THE HOMETOWN WEEKLY NEWSPAPER FOR NEWMARKET, DURHAM, LEE and MADBURY

VOL. I, NO. 45

GREAT BAY AREA, NEW HAMPSHIRE

THURSDAY, AUGUST 7, 1947 #11-0447 PRICE, 5 CENTS

NEWMARKET TO HAVE LOWER TAX RATE

Baseball Field To Be Repaired This Season

Durham Day Custom Is Being Revived Aug. 23

Durham Day, formerly an annual event, will be revived this year with a picnic on Saturday, August 23, at Chesley's grove.

David Ninde is permanent secretary of the picnic committee. Other assignments are: Lyman J. Batchelder, preparation of refreshments; Perley Fitts, ice cream; Mrs. M. M. Smith and Mr. and Mrs. Robert Webster, publicity; Malcolm Chase organization

of help from the local American Legion post; Forbes Getchell, water and boat activities. Henry Davis is in charge of transportation to the picnic.

Durham Day, which corresponds to Old Home Day celebrations in other towns, will be observed as an old-fashioned basket picnic. Hot dogs, coffee and ice cream will be sold on the picnic grounds and the committee will prepare fires where families may cook their meals.

Oyster River Club Is Sponsoring Bass Contest

The Oyster River Fish and Game club is sponsoring a Striped Bass contest between July 8, 1947 and October 15, 1947 in the Great Bay watershed above the Interstate bridge in Portsmouth. The contest is open to anyone. The fish must be caught on rod, reel and line or handline with any kind of lure or bait.

The contestants will have to have "good" fish stories which will stand up, however, for the bass must be weighed in and measured at one of the designated stations. These stations include: Rene's Sport shop, Newmarket; Deen's Sport shop, Hobby shop, Exeter;

Hardware House, Durham; Garland's Sport shop, Newington; Neal's Hardware, Dover; or Jackson's Hardware, McDonough's Sport shop, Peavey's Hardware, Portsmouth.

There will be prizes for the largest, the smallest, the heaviest and the lightest bass. Prizes include rods, reels, lines, lures. Prospective contestants may purchase entry cards now and if they do not catch a bass during the season may enter their empty card for consolation prizes. Entries may be made with Paul Gilman of Durham, secretary of the Oyster River Fish and Game club.

Playground Children Go to Hudson Tuesday

The children who have attended the Newmarket Municipal playground this summer will climax the season Tuesday with a bus trip to Benson's Animal Farm in Hudson where they will see the animals being trained for circuses at 11:30, enjoy a picnic lunch at noon and have ample time in the afternoon to see the animals and enjoy the farm.

Busses will leave Newmarket at 8:30 in the morning with several mothers assisting Miss Ellen Deem and Mrs. Irene Dominguez in supervising the children. The Civic department has raised sufficient money through its Tag Day and Penny circus to supply the busses. The children, however, will each be required to pay 25 cents admission. (Continued on page 5)

NEWMARKET BASEBALL

by Ray St. Pierre

Twilight League Games

Tuesday, August 12, Legion vs Newfields.

Wednesday, August 13, Polish club vs Independents.

Thursday, August 14, Independents vs Rams.

Rams-Deerfield To Play Saturday

The Rams hope to get back on the win trail when they face the Deerfield Town team at High School field Saturday, August 9 at 2:30 p.m. The club will be idle on Sunday.

In their first encounter, the

Rams were victorious 11 to 4 but Deerfield is expected to invade Newmarket with strong reinforcements and will give the locals some very stiff competition.

The Rams hope to be at full strength and some lineup changes may be made as a result of this week's dismal showing in the local Two-league. Most of the club has been in a batting slump and not at their best defensively but in this game the team will be trying to shake loose.

Norm St. Pierre will probably be on the mound and will be looking for his fifth win in six starts. (Continued on page 5)

Officials Vote For Immediate Repairs

Work will begin soon on the new baseball field for Newmarket which it is expected will equal any field found in New England towns the size of Newmarket. The concern which is contracting to dig proper drainage and to lay out the engineer work is expected any day. A second concern will do the grading according to specifications.

The matter of the baseball field was brought before the special school district meeting last month and while the School board and Selectmen expressed sympathy with the project, they could not see at that time any legal way to raise money to begin the work this season.

They have since met together and received permission from the N. H. Tax commission to take the necessary money from special funds. The work will progress as rapidly as possible and while they cannot guarantee the field will be ready for this season, they hope local players will have a chance to try it out before cold weather sets in.

Durham Tax Rate Is Set at \$29.

Durham—A tax rate of \$29, one dollar more than last year's rate, has been approved for the Town of Durham by the State Tax commission. Town Clerk Arthur P. Stewart said that tax bills would begin going out within a week.

Jonathan Osgood Superintendent In Somersworth

Jonathan A. Osgood of Epping was nominated for the post of superintendent of school supervisory union No. 26 this week. This union includes Milton, Madbury, Somersworth, Rollinsford and Durham. He is replacing Austin J. McCaffrey who is the new superintendent of schools in Manchester.

Mr. Osgood is a native of Loudon, a graduate of Pittsfield High school, University of New Hampshire, and has attended University of Wisconsin, Cornell University and New York University. He has a master's degree.

He has served as submaster at Raymond and Walpole, headmaster in Weare and since 1942 as superintendent of schools in Epping and neighboring towns.

Rev. John Guyer To Preach Sunday

Rev. John Guyer of Buffalo, N.Y., who is spending the month with his family at Nyctobay on Great Bay will preach again Sunday at the Newmarket Community church.

Miss Esther Varney of Dover will sing. Morning worship service is at 11 o'clock.

Supervisor of Craft Training Department

MISS MARION R. MOODY

The New Hampshire Society for Crippled Children and Handicapped Persons announced today that Miss Marion R. Moody of the staff of the University of New Hampshire had joined the Society's staff as supervisor of the Craft Training department.

Miss Moody, a resident of Dover, has been assistant in crafts in the University's Arts department for the last five years, teaching crafts to students occupational therapy for use in their later work with crippled and handicapped persons.

As supervisor of the Craft Training department, Miss Moody will travel all over New Hampshire from her Nashua headquarters. She will be responsible for the instruction of home-bound crippled and handicapped persons in crafts by which they may become partially or fully self-supporting.

Delores Marshall First Bride Among 1947 NHS Graduates

Miss Delores Marshall, daughter of Mr. and Mrs. Thomas Marshall, was the bride of William H. McKenna Saturday morning at 10 o'clock at the parsonage of the Newmarket Community church. Rev. Ernest A. McKenzie officiated.

Mr. and Mrs. Roert McKenna were witnesses and members of the immediate families were present. The young couple spent the weekend in Boston and are making their home at The Ledges, 5 Chapel street. Mrs. McKenna was graduated from Newmarket High school in June and is the first member of her class to be married.

Schools to Reopen Wednesday, Sept. 3

Newmarket schools will reopen Wednesday, Nov. 3. Headmaster, Andrew J. Crooker, Jr., of the High school will be in the High school office Monday and Tuesday, August 25 and 26, to meet with those pupils desiring to enter grades 7-12 and who have not previously registered.

Increased Revenue Aids Taxpayers

The tax rate for Newmarket will be established this week and after it has been approved by the N. H. State Tax commission, will be made public. The local Selectmen stated this week, however, that the rate will be lower than a year ago because of the new revenue from the state educational fund and because of the increase in stock and trade valuations.

The Selectmen were held up at several points this summer in preparing the tax rate and have received permission for a 15 day extension. They have their figures well in hand now and hope to go to Concord soon.

The State Tax commission recommended at the Spring meeting that all real estate assessments be 30 percent higher than they were before the war because the value of real estate has risen in this proportion. Newmarket valuations were raised 10 percent some time ago and a second 10 percent, which is not as much as the state recommends, is being added this year.

According to a vote taken by local persons at the March Town Meeting, only one percent discount is being allowed for immediate payment of taxes this year. A three percent discount has been given in recent years.

Local Marines To Elect Monday

There will be a meeting of the Bernard-Zuk Detachment of the Marine Corps League at the American Legion hall at 8 p.m. Monday. This meeting will be for the purpose of discussing plans for attending the MCL State Convention at Manchester, on Sept. 6 and 7.

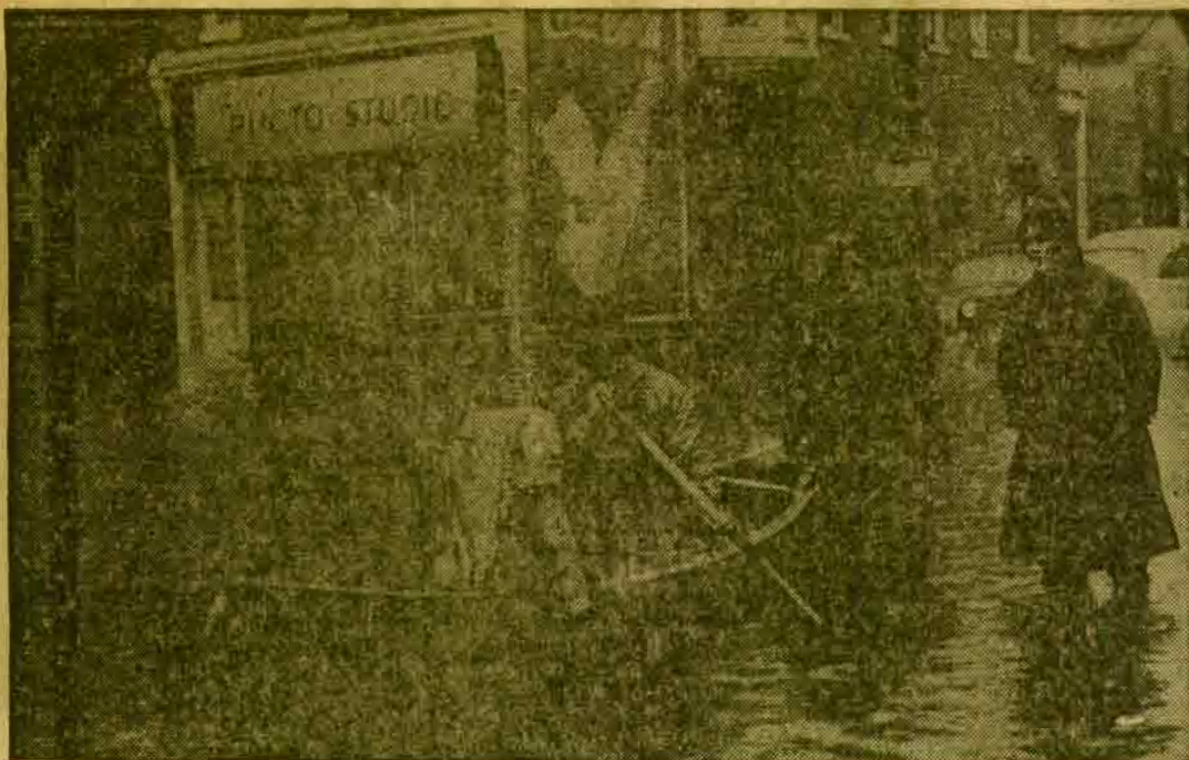

It is expected that State Commandant Archie Kilpatrick will be present to officiate at the election of officers and to aid in getting the Detachment off to a flying start. All members are urged to be present at this meeting and all eligible Marines and ex-Marines in this area are cordially invited to attend and if they wish become members. (Continued on page 10)

Martha Davis Is Touring Mexico

Lee—Miss Martha Davis who made a solo motorcycle trip last summer from Long Beach, Cal. to visit her father, David Davis, and her brother, Marvin Davis, at Pine Row Farm in Lee Hook is now in Southern Mexico.

She is with a group of young women who are touring Mexico on bicycles with an American Hostel leader. Six of the group are from New Hampshire and Massachusetts and the rest from Western states.

They all met in Laredo, Texas, and went by bus to Mexico City from where they started on bicycles.

RECORD RAIN FLOODS ERIE . . . Small boats were brought into service at Erie, Pa., when a record nine and one-half inches of rain fell in eight hours. Two feet of water deluged city at height of the flood, as more than 20 families were evacuated from low-lying areas. It was estimated that damages caused by the flood would be about a million dollars. Light and telephone service was disrupted in some parts of the city, but power, gas and water supplies continued to operate.

CINDERELLA MAN . . . Ross Lockridge Jr., professor of English, father of four children, was down to his last \$100 when he heard that his first novel, "Rain-tree County," had won Metro-Goldwyn-Mayer novel award — worth \$150,000.

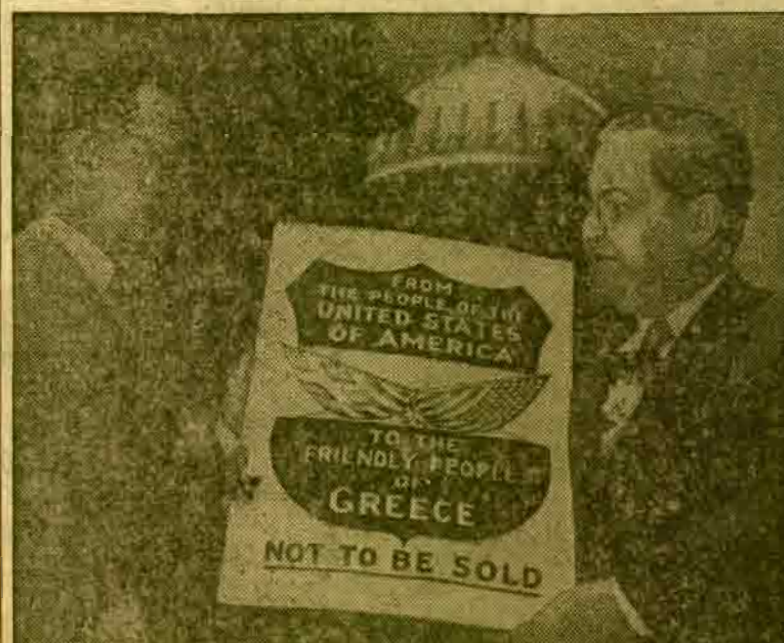

LEADS DUTCH FORCES . . . Lt. Gen. S. H. Spoor issued an order of the day announcing opening of hostilities between Dutch forces and Indonesian troops, following collapse of negotiations between Dutch and Indonesian governments.

SEEK WORLD'S OPINION . . . Eugene Pulliam, Indianapolis, Ind., newspaper publisher, and his wife scan world atlas preparatory to leaving on world tour to find out what the plain people all over think of the United States.

LONG AND THE SHORT . . . Bellhop Raymond Karns (5 ft. 1 in.) looks to be strictly out of his class in the company of these towering cuties, all six feet tall. They are among the members of 15 social clubs from cities all over the country organized exclusively for males at least six feet four inches tall and girls who extend at least six feet into the air. Attending a convention at Los Angeles, they discussed problems of short beds, clothes, chandeliers, low ceilings and making friends.

LABEL FOR GIFTS TO GREECE . . . Rep. Leo E. Allen (Rep., Ill.) and John Baer, cartoonist and former congressman from North Dakota, display the emblem submitted by Baer for house approval in connection with a bill introduced by Allen for the labeling of all goods donated by the U. S. to the relief of war-torn countries. The measure would provide that indelible markings on all such gifts tell their origin, destination and unsalability.

Schools Study Saving of Soil

Conservation Made Part of Curriculum in Early Grades in Iowa.

DES MOINES, IOWA.—Soil conservation is now an integral part of the curriculum in Iowa's schools. In the classroom, on field trips and in special projects, a majority of the state's 48,000 rural school children are being taught "to see that civilization moves, survives or disappears with the fertility of the soil."

The first year of a three-year experimental program ended with the close of school this spring and Iowa students, for the first time, found 40 questions dealing with soil conservation and related problems on their state examination papers.

A committee of educators and soil conservationists worked together in drawing up the course outline. Miss Iva Green, state supervisor of rural education, said that it was hoped that a permanent program could be set up from a study of the three-year experimental plan.

Plenty to Observe.

There is no lack of opportunities for first to eighth grade children to see in the rolling, fertile farm lands that surround their little schools some of the things they have studied in the classroom.

They study soil samples to see their various compositions. They are taken to fields where erosion has slashed deep ditches or where water stands in fields not properly drained. They may observe a pasture which is overgrazed and filled with noxious weeds.

Various methods of preventing soil erosion are explained and the teacher, if the opportunity presents itself, may take her class to see a contour plowing contest or to look at grass plots sponsored by the soil conservation commission for stopping bad erosion.

The children are encouraged to question their parents and other farmers in the area about the history of their lands. In some classes pupils are asked to draw maps of the farms on which they live showing the running streams, dry creeks, gullies and ridges. They are asked to report on the conservation practices on their farms.

Wild Life Studies.

Studies of wild life, an important part of the course, help hold their interests. The Iowa State Conservation commission works closely with the schools, and runs in its monthly publication stories on some phase of wild life included in their studies.

Miss Green said there had been a "decided increase" in building of shelters and feeding stations for wild birds and game. She said she had received enthusiastic letters

Army Air Force Radar Saves Planes, 240 Men

WASHINGTON. — Army air forces credits its highly prized instrument landing equipment with having saved 240 aircraft crewmen from an unwelcome—and perhaps costly—mass parachute jump over the Azores.

The men were aboard 12 planes, including nine B-29 Superfortresses, returning from a tour of Europe. They encountered unusually rough weather coming in to the Azores, which for a time had pilots debating whether to crash land in the ocean or take to parachutes and abandon millions of dollars worth of equipment.

AAF, however, put 100 per cent reliance on ground control approach radar equipment at Lages field, the Azores, and all the planes were brought in safely.

and poems from children describing wild life in their area.

How deterioration of the soil has a direct bearing on the welfare of the child is stressed early in the training course. The teaching outline suggests that teachers have their classes make lists of things which the pupils or their parents need in the home or on the farm.

Then they are shown how not only the money to buy such things but also the basic products from which they are made come from the soil.

700 Parts Make Motor Perform Its Functions

In a typical six-cylinder engine, there are approximately 700 different parts. In size they range from the cylinder block, weighing around 150 pounds, to bolts and nuts weighing only an ounce or so each. This typical six-cylinder engine, when assembled and ready to be "dropped" into the chassis of a car, weighs 525 pounds.

Major parts of an engine can be classified easily through their method of manufacture. Cylinder blocks and cylinder heads, for instance, are of cast iron. They are cast through the process of pouring molten metal into a mold. Some pistons are of cast iron, others are of cast aluminum.

More than 680 pounds of metal are needed to produce a "bare" engine—without accessories such as generator, carburetor, et cetera—for a passenger car. The "in-the-rough" materials that go into a typical car, for example, include: Steel, carbon and alloy, 266.1 pounds; copper products 9.3 pounds malleable castings, 4 pounds; gray iron castings, 406.9 pounds, and a small amount of aluminum and tin.

Thousands of different operations and hundreds of different inspections and tests are necessary before all the components of an engine are ready for assembly.

SEWING CIRCLE PATTERNS

Button Fronter for Matrons Little Girl's Two-Piece Dress

1660
34-48

Matronly Frock

BEAUTIFULLY easy to wear—and such a joy to care for is the flattering button front frock. This one, created for the matron, has a soft, face-framing sweetheart neckline, nicely shaped sleeves and a perky bow tie.

Pattern No. 1660 comes in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, 4 1/4 yards of 33 or 35-inch.

Brigadoon Plaid

As Scotch as heather are these brigadoon plaid slippers featured for back-to-school and fall wear. They're inspired by a Broadway show and come in two styles for misses and one for children. They are made of clan plaids in blue, brown or red. The butterfly vamp style is made for misses and the play shoe type for children.

Use of Paper Containers

Although developed in 1906, little use was made of paper containers for milk until about 1935. The advantages of the paper containers are that they relieve the storekeeper of the chore of handling empty bottles and refunding deposits. They also weigh less than glass bottles and take up less space. A 12 bottle case of milk in glass containers weighs 61.5 pounds, while 12 bottles in paper containers weigh only 32.5 pounds. A truck of 1.5 tons capacity can carry 120 cases of milk in glass or 300 cases in paper. They also require less refrigeration and use less refrigerator space.

Saving the Milk

Milk should be stored in the refrigerator upon delivery, as light destroys some of its riboflavin, vitamin G.

One Bath Costs \$6,000 to Forgetful Safe-Owner

SAN JOSE, CALIF. — William Herwig took a \$6,000 bath, he told police.

"I wore the key to my safe on a cord around my neck," Herwig explained, "but I took it off and laid it on a table while I bathed."

While he washed the \$8,000 vanished from the safe, he said.

Minute Make-Ups

By GABRIELLE

Increase finger beauty and lessen stocking snags! Brittle nails are a serious risk to both. Work in generous amounts of brittle-nail cream at the bases and sides of nails each night. Removal of the polish is not necessary if the "moons" are not lacquered. Give the nail base, around the "moon," special massage and extra amounts of the cream. Protect your linen by wearing loose cotton gloves while you sleep.

Household Hints

To freshen a shabby gilt picture frame, apply the white of an egg with a soft brush.

Spread an old sheet over the floor when small children are cutting pictures from magazines or making paper dolls. It will save their clothes, keep cuttings off the rug and can be rinsed out when soiled.

To clean soiled wallpaper quickly, dip a clean cloth into dry powdered borax and rub it all over the soiled parts.

Remove the wrapper from a bar of soap and let the bar dry and harden before you use it. Hard soap lasts longer than does soft, moist soap.

Holes in Your Macaroni A Delicate Machine Job

Who makes the holes in macaroni? No one, they are made by machine. The macaroni dough is forced through metal dies containing numerous small holes that have a central core—something like a needle valve of a carburetor. This needle valve forms the dough into a tube.

Then this tube of dough is dried, with the hole left by the "needle," still in it.

BUBBLE CHAMPS CHEW BUB

—and parents approve this laboratory-pure, foil-wrapped, quality bubble gum!

Joseph Burns, prize-winner in recent contest, says: "We bubble champs pick BUB, because it makes bigger, better bubbles!" His mother, Mrs. Margaret Burns, adds: "BUB always looks so sanitary in its silver foilwrapping. I thoroughly approve of Joseph chewing BUB."

BUB meets all Pure Food requirements! It's made entirely in the U.S.A.—under the most sanitary conditions!

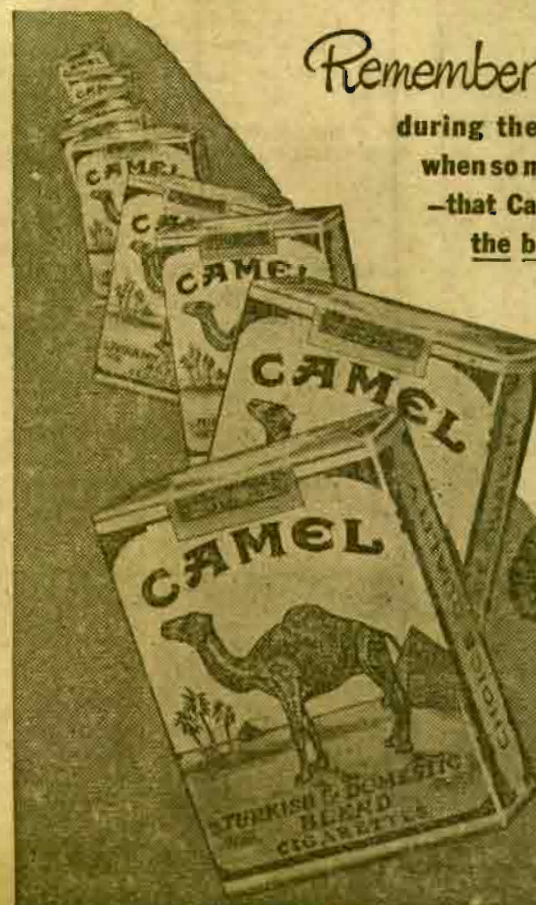

If your dealer does not have BUB Bubble Gum, send us his name and address along with your name and address and 30¢ and we will mail you 5 packages of delicious BUB Bubble Gum. This offer good until Aug. 31, 1947 only.

Champions like Joseph Burns say: Look for the Yellow Package with the Big Red Letters!

—quality!
—purity!
—bigger,
—better
—bubbles!

Remember —all the different brands you smoked during the wartime cigarette shortage? That's when so many people discovered—from experience—that Camels suit them best. Yes, experience is the best teacher. That's why...

More people are smoking CAMELS than ever before

Experience is the best teacher!

LEE NOTES

Grange Dance Fridays

Jeremiah Smith grange is running a dance every other Friday night with whist and beano on alternate Fridays. Proceeds will go toward a Christmas party for the Lee children and improvements in the hall. Refreshments are served

and there is good music by a three-piece orchestra.

James Phalen is reported slowly improving at the Lewiston, Me., hospital where he will be confined for some time.

Twenty members of the Gloucester Women's club chorus came from Gloucester, Mass. last Thursday to spend the day with Mrs. Laura Hull who for many years was director of the chorus. The group enjoyed a picnic lunch on the spacious lawns and enjoyed helping their hostess celebrate her birthday.

Mrs. Philip T. Brown of Quincy, Mass. has visited her sister, Mrs. Helen None.

Miss Millicent Shand of Springfield, Mass. is spending the summer with her uncle and aunt, Mr. and Mrs. Norman Demeritt.

Mr. and Mrs. Theodore Lamson are building a new home in Greenland.

Among the 800 grangers and their friends who enjoyed the moonlight sail on Lake Winnepes-

aukee last Wednesday were the following persons from Lee: Mr. and Mrs. Leon Dudley and Joan, Mr. and Mrs. Jack Randall, Mr. and Mrs. George Hill, Mr. and Mrs. Arthur J. Thompson, Mr. and Mrs. Wesley Pierce, Frank Dunklee.

DURHAM NOTES

Mr. and Mrs. Harold Pinkham and son, Ralph, left Sunday for a trip through Maine and Canada.

Anita Kiehline leaves for Washington Friday to attend Girl's State as a delegate from New Hampshire.

Mr. and Mrs. Charles Scott and sons, Charles, Jr. and Clarence, left this week for New Brunswick, Canada, to visit Mrs. Scott's parents.

Miss Janet Towle, daughter of Mr. and Mrs. Carroll Towle, is an appendectomy patient at the Wentworth hospital in Dover.

Mr. and Mrs. Jesse Fuller of Haverhill, Mass., visited Edmund Dickerman Sunday.

Mr. and Mrs. Carroll Degler, and Robert and Carolyn Degler, returned Sunday from an extended trip through the South and Midwest.

Mrs. Cora Fifield of Mt. Dora, Fla. visited her cousins Miss Elizabeth Lucy and Mrs. Fred Davis Tuesday. The ladies 84 years, 86 years and 89 years old respectively.

Dr. Carleton Metcalf announces the engagement of his daughter, Persis Parker Metcalf to Donald L. Plaisted of Durham. Miss Metcalf is a medical technician at Frisbee Memorial hospital in Rochester.

Bourgoin-Reardon post of Durham will sponsor an over night hike in the White mountains for eighth grade boys Saturday.

DEATH

Dr. George H. Treadwell

Dr. George Haines Treadwell, 90, died Saturday in Brooklyn, N. Y. He was the son of Napoleon B. and Sedelia Haines Treadwell, born in Boston June 4, 1857. He spent his boyhood and young manhood in Newmarket in the family home on Maple avenue now occupied by Charles H. Stevens.

He was graduated from Phillips Exeter academy and from Harvard Medical school. He made his home and practiced medicine in Brooklyn and came on to New Hampshire summers. He had a summer home for many years on Great Bay at Newington and later at Kittery Point and was a frequent visitor at the old family home in Newmarket when his sister, the late Flora Treadwell, was living.

He was a talented organist and enjoyed playing once each season at the Newmarket Community church morning service, and sometimes giving an additional Sunday twilight recital.

Dr. Treadwell was buried in Brooklyn.

What Newmarket Was Doing

According to the Newmarket Advertiser

JULY 1, 1947

Twenty Years Ago

Native strawberries are selling at from 15 to 25 cents per box, according to quality.

Mildred Joy and Merina Morissette have started a tea room called "The Fan", a mile from Farmington on the road to Alton Bay.

There were nearly one thousand people who witnessed the historical pageant last Saturday night on the grounds of Mr. and Mrs. Walter Gallant.

"Rockingham Rambles" in the Exeter News-Letter had a story of old Newmarket in the latest issue and concluded with the following: "In a more practical way Newmarket is remembered as the birthplace of the inventor of that most indispensable mechanic's tool, the Stillson wrench. Here is also a Masonic lodge still flourishing, that has functioned for 101 years. And we must not overlook the fact that at his desk in Newmarket presides the dean of New Hampshire editors and publishers, Frank H. Pinkham of the Newmarket Advertiser." (Mr. Pinkham died in 1929.)

Last Saturday afternoon the house and barn of Ernest Hamel, known as the Fred Sanborn place, were totally consumed by fire which broke out in the barn from some unknown cause.

Weekend trips to Boston are offered by the B & M during July, with tickets good on regular trains on Saturdays and Sundays.

Forty Years Ago

Work on the double track of the Boston & Maine railroad between here and Rockingham was begun last Thursday.

Roger Scott of Packers Falls is now seen scudding about town in his new automobile, which is an Orient buckboard.

A freight brakeman was injured here Monday, by being knocked off a car. His key chain caught on the tell-tale, which threw him off the car, injuring his back, but no bones were broken.

The charter meeting of the Sons

of Veterans camp here met in GAR hall Tuesday night and elected the following officers for the term: Com., Franklin A. Brackett; SV, Albert O. Smith; JV, James T. Barrett; Sec. Herbert F. Davis; Treas., Carl F. Brackett. The camp will be mustered in next week by the Exeter Camp.

Sixty Years Ago

Strawberries are selling for 10 cents per box this week.

Work has begun on the reconstruction of the Company's new dam.

The graduating exercises of the High school occurred at the Town hall last Friday evening, the building being packed to capacity. On front of the stage was the class motto "Finis Opus Coronat". Upon the platform were the graduates, the superintendent, teachers of all the schools in the village and the committee. The following is the program: Overture, orchestra; Prayer; Salutatory, Grace Bartlett; class paper, Lonnie Caswell; essay, Flora A. Sawyer; cornet solo, E. L. Quimby; prophecy, Alice M. Abbott; valedictory, M. Grace Wetherell; presentation of diplomas, by Supt. Charles A. Morse; waltz, orchestra.

NEWMARKET BASEBALL

(Continued from page 1)

Polish Club Wins In Close Contest

It took a three run seventh inning for the Polish club to finally subdue a hard-fighting American Legion nine, that would never say die, 8 to 5. With the bases choked and one out in the first of the seventh, Norm Sharples laced a long double to left center to drive in the two clinching runs.

The Polishers had to use three pitchers in the contest with Norm Sharples finishing and getting credit for the win.

With the score 5 to 1 the Legion scored three runs in the third when Dippy Webb pounded a two-bagger and clear the sacks. Again in the fifth, Webb doubled and scored on a Fewless single to tie up the ball game.

The sixth frame found the Legion with the bases loaded and none out and only an airtight defense prevented a major rally. But the Polishers were not to be denied as they broke loose in the seventh to clinch it. The Legion still would not admit defeat and loaded the sacks in the last canto. Only a brilliant stop by Haley at second of Burrow's hard hit ground ball ended the game.

An injury to Mario Zocchi, Club backstop, marred the game when he left the game after receiving cuts and bruises on the arms as a result of chasing a foul fly behind the backstop.

Score by innings:
Polish Club 2 3 0 0 0 3 8
Am. Legion 1 0 3 0 1 0 5

Batteries: Polish club — Bonafant, Grochmal, Sharples and Zocchi, Grochal. American Legion — Priest and Webb.

Legion Drops Rams 15-6 Monday Night

The American Legion soundly drubbed the Rams 15 to 6 in an extra Two-league game necessitated by last week's tie game Monday.

The Legion played their best

game of the season and unleashed a 15-hit barrage led by Ed Hendzel who collected three hits in five trips.

The Rams only threat was in the fifth when they scored four times to come within a run of tying but the Rams' pitching was in a dismal state. Ed MacDougal started and was followed by Ed Dostie and R. St. Pierre.

The Legion left no chance for a last inning rally as they tallied eight runs in the first of the seventh when twelve men went to the plate banging out six hits.

Ray Bernard, Legion hurler, held the Rams to one hit in the first four frames and weakened a little thereafter but received good support from his teammates.

Score by innings:
Am. Legion 0 0 2 2 1 2 8 15
Rams 0 0 0 0 4 0 2 6

Batteries: American Legion — Bernard and Webb. Rams — MacDougal, Dostie, R. St. Pierre and Deshaies.

Polish Club Holds Grenier Field Off

Holding off a last inning rally, the Polish club just nosed out Grenier Field 5 to 4 in a weekend contest before a large crowd at High school field Sunday.

Although several of the heavy-hitting Polishers were not in the lineup, the brilliant hurling of Frank Homiak saved the game at several crucial moments.

The Club jumped into a 5 to 0 lead in the early stages of the game and apparently were to have an easy time of it. But the defense fell apart and Grenier Field made it 5 to 3 in the sixth when Dick Carter, former local resident, singled home two runs.

Grenier threatened in the eighth when two men reached with no out but Zocchi made a quick throw to first to nab the base runner of the bag. Homiak then bore down to retire the side with no runs.

Again in the ninth, the visitors scored on two hits and a walk and got the tying run as far as third but Homiak forced the next batters to ground out and end the game.

Rams Win Their 11th Game of Year

In defeating the Somersworth Wildcats 6 to 4, the Rams won their 11th game of the year while the visitors were looking for No. 22, Saturday afternoon.

Norm St. Pierre was the stand-out of the game as he held the usually heavy hitting Somersworth club scoreless for eight and one-third innings, but weakened in the

ninth as the visitors scored four times on four hits including a two-run triple by Rainville.

The Rams burst out in the 5th on four hits, 3 walks and an error, tallying five runs. With the bases drunk, Labranche laced a long single to center which proceeded to go through the center fielder for an error and clear the bases.

Don Leclerc followed Harmon on the mound for Somersworth and was more effective allowing but one run and 2 hits in 3 and one-third innings.

The game marked Norm St. Pierre's fourth win in five starts.

Score by innings:
Rams 0 0 0 0 5 0 1 0 x 6
Wildcats 0 0 0 0 0 0 0 4 4

Batteries: Newmarket Rams — N. St. Pierre and Deshaies; Somersworth — Harmon, D. Leclerc and J. Leclerc.

Durham Legion Gets 11-6 Win

Exploding for 8 runs in the 5th inning, the Durham Legion of the Portsmouth Sunset league, whipped the local Legion 11 to 6 in a two-lig thecontest last Friday.

The locals looked good behind Buddy Priest for four innings with each side having scored two runs; but the heavy-sticking visitors let loose with a barrage of 6 hits in the 5th to sew up the ball game.

Harris, on the mound for Durham, was steady most of the way and drove in four runs, three of them with his base-clearing triple in the 5th.

The locals rallied in their half of the 5th to score four times when three men were walked and Red White poled out a two run double.

Score by innings:
Durham Legion 0 0 0 2 8 1 11
N'm'k't Legion 0 1 1 0 4 0 6
Batteries: Durham Legion — Harris and Cole. Newmarket Legion — Priest and Webb.

Legion Pecks at Rams for Tie Score

The American Legion kept pecking away at a Rams' lead and finally caught up to battle the Rams to a 6 to 6 tie in a local Two-league game on July 31st.

The Rams scored all their runs in the first three innings, whereafter Recorde, Legion hurler, held the Rams' bats scoreless and allowed but two hits in the last four frames.

Ed Dostie, on the hill for the Rams, was not at his best as he was pounded for ten hits. Red White and Ed Hendzel of the Legion accounted for six of the hits, White smashing two important doubles and Hendzel a long triple.

Recorde was especially effective in the clubhouse. In the last of the 7th, the Rams choked the bases with one out; Jakubowski who had gotten two hits was up, but Recorde just breezed his fast ones to strike him out and then forced Labranche to ground to third to save the game.

Score by innings:
Rams 2 3 1 0 0 0 6
Am. Legion 2 0 1 0 1 1 6
Batteries: Rams — Dostie and Deshaies. Am. Legion — Recorde and Webb.

Independents Drop Game to Legion

The Independents dropped their third straight game as the American Legion topped them 6 to 3 in a Two-league contest on July 30th.

The weak-hitting Independents proved no match for the more experienced Legion who had the very effective pitching of Ray Bernard.

The Legion score in every inning

of the game while all the Independents' scoring was limited to the 5th when Jordan tripled home two runs and scored in turn on Burnham's double.

Bernard allowed only five hits, the first of which came in the fifth inning, and helped his own cause by getting two of his team's eight hits.

Score by innings:
Am. Legion 1 1 1 1 1 1 x 6
Independents 0 0 0 0 3 0 0 3

Batteries: American Legion — Bernard and Webb. Independents — Jablonski and Burnham.

1st Inning Score Proves Too Much

Piling up four runs in the first inning, the Polish club kept their Two-league slate clean in knocking off Newfields 5 to 1 on July 29th.

Newfields had the jitters right at the start of the tilt as they made three errors in the initial frame allowing the Polishers to take a 4 to 0 lead. That roved to be too much for the weak-hitting Newfields club who then settled down and played the Club on even terms the rest of the way each scoring one run.

Williams, Newfields moundsman, was spectacular as he retired eight men in a row after the first inning and as in his previous start got hotter as the game went along, affording the spark that is making Newfields the most improved club in the league.

Homiak did the twirling for the Club and was never in trouble as his teammates gave him their usual fine support, even though several key men were not present for the game.

New, Accurate Map of Winnepesaukee Issued

Concord — A new navigation chart of Lake Winnepesaukee, showing the buoying system, boat routes and other information of value to the yachtsman, has just been issued by the New Hampshire Public Service commission with the cooperation of the State Planning and Development commission, it was announced recently.

Drawn from accurate aerial photographs obtained from the U. S. Army, the new map is believed to be the most accurate map of this section of New Hampshire in existence. The Public Service commission rechecked locations of buoys and in some instances took new soundings, it was said.

The State Aeronautics commission assisted by furnishing data on seaplane landing strips; and the State Fish and Game department furnished data on potential fishing spots, which are indicated on the map by symbols representing the various species of game fish to be found in the lake.

The map may be obtained from the New Hampshire Public Service commission, Concord.

By Elizabeth E. Ellis

PRESERVING PEACHES

It is good news for home canners that peaches in record breaking quantities are expected in the markets this summer. Peaches are easy to can safely in water bath canners, and they are one of the best fruits for home canning or freezing.

Choose peaches that are sound, firm, and table-ripe for canning. Look beyond the pink blush, if the peach has one, to see that the ground color is yellow or white, not an unripe, greenish tint. A bushel of peaches makes about 18 to 24 home-canned quarts.

Wash peaches well and lift them out of the water, being careful not to bruise. To remove the skins easily, place in a wire basket or piece of cheesecloth and dip in boiling water for one minute, then into cold water. Peel, and cut in halves or slices. To keep the peaches from turning dark, drop them into cold water to which 2 tablespoons of salt and 2 tablespoons of vinegar has been added to each gallon of water. Drain, rinse, and put into boiling syrup.

To make the syrup, allow 1 cup of sugar to 2 1-3 cup of boiling water. Stir until sugar dissolves and then bring to a boil. Simmer in the syrup 4 to 8 minutes or until just heated through. Pack at once, placing the halves pit side down. Place the first half in the center piece, building up and around the jar until full. Fill the container with hot syrup. Partially seal and process pints for 15 minutes in water bath; quarts for 20 minutes. One bushel makes about 36 pints.

To cold pack, fill the jar to 3/4

inch from the top with raw fruit. Cover with boiling syrup. Process in boiling water for 25 minutes for pints and 30 minutes for quarts. It is easier to get a full jar when peaches are pre-cooked in syrup before processing.

Use ascorbic acid (Vitamin C) to help prevent discoloration and to retain a better color. Mix 1/4 teaspoon of powdered ascorbic acid with a little cold sugar syrup and or water and add to the boiling syrup.

Peaches for freezing should be selected at just the right stage for eating. Tree-ripened, freestone peaches are best. Dip the peaches in boiling water for 15 to 30 seconds to loosen the skin, then chill in cold water and remove the skins. It is better to add a little ice. This makes the fruit firmer while it is being prepared for freezing containers.

Peaches darken readily and one way to prevent this discoloration is to let the slices stand in a citric acid solution—one quart of water in which 1/4 teaspoon of citric acid powder has been dissolved—for 1 to 2 minutes. Drain, and fill containers to within 3/4 inch of the top. Cover with cold sugar syrup, making sure that the syrup covers the fruit. Tests at the University of New Hampshire indicate that the addition of 1/4 teaspoon of powdered ascorbic acid (Vitamin C) to each cup of syrup is more effective. The ascorbic acid helps to prevent discoloration. A syrup made with 1 2-3 cup of sugar to 2 cups of water is satisfactory. A teaspoon of ascorbic acid added to four cups of sugar syrup will be enough for 11 or 12 pint packages of fruit. Some people like a much heavier syrup, using 4 cups of sugar to 2 cups of water. If using a heavy white corn syrup, dilute it with water using 4 cups of syrup to 1 cup of water. Most people prefer the sugar syrup.

Put the filled, labeled sealed boxes into the refrigerator to keep cold until all are ready to go to the freezer. As soon as peaches are frozen, they should be stored zero degrees Fahrenheit or lower. When serving frozen peaches, open the packages only when you are ready to serve and while there are still a few ice crystals glistening in the fruit.

Foss-Gedney Wedding Solemnized Friday

Nottingham — Miss Doris G. Gedney became the bride of Edward O. Foss of Nottingham last Friday morning at the Universalist church in Nottingham Center. Rev. Alvin Bacon of Northwood officiated. The couple was attended by Mrs. Elsie Lane, sister of the bride groom, and Dudley Leavitt of Nottingham.

Mr. and Mrs. Foss will reside in a newly built home on Church street, Nottingham.

Band to Give One Concert Beyond Series

The Newmarket band will give the last in its originally planned series of six Friday night concerts this week Friday night at 8 o'clock. It was voted at the rehearsal Tuesday night, however, to give an additional concert because the programs have been so well received.

The extra concert will be given probably Sunday evening, Aug. 24, giving merchants, their employees and persons who work on night shifts an opportunity to hear several of the best numbers from the six concerts.

Mountain Road Is Closed for 10 Days

Toll Gate State ark on Mt. Kearsarge will be closed for 10 days, from August 4 to approximately August 15, it was announced today by Russell B. Tobey, Director of Recreation, Forestry and Recreation commission.

The road from Warner to the popular view and picnic site on the mountain has been improved by the State Highway department, and the 10 days are needed to lay a hard surface on it, Mr. Tobey said. Since much of the use of this road comes during the autumn foliage season in September and early October it was considered advisable to have repairs done during the summer season, he said. The park is a popular destination of beauty seekers during the period when the mountain itself and nearby slopes are brilliant with autumn colors.

Speakers Scheduled At Durham Church

Durham—Speakers for the August schedule of services at the Durham Community church are as follows: August 10, Ralph Douglass Hyslop, professor, Pacific School of Religion; Aug. 17, William Warren Sweet, professor, University of Chicago; Aug. 24, Sidney Lovett, chaplain and professor, Yale university; Aug. 31, Frederick L. Fagley, associate secretary, Congregational-Christian churches of the United States. Services are held at 10:45 a.m.

NEWMARKET BRIEFS

Mr. and Mrs. Malcolm E. McKenzie are spending 10 days at the parsonage as the guests of Rev. and Mrs. Ernest A. McKencie.

A son, Bruce Allan, was born to Mr. and Mrs. Frederick Cleveland of Rock street at the Exeter hospital on July 25th.

Children Visit Benson's

(Continued from page 1)

sion fee to the farm and to bring their noon lunch and whatever spending money they desire. Those planning to make the trip should register with Miss Deem this week.

The Penny Circus attracted the largest turnout of children this season with about 350 little folks rushing from one attraction to another for two hours Monday afternoon.

A tent was erected to hold the side shows consisting of a "fat man", Earl Charest; bearded lady, Jeannette Talbot; clown, Richard Wilson; four armed lady, Martha and Edna Marshall. Mrs. Lealah Marelli was in charge.

A ring toss game in charge of Mrs. Barbara Renner, a clown toss in charge of Richard Gilbert and a fish pond in charge of Miss Ellen Deem were well patronized. Tonic and ice cream were sold by Mrs. Selma Shaw and Mrs. Irene Young Dominguez.

A kitty, boxed and donated by Mr. and Mrs. John Carpenter, had many admirers who competed in guessing its name. Jeannette Talbot was the winner when she chose the name "Dexter". Fred Pepek was awarded a jar of candies.

Mrs. Doris Holt, Mrs. Elizabeth Brandt and Mrs. Mildred Rooney were present, helping here and there. Mrs. Holt, chairman of the recent Tag Day, reported \$72.08 collected and awarded prizes of one dollar each to Earl Charest who collected \$12.17, the most for the boy collectors, and to Leana Morin who collected \$7.28, the most for the girls.

Mrs. Elizabeth Brandt reported about eight dollars cleared on the circus.

The children are preparing for an exhibition of their hand work next Monday and will spend their quiet hours this week working on decorating cigar boxes with colored paper and shellac and with finger painting. Miss Mary-Louise Lanoix director, is ill and unable to return this season. Miss Deem is taking charge and is assisted by Mrs. Dominguez.

MARKETING with Marjorie

"Be prepared" is a good motto for the good old summer-time, when guests are apt to drop in unexpectedly. So here are some delicious dishes you can fix at your leisure and keep in your refrigerator for such emergencies.

ICE CREAM

This chocolate ice cream made with rich WHITE HOUSE EVAPORATED MILK from the A&P is grand to have on hand. Shave 2 squares unsweetened chocolate into top of double boiler. Add 1 cup WHITE HOUSE MILK and 16 whole marshmallows. Cook over boiling water till well blended; cool and add 1/2 tsp. vanilla. Whip 1 cup chilled WHITE HOUSE MILK till stiff; fold into mixture. Pour into cold freezing tray and freeze at coldest setting. When partially frozen, stir well and continue freezing. Serves 5.

SALAD STANDBY

6 for lunch? Cook an 8-oz. package of A&P's ANN PAGE ELBOW MACARONI (see package directions); drain; chill; add 1 tsp. salt, 2 quartered tomatoes, 1 medium onion (chopped), 1/2 green pepper (chopped), 1 hard-cooked egg, 1/2 cup mayonnaise, 1/2 head Boston lettuce, pepper and paprika. Toss lightly.

SIMPLE SANDWICHERY

Sandwiches make perfect spur-of-the-moment snacks... and MARVEL SANDWICH BREAD makes perfect sandwiches. Guaranteed fresh daily, every loaf gives you plenty of thin, smooth-spreadable slices. You'll find this thrifty bread only at A&P. And what a find it is!

FROSTY FAVORITE

I don't think there's a more refreshing warm weather drink than rich, tangy A&P GRAPE JUICE mixed with an equal quantity of ginger-ale. And this heat beater looks as if it came straight from the North Pole when it's served, well iced, in glasses with frosted rims. To frost, I let the rims stand 1 minute in a saucer containing 1/4" strained lemon juice, then 1 minute in a plate containing 1/4" sifted powdered sugar... and, being careful not to jar the sugared rims, store the glasses in my refrigerator till the sugar sets. Inviting as an igloo!

Beekeepers Meet in Durham Tuesday

Durham—New Hampshire beekeepers will get together for the first time in five years when they meet on the University of New Hampshire campus Tuesday morning, August 12, first day of University Farm and Home Days.

The beekeepers will reorganize the N. H. Beekeepers' association which became inactive during the war, elect officers, and hear members of the University staff speak on beekeeping, a farm business that is getting increased attention in New Hampshire, especially among the state's orchardmen.

Walter Webster will be awarded a Certificate of Quality in the A&P "Chicken of Tomorrow" contest at Durham August 14th as one of the five New England winners. This is a contest to develop the best meat type of bird.

Begin Money Making Plans for Your Club Early in the Season

Perhaps many of you who are officers of clubs already have planned your programs for the whole year. Undoubtedly they include a number of fund raising schemes which are designed to take care of worthy causes.

One of the most successful campaigns of many groups includes sales of goods baked by members. In this, of course, cakes, cookies, et cetera are donated by the women and purchased by the club members, so all profit is clear.

Now that sugar, fats and flour are back again on a prewar basis in supply, at least, it's possible to plan a bakery goods sale of this type.

In case there's a problem about what to include, I've lined up several sure-fire recipes which can serve as the nucleus of the sale. Pass them out to those who don't know just "what to make."

Prune Spice Cake.

(Using oblong pan)

- 2½ cups sifted cake flour
- ¼ teaspoon baking powder
- 1 teaspoon soda
- ¼ teaspoon salt
- 1 teaspoon cloves
- 1 teaspoon allspice
- 1 teaspoon cinnamon
- ½ cup shortening
- 1½ cups sugar
- 2 eggs, well beaten
- 1 cup cooked prunes, seeded and chopped
- 1 cup sour cream

Sift the dry ingredients together twice. Cream shortening, add sugar gradually, and beat until light and fluffy. Fold in eggs and prunes. Add dry ingredients alternately with sour cream and beat well after each addition. Bake in a greased oblong pan in a moderate oven for 45 minutes. Let cool and frost with:

Mocha Frosting.

- 4 cups sifted powdered sugar
- ¼ cup cocoa
- ¼ teaspoon salt
- ¼ cup butter or substitute
- ¼ cup strong coffee
- 1½ teaspoons vanilla

Sift dry ingredients together and cream with butter. Add coffee and vanilla to make of a smoothly spreading consistency.

*Graham Cracker Torte.

- ½ cup butter
- 1 cup sugar
- 3 eggs, separated
- 1 teaspoon vanilla
- Grated rind of an orange
- ½ cup flour
- 2 teaspoons baking powder
- ½ pound graham crackers, rolled.
- 1 cup milk
- ½ cup shredded coconut

Cream butter and sugar. Add well beaten yolks, vanilla and orange rind. Add sifted dry ingredients and cracker crumbs alternately with milk. Fold in coconut and stiffly beaten egg whites. Bake in two layers in a moderate (375 degree) oven for 20 minutes. Let cool, then place custard filling between layers and frost with orange icing.

Custard Filling.

- ½ cup sugar
- 1 tablespoon cornstarch
- ½ teaspoon salt
- 1 egg yolks
- 1 cup scalded milk
- ½ teaspoon vanilla

Mix dry ingredients, add egg yolks, slightly beaten. Pour in milk

LYNN CHAMBERS' MENU

- Veal Roast with
- Sour Cream Gravy
- Buttered Noodles
- Fried Tomatoes
- Green Beans with Mushrooms
- Cinnamon Rolls
- *Graham Cracker Torte
- Beverage
- *Recipe given.

gradually. Cook in double boiler until smooth and thick, stirring constantly. Cool and fold in flavor.

Orange Icing.

- 2 cups powdered sugar
- 4 tablespoons butter
- 4 tablespoons milk or orange juice
- 1½ teaspoons orange flavoring
- Grated rind of an orange
- Cream sugar and butter, add remaining ingredients.

Peanut Butter Cookies.

(Makes 3 dozen)

- ½ cup shortening
- ½ cup peanut butter
- ½ cup granulated sugar
- ½ cup brown sugar
- 1 egg
- 1½ cups flour
- ¼ teaspoon salt
- ¼ teaspoon soda

Cream peanut butter with shortening. Add remaining ingredients in order given. Shape chilled dough into small balls and place on a baking sheet. Flatten with a fork dipped in flour, making a criss-cross design on the cookie. Bake in a quick, moderate (375-degree) oven for 10 to 12 minutes. Let cool slightly before removing from tin.

Prune Pumpkin Pudding Pie.

- 12 cups cooked or canned pumpkin
- 1½ cups milk
- 4 eggs
- ¼ cup granulated sugar
- ¼ cup light molasses
- 1 teaspoon salt
- 1 teaspoon cloves
- 3 teaspoons ginger
- 3 teaspoons cinnamon
- 1 teaspoon allspice

Pastry

- 1½ cups cooked prunes
- ½ cup granulated sugar
- ½ cup light corn syrup
- 1 teaspoon cinnamon
- ¼ teaspoon salt
- 2 teaspoons plain gelatin
- 2 tablespoons cold water
- 1 cup whipping cream

Combine pumpkin, milk and un-beaten eggs; beat until well blended. Combine sugar, molasses, salt and spices; mix well and stir into pumpkin mixture. Pour into pastry-lined pan and bake in a very hot (450-degree) oven; reduce heat to moderate and continue baking 45 to 50 minutes or until custard is set. Cool.

Measure prunes, remove pits and cut prunes into small pieces. Combine with sugar, syrup, spice and salt and heat to boiling. Remove from heat, add gelatin moistened in cold water and stir to dissolve. Cool. Whip cream and fold into prune mixture. Spread over baked pumpkin pastry. Chill.

LYNN SAYS:

If potatoes don't seem as white as they should be when you are mashing them, beat a small amount of baking powder into them.

Use a hot blade for slicing fresh bread, a wet blade for cutting fresh cake, and a very thin, sharp blade for slicing cookie dough.

Keep seasoned flour in a bag already ready for seasoning chops, vegetables, chicken, et cetera.

Released by Western Newspaper Union.

Touch Typewriting Can Be Self-Taught

Teach yourself to TYPE

A Valuable Asset

IT PAYS to know how to type—whether you're at home, on the job or going back to school. There are accounts to keep, letters to write, recipes to copy—dozens of times when the typewriter would come in handy.

You can easily teach yourself to type at home. A keyboard chart shows you how to place your fingers on the machine. Exercises and drills give you speed.

Send 25 cents (coin) for "Touch Typewriting Self-Taught" to Weekly Newspaper Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 13.

Hollow Earth Theory Had An Entrance at North Pole

John Cleves Symmes, in hundreds of lectures between 1818 and 1829, attracted world-wide attention with his claim that the earth was a hollow sphere whose interior was inhabited and could be reached through a large opening at the North Pole, since known as Symmes' Hole, says Collier's.

Of several globes made to illustrate his theory, one is preserved in the Academy of Natural Sciences in Philadelphia.

GIRLS! WOMEN! try this if you're NERVOUS

ON "CERTAIN DAYS" Of Month—

Do female functional monthly disturbances make you feel nervous, irritable, so weak and tired out—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for that! Taken regularly — Pinkham's Compound helps build up resistance against such disturbances. Also a great stomachic tonic!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. The Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
DOAN'S PILLS

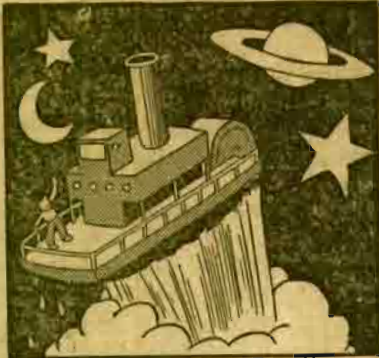

BOBBY SOX

By Marty Links

"Why Tyrone, of course, I adore you and will wait for you—and you mustn't be jealous of all the men running after me..."

WRONG DIRECTION

A Mississippi river steamboat was stopped in the mouth of a tributary stream, owing to the dense fog. An inquisitive passenger inquired of the captain the cause of the delay.

"Can't see up the river," was his laconic reply.

"But I can see the stars overhead," the passenger replied sharply.

"Yes," came back the captain, "but unless the boilers bust, we ain't going that way."

GOOD ANSWER

The teacher wrote on the blackboard: "I ain't had no fun all summer." Then she asked a youngster on the front row: "Harry, what should I do to correct that?"

"Get a boy friend," Harry suggested.

A Real Souvenir

Joe was dead, and Bill called on the widow to express his sympathy.

"Joe and I were mighty close friends," he said. "Isn't there something I could have to remember him by?"

Tearfully she raised her eyes and whispered, "Would I do?"

In Service

Cute neighbor—Have you folks got a bottle opener I could borrow?

Parent—Sorry, he's in the navy now.

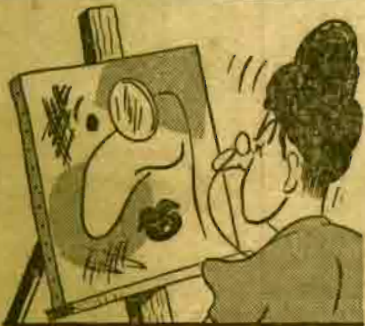

INTERESTING SIGHT

A suspicious wife made a surprise call at her husband's office. Encountering his pretty secretary, she introduced herself and added:

"I'm so glad to meet you, Miss Shapely. My husband has told me so little about you!"

NOT MUCH TO COPY

When Whistler had finished a portrait of a well-known celebrity, he asked him whether he liked it.

"No, I can't say I do, Mr. Whistler, and you must really admit it's a bad work of art."

"Yes," replied the artist, looking at his sitter through his monocle, "but then you must admit that you are a bad work of nature."

Color Scheme

Answering an advertisement about a litter of kittens that would be given to anyone interested, a woman called the cat owner.

"Have you one," she asked, "that is orange and black?"

"Sorry," said the other woman. "None of that color."

"Oh, dear, that's a shame," said the caller. "You see, we've just had our house redecorated, and only orange and black would match the color scheme."

One Way Out

Billings—I say, you're not engaged now to that Johnson girl, are you?

Gillings—No, not any longer.

Billings—Lucky for you! How did you get out of it?

Gillings—I married her.

Cool Nerves

THE oldest inhabitant of an Arizona town was telling a group of dudes about his experiences.

"One time," he said, "I was lying asleep under a mesquite bush when I felt a pressure on my chest. I opened my eyes; on my chest, looking at me with his evil little eyes, was a rattlesnake. If I'd made a move, he'd have struck faster than I could see."

"But what did you do?" asked one young lady.

The oldster shifted his tobacco. "Nothing I could do," he said, "so I just went back to sleep."

Fitting Name

Adam and Eve were naming the animals of the earth, when a hippopotamus strolled past.

"Well, darling," said Adam, "what are we going to call that?"

"I know," said Eve, "let's call it a hippopotamus."

"But why?" asked Adam.

"Well," said Eve, "it looks more like a hippopotamus than anything we've named so far."

Discreet Servant

Mistress—Marie, when you wait on the table tonight for my guests please don't spill anything.

Maid—Don't worry, ma'am, I don't talk much.

This Is Too Much!

The returned vet's wife: "Honey, darling, since you had three helpings of my first biscuits, I'm going to make some more for you tomorrow. Won't that be just too... darling, speak to me, please darling, open your eyes!"

One Little Vice

The man was being examined and cross-examined for life insurance. He had been put through a severe physical inspection, and had had to answer numerous questions about himself, his past, his ancestors and so on. Finally the examiner asked:

"You don't dissipate, do you? Not living fast, or doing anything in excess?"

The prospective risk, a little man with an apologetic air, seemed very frightened by this prolonged procedure. He thought a moment, and then hesitantly replied:

"I—er—I sometimes chew a piece of gum."

THE BEST TIME

Trainer—Well, old man, I'm afraid you're licked now.

Boxer (gazing dizzily)—Yes, I guess you're right. I should have got him in the first round when he was alone.

Limited Territory

Billy was refused a piece of bread and jelly because it was too near his supper time. He got angry and decided to run away from home. A neighbor saw him, with his little bag packed, walking determinedly up and down in front of his home and asked him what he was doing.

"I'm going to run away," he said defiantly.

"Well," replied the neighbor, "why don't you get started?"

"I'm not allowed to cross the street," said Billy.

It's the Upkeep

"Well," began the genial father-in-law; "I talked it over with Mother. We have another home out at the lake so we are going to sign this place over to you and Rosabel."

"Why—ah—thanks," sighed the son-in-law, "but really, aren't the taxes here a bit high?"

Off Pitch

Manager—Now, now, Smith, what's this customer's complaint?

Clerk—It's not a complaint, sir. He wants two shoes that squeak in the same key.

Sure, He Is

Employer—Surely Miss Jenks, you know the King's English?

Typist—Of course he is. Whoever

REG'LAR FELLERS

By Gene Byrnes

Full Speed Ahead

"That sailor I was out with last night sure was a fast worker."

"What do you expect of a fleet man?"

All Gifts

"What brand of cigarettes do you smoke, Scotty?"

"I would na know. I'm too polite to ask."

PORCELAIN GNASHERS

"There will be weeping, wailing and gnashing of teeth among the wicked who pass on to the next world."

"What about those who haven't any teeth?"

"Teeth will be provided."

Marines To Elect

(Continued from page 1)

Several hundred United States Marine Corps veterans are expected to attend the first annual convention of the Department of New Hampshire, Marine Corps League, which will be held in Manchester on September 6 and 7.

Plans are being completed to welcome members of 10 detachments of the league in Keene, Claremont, Concord, Nashua, Franklin aLaconia, Rochester, Dover, Newmarket and Manchester Marine veterans of all wars are invited to participate, with the majority representation expected to be from the 2,436 New Hampshire Marine veterans of World War II.

The visiting Marines will be guests of the Rogers Blood detachment, MCL, Manchester, the largest detachment in the state. The two-day session will actually be the organization meeting for the state department of the Marine Corps League.

Legion Opens Club Rooms

It was Open House at Robert G. Durgin post, No. 67, AL, last Friday night when the new club rooms were officially opened. State and district officers joined with 250 to 300 local members and their guests to enjoy dancing and refreshments.

There was a ball game at 6 o'clock followed by the band concert and the free program at the club house. Comdr. Kenneth White introduced the Commander-elect Fred Laframboise who spoke briefly. Guests were present from posts and units in Milton, Farmington, Rochester, Dover, Salmon Falls, Somersworth, Exeter, Portsmouth, Hampton and Durham.

Woburn Scouts Camp at Bay

The Woburn Boy Scout troop is preparing to break camp after a pleasant visit near the Wilcox home on Bay road, Durham. The boys have built new trails to the main road, have set out young pine trees and have built bridges, thus improving their camp site, since arriving here. They have attended services at the Newmarket Community church each week with their leaders.

The group includes: Counsellors, Mr. and Mrs. R. W. McKinley and Mr. and Mrs. R. Hendrick; troop members, Francis McPherson, Roger McKinley, John Russo, Jr., William Nuttle, Bill McDonough, Edward Morris, Kenneth Soderholm, Murray Johnson, Henry Larsen, Clayton Lyon, Francis Russo, David Hanlon, Bob Davis, all of Woburn, Mass.

Mrs. Bray Summer Guest at the Bay

Mrs. Virginia Bray, assistant professor of psychology at Richmond Professional Institute of the College of William and Mary is occupying the guest house at "Barberry Coast", summer home of Mrs. E. Leavenworth Elliott, on Great Bay. Mrs. Bray is studying at the summer session at the University of New Hampshire and will leave in September for Troy, N. Y. Mrs. Bray's late husband Archie Bray was professor of Biology at Rensselaer Polytechnic Institute at Troy for many years previous to his death.

Mr. and Mrs. Gilbert Returned Saturday

Mr. and Mrs. Edward Gilbert arrived from Cooney Island last weekend where they spent a week's honeymoon and will make their home in a new apartment in the bride's home, corner of Spring and South streets.

Mrs. Gilbert is the former Florence D. Rondeau who was the bride of Edward Gilbert last Saturday morning at 8 o'clock at a pretty wedding ceremony solemnized at St. Mary's church.

Miss Norma Neal of Newmarket and Robert Rondeau of Portsmouth, both cousins of the bride, were maid of honor and best man. The bride's maids were Miss Therese Hamel, Miss Marjorie Johnson, Miss Natalie Wheeler, Miss Rita Roy.

The bride chose a white satin Princess style gown with an off-the-shoulder neck line of white net and long sleeves. She had a close fitting net cap extending into a long veil covering her full skirt and long train. She carried calla lilies.

Miss Neal wore a Princess style yellow dotted swiss gown with an off-the-face bonnet of matching material and carried calla lilies. Miss Hamel and Miss Johnson wore pink marquisette gowns trimmed with lace and Miss Wheeler and Miss Ray, identical gowns of blue, each carrying a wreath of sweet peas.

Mr. and Mrs. Gilbert received 300 relatives and guests at Eagles hall where a buffet lunch was served and music by the Jolie trio was enjoyed.

Rideout-Drisko Wed- ding Solemnized on Sat.

Durham — Miss Jeannette L. Drisko, daughter of Mr. and Mrs. L. R. Drisko, and Walter B. Rideout, son of Mrs. Walter J. Rideout of Hampden, Me. were married at the Durham home of the bride. Rev. Arnold A. Brown officiated.

Members of the immediate families and a few friends were present and remained for the wedding luncheon. The bride was attended by Miss Ernestine Wilson of Waterville, Me. and the bridegroom by John G. Rideout of Durham.

Mrs. Rideout is a graduate of Colby college and Simmons College, School of Library Science. For the past three years she has been on the staff of the University of New Hampshire. Mr. Rideout was graduated from Colby college, and has done graduate work at Harvard university where he is now teaching English. He served in the US Navy for three years.

Gold Star Honor Roll

Joseph G. A. Rousseau
Valmond Dube
William M. Crowley
Stanley J. Miesowicz
Louis W. St. Hilaire
George Hamel
Francis S. Murphy
Arthur G. Squires
Charles S. Indziniak
Arthur H. Lang
Robert J. Deshaies
Stanley K. Chadwick
John Zuk, Jr.
Philip P. Bernard

Are these names spelled correctly? Are they complete? Are there any additional names? They were taken from the Town Clerk's records and will appear this way on the Town Honor Roll unless changes are made by the families.

Haines Bridge Work Begins On Monday

Work will start on the new Haines bridge on Epping road Monday, it was announced this week by the Newmarket Selectmen. A member of the governor's council and a state committee were here about a month ago investigating the need for repairs.

Albert Sewall, Selectman and Representative, stressed the fact that he considers it an emergency for the school bus must pass over the bridge and it is hazardous. While it was hoped to complete the work by Labor Day, it will be at least well started by that time.

Work is progressing on the road up to the Old High school where a large area has been cleared and a wide road is being built.

Kingman Reunion Enjoyed by 30 Persons

There were 30 persons at the family reunion of Mrs. Alice Kingman's family Sunday at Nytabay on Great Bay. Their ages ranged from 91 years, the age of Mrs. Ida Martin of Newmarket, Mrs. Kingman's aunt, to 6 months old, the age of James Gordon Mercer of Hyde Park, Mass., the grand nephew of Mrs. Kingman.

A buffet dinner was served at noon. Bradford Kingman of Kansas City, Mo., and Mrs. John Guyer of Buffalo and their families, the son and daughter of Mrs. Kingman are here for their vacation periods.

Plans Advance For Youth Club County Fair

Kingston, Aug. 3—The Fair committee of the Central Rockingham County Youth club met here today and laid plans for the best 4-H Fair to be held at Kingston in recent years.

Over seventy dollars will be distributed among 4-H Dairy members at the Fair. Equally valuable prizes will be given the exhibitors of clothing, cooking, canning, shop, gardening, and poultry.

There will be games for everyone and a greased pig chase that will bring done the house, if previous experience is any criterion.

About the county, 4-Hers are grooming their calves and teaching them to lead. Other boys are very busy putting the finishing touches on a bit of shop work, or making sure those well developed carrots aren't stricken with some disease. Girls are making sure their jars of blueberries are well-filled and that the seams are straight on that dress. 4-Hers that aren't taking pride in their work and don't plan to exhibit are missing out. Winners at the Fair will know the satisfaction of a job well done and also will receive premiums of cash or merchandise for their work.

4-Hers who would like details on the fair which is to be held at Kingston on September 5 and 6 are advised to contact their 4-H club leader.
