulled his foot off the bag, Bell going to third. Gingras then threw badly to home scoring the Bell who had been trapped but Jablonski followed at his heels and was tagged out ending the game.

Big Black Bear Is Seen Vacationing At Sand Pit

Polish Club, Outhit, Wins Over Legion

by Ray St. Pierre

Although outhit, the Polish club scored all their points in two big innings in trouncing the American Legion 10 to 5.

The game was featured by extra base hits as both clubs pounded out a total of 6 doubles, one triple and a home run.

Priest started on the mound for the Legion and found the going rough as the Polishers scored nine of their runs off him on five hits in three and one-third innings.

Priest was wild in the second when the Club scored four runs on one hit, three walks and his own bad throw.

The Polish club smashed six hits for six runs in the big fourth frame after Zocchi led with a booming triple to right center. Dziedziec popped out but Bonafant and Haley both double scoring two. Gingras reached on an error. Record relieved Priest on the mound and was greeted with Grochmal's double and N. Sharples' single before he struck out J. Pohopek. Dola Pohopek and Zocchi reached before Dziedziec struck out to retire the side.

The Legion's scoring was restricted to single runs in the first, fourth, fifth, sixth and seventh innings. G. Burrows clouted a home run for the Legion in the fifth with no one on.

Children's Day Friday

Lee—Jeremiah Smith grange will entertain the children of its members and invited guests at Grange hall Friday afternoon at 1:30. Games will be played, ice cream, cookies and punch served.

Moonlight Sail Next Wednesday

Eastern N. H. Pomona grange is sponsoring a Moonlight Sail around Lake Winnepesaukee for all grange members and their guests Wednesday night, July 30th. The Mountain Washington will leave Alton bay at 7:30 for the three hour trip. A program and dancing is planned.

Cookie Day Attracts Many

There was spirited competition in relay races, ring and basket toss and other demonstrations of skill at the playground Monday for it was the annual Cookie Day. Most of the children won two or three cookies, some boasting about a dozen cookies but part of these were passed around at the close of the afternoon. The mothers were generous in sending cookies and these were ample.

Miss Lanoux was ill this week and Miss Ellen Deem who was in charge was assisted by Mrs. Doris Holt, Mrs. Jeannette Cronker, Mrs. John Nisbet, Mrs. Betty Philbrick, Mrs. Estella Waugh, Mrs. Selma Shaw, and Mrs. Mason.

A big black bear, estimated to weigh 400-500 pounds, was seen last week Friday at the Fillion sandpit, out by the race track on South Main street and since that time tracks of the big fellow's family have been identified.

Wilfred Turgeon was crawling from under the big power shovel when he saw bruin on the top of the bank not more than 25 yards from where he stood. The two eyed each other for about ten minutes. Mr. Turgeon who has worked in the woods for 20 years was not particularly afraid. The bear lumbered off when a state truck pulled into the pit to be filled.

Norman Baillargeon searched the woods for the bear and her family later that day, but felt that because he had no dog with him, he was handicapped. Harold Szack reported seeing tracks of the bear family about 20 yards from a goat tied in a neighboring yard.

The fact the goat was not molested, led the hunters to believe the bears are well fed. John Mitchell of New Village claims to have found evidence of them among the blueberries and blackberries when he has been berrying this season.

It is thought to be the first time in a great many years that bears have been seen so near Newmarket.

Utah Celebrates Its First 100 Years

One hundred years ago the Mormons ended their long and perilous trek from Nauvoo, Ill., to Great Salt Lake basin, Utah. The centennial is commemorated by a stamp issue which will go on sale in Salt Lake City on July 24. Picture recalls moment when Brigham Young made his choice for a settlement.

NEWS BEHIND THE NEWS

By PAUL MALLON

No Recession in Sight

WASHINGTON.—The "mourning doves" are losing current developments and predicting a depression for the last half of this year and the first half of 1948. A contraction of spending coupled with a union campaign against the new labor reform law will hinder both the distribution of goods and their production, say those who always like the bemoaning side of every argument. Continuance of oppressive wartime taxes, they add, will hold down the acceleration of money circulation and profits as well. Our obligations for foreign aid will squeeze us tighter yet, they conclude. The pessimists thus are nearly monopolizing the business prediction news with doleful notes.

These hasty surface calculations should not prove true. Fundamental underlying factors in all the situations are working against these obvious currents.

While the union leaders are loud by threatening political holocausts, they actually are making two year contracts to continue the existing wage-price level. The New York area heavy construction industry signed a 3½ year contract freezing wages and working conditions a few weeks back. This follows the Bellwether agreements in motors, steel and electrical industries which freeze the status quo for the next two years. These agreements were followed by warnings of top union officials like Phil Murray against strikes during the contract period.

UNIONS WANT STABILITY

So while the unions are belligerent in the political field, they are seeking stability at this current economic level in the working field. While they do not mind fighting, they do not intend to lose much work doing it this time—apparently.

While corporation officials are issuing hesitant statements or mostly saying nothing, they are quite obviously making business commitments to see if they cannot make a profit at this level. Nowhere do I see or hear genuine commercial discouragement. As one national corporation executive says: "We are not saying anything because we believe we are entering an untried experimental economic era in which good management may be able to make good money. Statements mean nothing anyway. We are trying."

Worries in consumer buying may prove to be the major problem rather than union politics. Some metropolitan summer resort reservations are off 25 per cent from

last year. Many people are deliberately holding on to their old cars, presumably awaiting evidence that both the management and unions have settled down to serious production business. The sellers' market is coming to an end. Selling no doubt will become the most serious future problem. (The various government and other statistics on national income, for instance those mentioned by Mr. Truman in his tax veto, are not conclusive because the value of dollars has diminished measurably.)

FIRM STOCK MARKET SEEN

An unattached financial man, who made a private investigation of the stock market for the administration, reported it was not likely to do anything sensational before Labor Day. He thought fluctuations would tend toward the up-side gradually, but would depend on the prospects for profits in the various corporations.

Nor is there the slightest symptom of depression in the farm situation. A special survey was made for one of the national trade organizations by its agricultural bureau, and this report predicted farm prices would remain strong and might increase slightly. Farm purchasing power, it added, would be high for the rest of this year.

Since January, the quieter and better business prophets (those not swinging axes for either commercial cutting or grinding) have been saying that as soon as the Republican program was enacted, things would be better. A substantial part of the program failed when Mr. Truman blocked tax reduction. These prophets now say the lack of this added public purchasing power should make little immediate difference and may be remedied next year. They would like to use buckshot on the popular "mourning doves."

GOP Foreign Aid Plan

The Vandenberg suggestion on foreign trade and aid was a soft-voiced and indirect warning that the Republicans are not going to let the Democratic administration run away with the problem. The Republicans are somewhat sensitive on the subject of isolationism. They do not like to be suspected of such, or have their moves classified as such, even unjustly. Hence the Vandenberg statement was woven with alliterative words which may have made it appear as a me-too endorsement of Mr. Truman's state department planning commission.

Fundamentally, however, the proposed Vandenberg line is precisely opposite the projected administration line. The administration is sending Will Clayton to see how much Western Europe can help itself, and then presumably will formulate a big American money program to give those nations what they cannot get for themselves to restore their economic equilibrium. The Vandenberg program proposes to start at the opposite end of the question and ascertain first how much we have to give without hurting our economy.

Veterans' SERVICE BUREAU

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N.W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

Vets Learn New Skills

Watch-making, wood-carving, photography, automotive repair, radio and broadcasting technique, engraving, metal work, jewelry, plastics and leather-working are among the trades being learned by severely injured patients in most veterans' hospitals throughout the country.

These courses not only speed the recovery of the patients and reduce the number of readmissions, but also provide the veterans with an opportunity to contribute to their own livelihood after their recovery.

The program, VA says, is fitted to the individual needs of the patients and to the requirements of each type of hospital whether neuropsychiatric, tubercular or general medical and surgical hospital.

Watchmaking has attracted many seriously disabled veterans and has materially helped in their rehabilitation. Recently a group of 30 veterans completely paralyzed from the waist down because of spinal cord injuries have progressed so well they continue their training at the Bulova school of watch-making in Long Island, N. Y.

Questions and Answers

Q. My husband was in service in 1942 and he had cerebrospinal meningitis. Since that time he has been sick, taking medicine and going to different doctors and to a veterans' hospital. He runs a fever almost every day. He is 42 years old, his blood pressure is 108 and his weight just 110. I don't know just what to do. He gets \$13.80 a month pension and they won't give him work because he is so sick. How can we live on \$13.80 a month and pay his doctors and medicine? Please advise me what you think the right thing to do about this sickness.—Mrs. H. M., Reserve, La.

A. I would suggest that he make application for admission to the nearest veterans' hospital where he can obtain proper treatment at the expense of the government. It is possible that his disability rating may be increased so that he can draw more pension.

Q. I would like to ask a question on beneficiaries. My one and only child served almost five years in the army but never got a day's furlough all the time. He went down at Okla-

nawa. I want to know the reason the parents as dependents do not receive the furlough pay that was justly to be our son's if he had lived to come back. I have had personal talks with a lot of our boys that did come back and every one said we must certainly were entitled to his furlough pay. Please give an answer to my question.—A broken-hearted mother that lost all that mattered in this world.—Mrs. D. C., Snyder, Tex.

A. Suggest that you write to the Adjustment Division, Army Finance Center, Building 204, St. Louis 20, Mo., and explain your situation. We believe you are entitled to all back pay, a six month gratuity pay and whatever other benefits your son had coming at the time of his death. You should also check with Veterans' administration concerning his insurance and, if you are dependent parents and his father is living, you are both entitled to a pension from Veterans' administration.

Q. My grandson was discharged from the army a few months ago and he was to have had his tonsils and appendix removed before. They told him they would let him know as soon as they had room at the hospital. Now he was working in Wisconsin and he had to have his appendix removed in a hurry. The doctor there tried to get him in the vets hospital but they didn't have room for him so they took him to the local hospital. Now they tell him he will have to pay his own bill because he was not in Minnesota. How can we find out?—E. McG., Staples, Minn.

A. It is very unlikely that he can be reimbursed under the law unless he can prove that his appendicitis ailment was service-connected, which would be difficult to prove. The fact that he had contacted the army medics before his discharge might have a bearing and it would do no harm to take it up with Veterans' administration, but VA is not obliged to accommodate non-service connected cases unless they do have room in the hospitals.

Q. How can I get my G.I. bill flight training program extended? My year of training is about to expire but because of bad flying weather this past winter and spring I have not been able to get enough flying hours in to get my commercial rating.—G. W. R., Joliet, Ill.

A. VA states that regardless of delays in your training resulting from bad weather, the flying school that contracted for your pilot training must give you the number of hours of instruction contracted for. Subsistence allotment cannot be extended, however.

Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, uric or too frequent urination sometimes warns that something is wrong. You may suffer aching back-ache, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the century over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

MILLION ACRES SOYBEANS USED FOR MARGARINE

A report just issued by V. L. Lea of the Commodity Economic Research Department, covering intensive surveys in four leading soybean producing states, shows that in 1945 the total acreage of 1,397,727 was needed to produce the soybeans used for the manufacture of margarine. This is an increase over 1936 of over 1,300,000 acres. The report also shows that in 1945 soybean oil used in the manufacture of margarine amounted to approximately 206,643,000 pounds. (Adv.)

STAGE-SCREEN-RADIO

By INEZ GERHARD

MAYBE some day, when a movie producer announces that he will search for an unknown girl who's perfect for the leading role in a big picture, and star her in it, he'll be greeted with the derision that he deserves. Of course nobody who's at all familiar with the workings of the industry believes him, but a lot of "unknown" girls do. They have high hopes of being chosen—then the producer announces that some experienced actress has been given the part. The latest offender is Jesse Lasky; after all the whoop-to-do about the role of "Olga" in "The Miracle of the Bells" he gave it to Valli, the Italian actress who recently made "The Paradine Case."

When John Larkin was in Hollywood he tried to get a bit part in the "Perry Mason" pictures, but didn't succeed. Disheartened, he

JOHN LARKIN

headed for New York, took a radio audition—and now he's the "Perry Mason" you hear on the air!

Dick Jones, the 1943-44-45 "Henry Aldrich," has an important role in the Gene Autrey picture, "The Strawberry Roan," featuring Gloria Henry and Jack Holt. Pictures are nothing new to Dick; he broke in when he was six. He was the voice of "Pinocchio," played the teen-age Sam Clemens in "The Adventures of Mark Twain," and recently completed a featured role in "The Chase."

Probably the briefest romantic role in movie history is Paul Bradley's in "The Unfaithful." After appearing for exactly two minutes as Ann Sheridan's lover he meets death at the hands of an assassin, and becomes "the photograph of a corpse."

Many of the tunes you hear in Western movies are written by Red Foley, the singing guitarist of "Grand Ole Opry." In all he's written 91 of them, one of the best being "Old Shep," written when his favorite dog died.

Conrad Nagel, narrator on "Silver Theatre," seldom, if ever, fluffs a line on the air, but he does it just often enough during dress rehearsals to scare the cast. "And now, 'Silver Theatre,'" said he recently, and they shuddered.

Dennis Morgan and Jack Carson used up 10 pounds of crepe beards in comedy sequences for the Warner Bros. Technicolor musical "Two Guys From Texas." Figure it up—a shoe box full of crepe weighs only two ounces.

ODDS AND ENDS—Bette Davis has given her big stamp collection to the veterans at Birmingham hospital. . . . Ray Milland began his Hollywood career as a talent agent. . . . RKO's "It's a Wonderful Life" was adjudged by the General Federation of Women's Clubs "the best picture of 1946-47 that portrays the highest ideals of American life." . . . Jack Oakie returns to films as the comedy lead in "Stampede," which will be filmed at the Duke of Windsor's ranch in Alberta, Canada.

TESTS show that Champion Farmer Renk's Firestone Champion Ground Grips will clean up to 100% more effectively, pull up to 62% more, last up to 91% longer, and roll smoother over highways than any other tractor tires.

Only Firestone Champion Ground Grips are made with connected curved traction bars. The curves . . . and the connections . . . give the bars far greater strength than those on any other tractor tires. They eliminate the excessive bending and wiping and rapid tread wear of broken center tires. The curved bars cut into the soil with a sharp, plowlike action. Mud and trash fall freely from tapered openings between these powerful traction bars. The continuous contact of the connected curved bars with the highway insures a smoother ride.

Like Champion Farmer Renk . . . and other cost-conscious farmers . . . you will get more pulling power and longer life if you specify Firestone Champion Ground Grips for your new tractor . . . or buy Champions for your present tractors.

THE UNFAITHFUL

MARKETING

with Marjorie

On warm days, rise before the thermometer does, and you'll shine as a cook without getting all hot and bothered! Just serve dishes you can fix early in the morning and heat up at mealtime. Here are a few that will help you keep cool, calm . . . and collect compliments:

BEANS AT THEIR BEST

Add 1 tbsp. prepared mustard to 1 can ANN PAGE BEANS WITH PORK. Sauté 1 medium onion (finely cut) and 1 medium apple (unpeeled and chopped) in 1 tbsp. fat, and mix with beans. Bake in casserole in moderate oven, 375° F., 20 minutes. This recipe makes enough for 4 servings, but ANN PAGE BEANS make you want more . . . they're so tender and tasty. Better buy a few extra cans next time you're shopping at the A&P.

DANDY FOR "DOG DAYS"

It's never too hot for "hot dogs" at my house. I split them, spread the cut side with mustard, and fill with cubed American cheese. Then I wrap a piece of bacon around each one, fasten with a skewer and broil until the bacon is crisp and the cheese melted. Come roll call, I tuck them into toasted MARVEL FRANK-FURTER ROLLS from the A&P, which are so fresh and delicious my family tucks them away by the dozen.

APPETITE BAIT

Fish is so light and digestible I serve it often in summer, varying the sauce like this: To 1 cup of medium white sauce I add a tbsp. of ANN PAGE PREPARED MUSTARD or 6 to 10 sliced SULTANA OLIVES or a tbsp. of ANN PAGE GARDEN RELISH. I always keep these thrifty "pepper-uppers" from the A&P on hand, so I'm never at a loss for a sauce.

ICY AND SPICY

Ice and spices make tea mighty nice . . . especially when it's as invigorating as the famous, Flavor-Tested teas sold only at the A&P: OUR OWN, NECTAR and MAYFAIR. Try serving one of these fine blends over spiced tea cubes made this way: Add 3 cups briskly boiling water to 1½ tbsps. tea, 1 tbsp. whole cloves and 3 lemon slices. Steep 3 to 5 minutes; strain; add ¼ cup orange marmalade. Freeze in ice cube trays, place in 5 glasses and pour freshly made tea over them.

There is always that satisfied look when eating

WILD WEST and THE VERDICT

DEATH

Mrs. Mary Ann Mathes

Mrs. Mary Ann Mathes, a former Newmarket resident, died last week Wednesday at the Chennoy Allard Convalescent Home in Lowell where she has spent the last five years. Funeral services were held from the Brown and Trotter Funeral home Saturday at 2 o'clock with Rev. Clinton W. Carvell of Andover, Mass. officiating.

The bearers were Walter Hill, Owen Hinkley, Raymond Rousseau, Donald Campbell. Interment was in Riverside cemetery where Rev. Mr. Carvell said prayers.

Mrs. Mathes, widow of George M. Mathes, a Newmarket Police officer, resided in Newmarket about 40 years, living on Exeter street. She was the daughter of Michael and Hannah (Burbridge) Martyn, born in Nova Scotia Oct. 10, 1873. She was employed by the Newmarket Manufacturing Co. in Lowell for many years.

She is survived by a daughter, Mr. John Hill of Lawrence, and a sister, Mrs. Leland Moses of Keene.

Florence Rondeau is Surprised at Shower

Miss Florence Rondeau was surprised last Thursday night at a pre-nuptial shower given by her cousin, Miss Norma Neal. Miss Neal was assisted by Miss Theresa Hamel and Miss Mary DeAngella. The house was decorated with crepe paper. The honor guest was showered with miscellaneous gifts. Games and refreshments were enjoyed.

Those present were Arlene Camire, Marjorie Johnson, Natalie Wheeler, Sophie Picuch, Theresa St. Laurent, Rita Baillargeon, Mary Ryan, Mary DeAngella, Theresa Hamel, Dorothy McGreevey, Miss Rondeau and Miss Neal.

Mr. and Mrs. Robert Loughlin were at the home of his parents on Exeter street this last weekend. Mrs. Loughlin arrived early in the week and Mr. Loughlin joined her for a brief leave from Maryland.

There was a christening party recently at the Mitchell home on Epping road. Robert Mitchell Eddy, year old son of Mr. and Mrs. William B. Eddy of Atlanta, Ga., was christened by Rev. Ernest A. McKenzie, pastor of the Community church.

BOBBY SOX

By Marty Links

"Just a moment, and I'll tell you whether or not I want nuts on it!"

TOO MUCH TO BEAR

Two matrons, chatting over lunch, were discussing a mutual friend. "What's bothering Sally?" asked one lady. "She looks furious."

"Oh, she's trying to reduce and she just weighed herself on one of those scales with the new speaking attachment. . . ."

"And what happened?" interrupted the other.

"Well, when she stepped on the scales, the voice said, 'One at a time, please!'"

Clever Dodge

Hubby went out with the boys one night and before he realized it the morning of the next day had dawned.

He hesitated to call home and tell his wife. Finally he hit upon an idea.

He phoned his wife and, when she answered, he shouted: "I'm back. Don't pay the ransom."

A Cover Up

Young Hubby—Dear, do you know that many a carpenter's mistakes can be covered with a little putty and paint?

Young Wife—I use mayonnaise to cover mine!

He's There Already

"As I understand it," said the Pacific islander, "you propose to civilize me?"

"Exactly so."

"You mean to get me out of habits of idleness and teach me to work?"

"That the idea."

"And then lead me to simplify my methods and invent things to make my work lighter?"

"Yes."

"And next I shall become ambitious and get rich, so I shan't have to work at all?"

"Naturally."

"Well, what's the use of taking such a roundabout way of getting just where I started? I don't have to work now."

Dough Helps, Too

Joe—Making love is like baking an apple pie.

Moe—How do you figure that?

Joe—All you need is applesauce and crust.

Well Loaded

Hostess—Won't you have some more ice cream, Paul?

Paul—No, thank you, I'm full.

Hostess—Well, put some candy and fruit in your pockets to eat on the way home.

Paul—No, thank you, they're full too.

Identification

Said the maid to the actress: "There's a man at the door who insists on coming in."

"Did you ask him for his card?"

Inquired the star.

"Yes, but he only laughed and tried to kiss me."

"Oh, let him in," said the actress. "That's my husband."

KIND TO ANIMALS

Mother—Now, before you get serious with him, be sure he is always kind.

Daughter—Oh, I'm sure he is. I heard him say he put his shirt on a horse that was scratched.

Trouble-Maker

The gentleman had sent for the plumber to fix an upstairs faucet, and as he and his wife started downstairs they met the plumber coming up. The gentleman said:

"Before I go downstairs I would like to acquaint you with the cause of the trouble."

The plumber politely removed his hat and murmured:

"Pleased to meet you, ma'am."

Lots of Practice

The elderly lady felt she was being cheated on the fare and was arguing with the driver. "Don't try to tell me, my good fellow," she declared loftily. "You know, I haven't been riding in taxis for ten years for nothing." "Maybe not," replied the taxi driver sarcastically, "but I'll bet it wasn't because you didn't try."

Well, Isn't It?

Professor—What is the opposite of gladness?

Class (in unison)—Sorrow.

Professor—And what is the opposite of woe?

Class (still in unison)—Giddap.

BEFORE HIS TIME

Foreman—Now, then, hurry up! Worker—All right, boss. But Rome wasn't built in a day.

Foreman—Maybe not. But I wasn't foreman on that job.

Same Thing

Benton Bustleberry was out briskly pushing the baby cart when a neighbor inquired:

"Out airing your son, Bustleberry?"

"Not exactly," replied Bustleberry. "I'm out sunning my hair."

Better Hide It

"Say, Bill," he asked, "why don't you get a move on? Don't you want to build a reputation?"

"No, sir," replied Bill, stepping aside and casually wiping off his oil can spout on a bit of waste. "I'd like to get rid of the one I've got!"

Needed a Map

Husband—Well, my dear, I have carried you safely over all the rough places of life, haven't I?

Wife—Yes, and I don't think you missed any of them.

Sudden Inspiration

"How long have you been working here?"

"Ever since the boss threatened to fire me for being lazy."

Different Viewpoint

Tom—She's as pretty as a picture.

Doris—Yep, and I'd sure like to hang her.

NATURALLY

George, a six-year-old boy, had returned home from his first day of school. "Who is the smartest one in your class?" his mother asked him. Naturally, all expected him to say he was, but he promptly replied: "Why, the teacher."

Peace Offering

"My dear! What a lovely coat. It must have cost a fortune!"

"No, only a kiss."

"One that you gave your husband?"

"No; one that he gave the maid."

Fun to Break Rules

Traveller (to waitress)—I see tipping is forbidden in this restaurant.

Waitress—Bless your heart, apples were forbidden in the garden, too.

NEW PERIL

Tourist in western town—I suppose men still die around here with their boots on?

Sheriff—Yep, but 'tain't from six-shooters now as much as from six cylinders!

SILENT SAM

GOT OVER IT

"When I was a young man," said a father to his fun-loving son, "I worked 12 hours a day."

"I admire your youthful energy, Dad," said the boy, "but I admire still more the mature wisdom that led you to stop it."

Shocking Reading

"What happens when one mind reader has a date with another mind reader?"

"Oh, they just all around and blush all evening."

Too, Too Much!

The returned vet's wife—"Honey, darling, since you had three helpings of my first blintze, I'm going to bake some more for you tomorrow. Won't that be just too . . . darling, speak to me, please, darling, open your eyes."

Better Brains Wanted

Older Sister—Now, Bobby, I want you to behave tonight. I have a new boy friend.

Bobby—I sure hope he is smarter than the others, because I've got some homework for tonight.

NEWMARKET BRIEFS

Mr. and Mrs. Leo Pelletier of 7 Lincoln avenue have moved to Salem, Mass. and Mr. and Mrs. Fred LePage will move into this rent shortly.

A son, Warren Leon, was born to Mr. and Mrs. Warren I. Russell of 7 Grape street early last Thursday morning at the Exeter hospital.

A daughter, Linda Christine was born to Mr. and Mrs. Gerard Jordan at the Exeter hospital Saturday. Both mother and baby are doing nicely.

Bonnie Marshall, daughter of Mr. and Mrs. Thomas Marshall, celebrated her second birthday last

week Wednesday with a party. She received many gifts. There were favors for each little guest and a birthday cake featured the refreshments. Guests were Danny Labranch, Jimmie McKenna and Judy Hoik.

The engagement of Miss Marjorie French of Exeter to Alfred Piecuch of Durham, son of Mr. and Mrs. John Piecuch, was announced by the bride's family recently.

It took the local Fire department just six minutes from the time the first fire whistle blew Sunday morning to have water on the fire in Mrs. Emily Starr's on Exeter street. The fire originated in the gas stove and was extinguished without serious damage.

Rams Rack Up Fourth Win

by Ray St. Pierre

The Rams racked up their fourth straight Two-league win in easily vanquishing Newfields 8 to 3.

It was young Norm St. Pierre's second win in as many starts as he set down Newfields with six hits, five coming in the last frame.

Newfields drew first blood as they took advantage of the Rams erratic start to score a run on two errors and no hits.

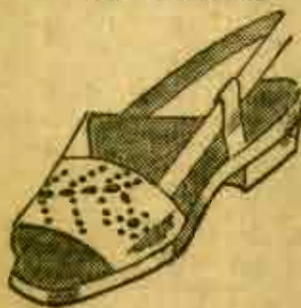

The lead soon changed hands as the Rams tallied three times in the second canto on only one hit and two Newfields errors.

In the third, the Rams' big guns boomed again as Dottie led off with a tremendous triple to center and Ray St. Pierre followed with a single scoring Dottie. C. Mongeon walked and Ross singled to fill the sack. Valliere struck out but Jerry Mongeon singled home another run before the fire was squelched when Wiggin fanned N. St. Pierre and picked Mongeon off first.

The Rams sparked in the fourth as they again did offensively scoring three more runs in the fourth on hits by Pelletier, R. St. Pierre and C. Mongeon coupled with two more Newfields miscues.

Newfields rallied in the last inning as St. Pierre lost control due to the baseballs having become thoroughly soaked in the wet outfield. Wiggin led off with a single and Sharp followed with a double scoring Wiggin. Cliffin singled and Smith flied to left. Merrill doubled home two more runs and was followed by Cronshaw's pinch single scoring the final Newfields run.

Earl Charest recently donated games of beano, baseball, Tinker toy and Easy Money to the playground. Mrs. Stevens sent ice cube popsoles to the grounds for the children one hot afternoon.
