## WARRANT

### STATE OF NEW HAMPSHIRE

#### Town of Newmarket

To the inhabitants of the Town of Newmarket in the County of Rockingham in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the 14th day of March, to act on the following subjects:

(Polls will be open from 10 a.m. to 6 p.m.)

1. To chose all necessary town officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for general government including town officers' salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the Police Department, for health and sanitation, vital statistics, sewer maintenance, sidewalks, street lighting and general expenses of the departments, for education and the Public Library; for charities, including the decoration of soldiers' graves; for recreation; for cemeteries; for interest; for new construction and improvements, for indebtedness to other governmental divisions and to pay all other necessary charges arising within said town.

3. To see if the Town will vote to authorize and empower the Selectmen to borrow money for necessary expenditures; in anticipation of the collection of taxes.

4. To see if the Town will vote to allow a dis-

count of two per cent (2%) on all taxes except poll and head taxes, if paid within fifteen days after receipt of bill.

5. To see if the Town will vote to accept the budget as submitted by the Budget Committee.

6. To see if the Town will vote to pay members of the Fire Department \$72.00 in addition to that required by law. (Recommended by the Budget Committee.)

7. To see if the Town will vote to raise and appropriate the sum of \$1,800.00 to pay the State the Town's share of the remaining costs of Ash Swamp Bridge. Part of this cost is due to the extra depth of the foundation and the engineering costs that were not entered and considered in the original bill. (Recommended by the Budget Committee.)

8. To see if the Town will license the Boy Scouts of America to use for a recreation building a lot having a frontage of 75 feet and a depth of 100 feet on the Old Dump Road so long as they occupy and use said building for said purpose.

9. To see if the Town will vote to raise and appropriate the sum of \$12,500.00 to buy a garbage disposal truck for the Department of Public Works, said money to be paid over a period of four years. (Recommended by the Budget Committee.)

10. To see if the Town will vote to authorize the establishment of a capital reserve fund for the Fire Department. Money to be used in buying future fire truck and the sum of \$2,000.00 to be raised and appropriated each year. (Recommended by the Budget Committee.)

11. To see if the Town will vote to raise the sum of Five Thousand and no/100 (\$5,000.00) dollars to

extend a six-inch waterline into Hersey Lane, said line starting at the intersection of Exeter Road and extending into said Hersey Lane, a distance of approximately two thousand feet. This article is contingent upon the receipt of an additional sum of three thousand and no/100 (\$3,000.00) dollars from the adjacent land owners in the area. (By petition.) Submitted without recommendation.

12. To see if the Town would consider the extension of the town sewerage on South Main Street. (By petition). 600 feet would cost approximately \$1,500.00. Submitted without recommendation.

13. To see if the Town will vote to extend the present water main on Lee Road from Durell's Corner 6,000 feet at a cost of:

6-Inch main	\$14,750.00
8-Inch main	\$25,750.00
10-Inch main	\$31,750.00

Money to be raised by long term notes or bond issue and that said notes or bond issue be paid for by Water Works income. (By petition.) Not recommended by the Budget Committee.

14. To see if the Town will raise the sum of \$6,000.00 from taxes to install a six-inch water main to extend the existing main on Lamprey Street to Durham Point Road and hence to connect to the North Main Street water main for a total distance of about 870 feet and to also include an extension about 500 feet long with a fire hydrant along Durham Point Road in order to furnish improve water service and fire protection to the property owners on Lamprey Street and Durham Point Road. (By petition.) Recommended by Budget Committee.

Given under our hands and seals this 17th day

of February, in the year of our Lord, nineteen hundred and sixty-one.

NICHOLAS ZUK  
JOHN TWARDUS  
CLINTON D. HALEY

Selectmen of Newmarket, N. H.

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned by posting an attested copy of the Warrant at the place of meeting within named, and a like copy at the Post Office, being a public place in said Town, on the 23rd day of February, 1961.

NICHOLAS ZUK  
JOHN TWARDUS  
CLINTON D. HALEY

Selectmen of Newmarket, N. H.

## REPORT OF SELECTMEN

To the citizens of the Town of Newmarket:

The Board of Selectmen submits its annual report for the fiscal year ending December 31, 1960.

	1959	1960
Land and buildings	\$2,635,550.00	\$3,136,385.00
Mills and machinery	408,490.00	374,920.00
Electric Plants	123,100.00	101,530.00
Trailers	5,275.00	6,030.00
Stock in trade	496,650.00	466,210.00
Horses	300.00	350.00
Cows	18,375.00	15,795.00
Neat Stock	1,300.00	810.00
Sheep	150.00	150.00
Fowls	1,650.00	1,920.00
Gasoline Tanks and Pumps	13,475.00	3,300.00
Road Machinery	1,100.00	2,730.00
Wood and lumber	400.00	280.00
Boats	100.00	
Total Gross Valuation	\$3,705,915.00	\$4,110,410.00
Less Veterans' Exemptions	208,800.00	213,035.00
Net Valuation for Tax Rate	\$3,497,117.00	\$3,897,375.00

Tax Rate: \$68.00

## *PROGRESS REPORT FROM THE OFFICE OF THE SELECTMEN*

We respectfully submit to the citizens of Newmarket a summary of the projects undertaken during the past year.

The cement work in the basement of the Town Hall was finished this year. We also have new stairs running from the basement to the main floor. The Court Room has been finished and we have received many compliments from those who have seen it. We invite all the citizens of Newmarket to come in and see the New Court Room.

The Police Department received a new cruiser this year. We also purchased a boat and trailer for the Police Department to be used in rescue work. One officer was sent to the Police Training School at the University of New Hampshire for a month's training. We intend to send another officer this year.

The water tank was cleaned and repaired last summer and we are happy to say that the tank is now in good condition. We intend to keep it that way. At least once a year, it will be cleaned and painted. The Public Works Department will be able to do this work.

The Public Works Department has accomplished over their budget. quite a lot this past year without going too much

The widening and surfacing of New Road was extended another three-tenths of a mile.

The drainage ditch at Maplecrest had filled in so badly that the water was backing up on the lawns of the homes near this ditch. This required the department to dig out the full length of this ditch, which is about 400 feet long.

About sixteen dead trees that were proving a hazard to the public were cut down.

A dozen or more streets were patched and tarred this past year.

The retaining wall at the foot of Prescott Street was reset and a new fence put up. A new fence was also put up on Ham Street. In both cases, these fences were needed to protect the children of our town.

An eight inch transite about 250 feet long to pipe surface water from Nichols Avenue to Elm Street was completed this past year.

The island at Durell's Corner has been removed. This has been a traffic hazard for years. Mr. Fred Durell was kind enough to give the town land on the right hand side of the road, about twenty feet deep and two hundred feet long. We had the pole moved to this land and also moved the hydrant up the road eighty feet and onto the land given to the town.

A cement cap about fourteen inches thick was put on the tomb at Riverside Cemetery. This tomb is now in very good condition.

The Public Works Department took over the care of Riverside Cemetery this past year and has done a remarkable job. We have plans to improve the cemetery by painting the fence, grading the avenues and, if possible, to put in one or two hardtop avenues.

Our regular meetings are held on the first and third Tuesdays of each month. All meetings are open to the public and we welcome your attendance. We wish, at this time, to thank all the townspeople and

town officers for their help in making the past year's work a more pleasant and gainful task.

***DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION***

***Concord, New Hampshire***

***Summary of Findings and Recommendations***

February 3, 1961

Board of Selectmen  
Newmarket, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Newmarket for the fiscal year ended December 31, 1960, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Public Library and Municipal Court. The accounts of the Trustees of Trust Funds were not available at the time of the audit and will be examined at a later date.

**FINANCIAL STATEMENTS**

Comparative Balance Sheets:  
December 31, 1959 — December 31, 1960

(Exhibit A-1)

Comparative Balance Sheets for the fiscal years ended December 31, 1959 and December 31, 1960, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$26,765.75 in 1960.

Analysis of Change in Financial Condition:

(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt		
Net Budget Surplus	\$22,845.28	
Long Term Notes Paid	9,400.00	
Decrease in Accts. Payable	.47	
1959 Deficit Raised in 1960	3,500.00	
		<hr/>
		\$35,745.75
Increase in Net Debt		
Long Term Notes Issued	\$ 6,500.00	
Decrease in Accts. Receivable	2,480.00	
		<hr/>
		8,980.00
		<hr/>
Net Decrease		\$26,765.75
Comparative Statements of Appropriations and Expenditures — Estimated and Actual		

Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1960, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$16,256.01, plus a revenue surplus of \$6,589.27, resulted in a net budget surplus of \$22,845.28.

Summary Statement of Receipts and Expenditures

(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1960,

made up in accordance with the uniform classification of accounts, is presented in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1960, is indicated in Exhibit B-2.

### Statement of Long Term Indebtedness

(Exhibit G)

A statement of outstanding long term indebtedness, as of December 31, 1960, showing annual debt service requirements, is contained in Exhibit G.

### AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

### GENERAL COMMENTS

#### Current Surplus:

It is noted that the current financial condition of the Town changed from a current deficit (excess of current liabilities over total assets) of \$11,095.55, to a current surplus (excess of total assets over current liabilities) of \$12,770.20 in 1960, as shown herewith:

	12/31/59	12/31/60
Total Assets	\$71,778.55	\$96,409.68
Current Liabilities	82,874.10	83,639.48
	<hr/>	<hr/>
Current Surplus or (Deficit)	(\$11,095.55)	\$12,770.20

#### Surety Bond of Town Clerk:

The surety bond of the Town Clerk should be increased from \$2,000.00 to \$5,000.00 in order that it may be more proportional in amount to the amount of funds received by the Clerk.

#### Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newmarket for their assistance during the course of the audit.

Very truly yours,

Harold G. Fowler, Director  
DIV. OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Edgar O. Pesquera, Auditor  
Dumont W. Bailey, Accountant

***DIVISION OF MUNICIPAL ACCOUNTING

***Concord, New Hampshire***

February 3, 1961

**CERTIFICATE OF AUDIT**

This is to certify that we have examined and audited the accounts and records of the Town of Newmarket for the fiscal year ended December 31, 1960. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town of Newmarket on December 31, 1960, together with the results of operations during the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director

*Report of the*  
**BOARD OF WATER COMMISSIONERS**

The Water Works operated without interruption or equipment breakdowns during the past year and furnished constant water service and fire protection to the Town.

The standpipe was thoroughly blasted, repaired and preserved. With careful attention, it is expected that it will provide service for an additional twenty years. Although the sum of \$8,000.00 was authorized last March for repairs to the standpipe, it was possible to have the work accomplished for \$6,000.00, therefore it was necessary to draw only this amount from the Selectmen.

A beginning has been made toward making the plant automatic and some controls have been installed. This project should be completed during the coming year and a sum has been budgeted to accomplish this installation. It is expected that this project will repay itself in labor savings and the reduction of pumping overtime and purchased power.

The Commissioners have investigated the benefits to be derived from cooperation with the Soil Conservation Agency and have budgeted for the coming year on a cooperative basis to improve the stream and the watershed area which is our source of water supply.

The financial condition of the Water Works does not permit expansion of the existing facilities unless additional revenue is obtained either by increasing the water rates or by financing expansions from revenue derived from taxation. The Commissioners believe that the best method of financing future expansions is to introduce these items to the townspeople

at the yearly meeting as articles in the Warrant to be financed from property taxes.

The pumping and filtering equipment is in good condition and no major repairs are anticipated in the coming year to the plant.

The Water Commissioners wish to express their appreciation for the cooperation extended by the Superintendent, Mr. Richman Walker and the continued support of the Selectmen and the townspeople.

Respectfully submitted,

Board of Water Commissioners

MARY GORDON,  
Librarian

### *LIBRARY REPORT*

It is a privilege to report that the improvements made at the Public Library this year completed a five-year plan of work.

All necessary pointing up of the building has been completed for the present time. The entrance hall has been painted and a room, adjacent to the stack room, divided to provide space for the new lavatory which has been installed. Storage shelves were built in the remaining area. Several panes of broken glass have been replaced. A small filing cabinet, in which to keep all library records has been purchased for the office. New window shades for the hall, a step-ladder, and materials to refinish the desk in the main library have also been purchased.

The community now has a building which can be used for other than strictly library service. Youth groups which meet there on a regular schedule include Boy Scouts, Girl Scouts and Cub Scouts. The Tower Room has also been used by the Home Demonstration Group, the Junior Stamp Club, the 4-H Clubs and the American Home Department of the Women's Club.

The recommendation to install combination windows at the library may extend over a period of two or more years. However, this project should be started during the next fiscal year if the present framework is to be preserved. Furthermore, these windows would eliminate many cold drafts and provide ventilation during the summer months.

We wish to acknowledge the gifts of reference books presented to the library in memory of Mr. Benjamin Miller, Mr. Alfred Camire and Mr. Charles Edgerly. We also extend thanks for the gift of books, the Tower Room drapes and the new floor runner presented by the American Home Department of the Newmarket Women's Club. It is also with sincere appreciation that we acknowledge the gift of a leather bound reference book presented by the New Market National Bank, and the contribution of books that have been made by patrons of the library.

Respectfully submitted,

CLIFFORD S. HALE  
ELIZABETH GOWEN  
VELMA SZACIK

## ***POLICE DEPARTMENT REPORT***

For the year ending December 31, 1960

This report is submitted to the citizens of the Town of Newmarket. As it is impossible to report all transactions that occur in the course of the year, I have chosen the following articles for this report that may be of interest to you.

### **NEW EQUIPMENT**

The new cruiser that was purchased for the department last March, was delivered and accepted by the department on May 12, 1960.

A new 12 foot Starcraft aluminum boat, and a new Mastercraft boat trailer was purchased last spring, to replace the old wooden boat that had been in use as an emergency unit for the past 17 years.

A new rostrum was built in the Municipal Court room, and on completion the American Legion presented us with a beautiful American flag and stand, befitting the dedication held on the night of the presentation. Present at the dedication were the Judicial body of the Newmarket Municiple Court, the Clergy from both our churches, state and town officials, members of the bar and many friends. I would like to say that I have received many favorable comments in behalf of the Town and its officials for the interest shown, and co-operation given in making this Municipal Court room possible.

### **PERSONNEL**

John C. Jordan was appointed as the regular police officer, to replace George W. Ball, who resigned from the department to enter private busi-

ness. Also resigning from the department to enter Government employment, was special officer Stephen Bickford. Both of these men were good police officers and we were sorry to have them leave.

I wish to thank the special police officers of the department who have officiated in 307 assignments during the past year. Their work consisted of replacing the regular police officers at public dances, basketball games, carnivals, parades and assisting in the transportation of hospital patients, and who on many occasions have voluntarily given their time without pay to assist at accidents and emergency calls. Their co-operation and efforts are most appreciated.

My thanks also to the Civil Defense Auxiliary Police, who have on many occasions offered their assistance and given us a helping hand.

### PARKING METERS

I have recommended the purchase of 60 parking meters, to replace the 60 that have been in operation for the past 13 years. I also have recommended the purchase of 30 twin-adapters, that we might eliminate every other meter post. These meters are urgently needed, and they should be purchased in fairness to the public who use them and expect the allotted time due them for the coins they deposit in them.

### COURT CASES

A summary of court cases heard in the New-market Municipal Court are recorded as follows. Of the 139 cases listed, the record shows 28 were brought in by departments other than your local police department. They were: State District Fire

Chief, 1; State Police, 6; State Motor Vehicle, 6; State Fish and Game, 15. Your local department lists 111 cases. Broken down into their separate offenses, they read as follows:

Unlawful possession of intoxicating liquor	
by minors	6
Unlawful kindling of a fire	1
Taking clams without a license	1
False statement to obtain res. hunting lic.	1
Unlawful taking of oysters from Great Bay	6
Obstructing a public sidewalk	1
Throwing trash on a public street	1
Destruction of property	2
False statement to obtain compensation	1
Breaking, entering and larceny	3
Assault	3
Vagrancy	1
Auto theft	2
Disturbing the peace	4
Disorderly conduct	15
Common drunk	8
Defective motor vehicle muffler	2
Failing to yield right-of-way	1
Failing to show financial responsibility	1
Leaving the scene of an accident	2
Reckless operating of a motor vehicle	6
Operating unregistered motor vehicle	4
Operating uninspected motor vehicle	3
Carrying loaded gun in motor vehicle	5
Operating a motor vehicle without license	3
Allowing an unlicensed person to operate	1
Operating motor vehicle under the influence	
of intoxicating liquor	8
Failing to stop at a stop sign	6
Obstructing view in windshield	1
Speeding on a public highway	33
Juvenile hearings and not listed above	7

## DAILY LOG ENTERS

Doors on being checked & found unlocked	89
Motor vehicle accidents investigated	84
Complaints received	287
Telegrams & telephone calls delivered	57
Homes & camps checked—7 posted	75
Requested police escorts	62
Assistance rendered	73
Lost & stolen property recovered valued at	\$2,158.00

To all Town officials, appointed committees Town employees, business men and citizens, I wish at this time to express my sincere thanks and appreciation for the help and co-operation extended me through the year 1960.

Respectfully submitted,

JOHN VALLIERE

Chief of Police

## ***FIRE DEPARTMENT REPORT***

There appears in the Newmarket Town Warrant an article worded, "To see if the Town will raise and appropriate two thousand dollars for the establishment of a capital reserve fund for the financing of all or part of the cost of a new fire truck."

The age of the present Newmarket Fire Department equipment is the reason for this proposal. We now have the following units:

A 31 year old Ford, used for brush and grass fires,  
A 27 year old Chevrolet, used for ladder and hose,  
A 20 year old Seagraves, used as a pumper and hose truck,

An 8 year old Chevrolet, used as a tank truck.

Although this equipment is now in excellent condition, it is felt that within eight or ten years a new piece of equipment will have to be purchased to replace one of these. We feel that we should be prepared through adequate advance planning for any future replacements, not only to meet future emergencies as they may arise, but to save the Town a large sum of money incurred in the form of indebtedness resulting from borrowed money. As an example, the interest on two thousand dollars accrued at 3% over a period seven years would amount to \$1,718.00. To borrow \$14,000.00 repayable in four years would add approximately \$2,100.00 to that sum for interest alone.

A capital reserve fund on the other hand would insure the sum of two thousand dollars per annum set aside for the express purpose of buying a new fire truck and over a period of years could insure an amount sufficient to cover the entire cost of such a truck.

The Newmarket Fire Department responded to

42 alarms during the past year, five of which resulted in property damage totalling \$8,423.00, \$4,686.00 of this was covered by insurance.

House and barn fires	4
Chimney	5
Grass and brush	9
Car	2
Out of Town	3
Resuscitator	1
Rescue	1
Telephone fault	2
False alarm	2
Still alarm	3
Flooded oil burner	1
Trailer	1
Inspecting oil burners	8

Fire-wise, the year 1960 was an excellent one with a spirit of good cooperation which we hope will continue. We suggest the Home Fire Prevention should be given added consideration with the serious intent of actually practicing recommended Fire Prevention Week suggestion for 52 weeks of the year with particular emphasis on attics, cellars, closets, chimneys and the places where debris usually collects. Have your heating system checked periodically by a qualified service man.

It is interesting to note that of the many new heating systems installed during the past year, only eight householders asked for fire department inspection to check on use and efficient operation of vital safety devices important to family safety and required by law. Check existing electrical wiring to be certain the present circuits are not overloaded. This is one of the main causes of fire.

In the interest of appearance and maintenance,

the exterior of the fire house has been painted. Three hundred feet of 2½ inch hose has been purchased as well as a 2½ inch fog nozzle a hose storage rack and other smaller pieces of equipment.

Our existing fire alarm system has now been extended down New Road as far as the entrance of the trailer park where Box 35 has been installed.

Remember that permits for outside burning are required by law. These may be easily obtained (under proper weather conditions) by calling your Fire Warden at OL 9-3286 or your Deputy Warden at OL 9-3216. However, the use of the Town Dump is strongly recommended for the disposal of rubbish. Burning at the dump is controlled and supervised and the use of this Town service can often save much personal and financial difficulty.

The Newmarket Fire Department has offered efficient, speedy and economical service because of the enthusiasm and interest of its members and equally important because of the interest of Newmarket citizens in maintaining their fire department. I ask for the continued support of all in performing this vital function.

Respectfully submitted,

Chief Robert S. Keller  
Deputy Chief Herbert Philbrick  
Deputy Chief Richard J. Butler  
Newmarket Fire Department

## *CIVIL DEFENSE REPORT*

### WHAT — WHO — WHY — HOW

#### WHAT ?

To express my sincere thanks and appreciation to the citizens of Newmarket for their cooperation given me and the Civil Defense program during the past year.

Civil Defense is the protection of life and property through advance preparation and the carrying out of emergency preparations to prevent, minimize, repair and recover from injury and damage.

Civil Defense cannot be separated from government because it is government. It is the established agencies of government, trained and ready to cope with disaster, prepared to carry out emergency measures.

During the year 1960 the Town of Newmarket had two alerts called from State CD headquarters in Concord, those of Hurricanes "Brenda" and "Donna." During these alerts personnel who volunteered their time were at the fire station and police station prepared to work with members of each department and ready to cope with any emergency that might arise. This service is given the Town without pay or reimbursement by many members of your local Civil Defense Unit.

#### WHO ?

There persists in many minds the image of Civil Defense as something apart from regular government, something which would spring into being solely to bear the vast responsibilities of home defense and recovery in the case of an attack. This is entirely false. The responsibility for Civil Defense

in this Nation rests squarely on the regularly constituted government at local levels and upon the people themselves!

The Town of Newmarket has a Civil Defense Unit of which everyone should be proud. This organization works with your regular police, fire and highway departments, any time, any where and any place!

#### WHY ?

An adequate local Civil Defense program is essential for the survival of our community during local disasters and preservation of our own way of life. Local Civil Defense preparations will, in the future, prevent unnecessary loss of life in emergencies and further better relations among the citizens of our Town.

#### HOW ?

Your local Civil Defense Unit is a group designed to serve the people in any type of emergency, although this does not mean that we are the only group prepared for a local crisis. Your fire, police and highway departments are still the most important operating agencies of the group. Much credit is due to the personnel who work with these departments.

Your local Civil Defense Unit will serve the people in all local disasters and in the case of a downed aircraft in your Town.

During the year 1960 your local Unit has had training in Red Cross First Aid, police schooling, radiological detection and monitoring, and other phases of general preparedness for emergencies.

Industries must be prepared to recover and produce. The people, individually, must be prepared to survive and recover. They must know and take

action on the following fundamentals:

1. Know the warning systems and what they mean.

2. Know your community's emergency plan. (Are there any curious citizens who would like to find out just what this plan is? If so, don't hesitate to ask questions.)

3. Know how to use CONELRAD—640 or 1240 on your AM radio stations.

4. Know first aid and home preparedness.

5. Know how to protect yourself from radioactive fallout and if possible, construct a fallout shelter.

As Director of local Civil Defense, I am justifiably proud of the members of my Unit, which, through their efforts has grown proportionately in the past two years to the point where the Newmarket Unit now rates among the best organized and equipped in the state. As Director, I am confident of the continued support of every citizen in maintaining this vital program.

Respectfully submitted,

GEORGE HAUSCHEL

Director

## ***REPORT OF THE PLANNING BOARD***

Town business is big business and as such good financial practices of big business should be followed. In this area, it would seem that large expenditures for the replacement of equipment should not be allowed to depreciate without some attempt being made to set aside a sum of money each year equivalent to that depreciation.

It is time for Newmarket to set up a Capital Reserve Fund and the amount required for this would be placed in the hands of the Trustee of Trust Funds where it would earn interest and it could be spent only by the authority of a future town meeting. This would help to stabilize the town tax rate structure.

We strongly urge that this program be instituted by an article in the Town Warrant in 1962.

In last year's Town Report, we indicated that our efforts this years would be spent to locate Federal and State aids available to the community. We were able through Soil Conservation Programs to make contact for the Water Works and although no Federal funds were available to them directly, indirectly, however, through the co-operation of the property owners along the Water Shed area, funds will be used to help increase the flow and yield of water. In addition, free direct technical and some engineering aid is available and already has been used.

During the year, with the Board of Selectmen, the Budget Committee, and the Water Board, we met with the State Water Pollution Board to seek information on the problems ahead in reference to Pollution. For ten or more years now, word has trickled down that the town would have to clean

up the Lamprey River and it is apparent that no serious thought has been given to this large undertaking. Federal aid of 30 per cent and State aid of 20 per cent is available for a Sewerage Treatment Plant. With this amount of aid being offered it should be apparent to us that we will have to face up to this problem before we have the distasteful action of being forced into it by an order from the State Pollution Board. If the legislature accepts the report being made by this board and there is no doubt that it will, the order will be received by the Selectmen in the year 1961. Although we can get a delay up to five years to accomplish the work, we feel that the Town should authorize a committee to study the problem and return a full report for the Town Meeting in 1962 or perhaps earlier by a special meeting if the Selectmen receive the expected order in 1961.

Respectfully submitted,

ARTHUR R. BEAUCHESNE, Ch.

## *SCHOOL WARRANT*

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town  
of Newmarket qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall  
in said district on the 22nd day of March, 1961, at  
ten o'clock in the forenoon, to act upon the following  
subjects: Articles 1, 2, 3, 4 and 7.

Articles 5, 6, 8, 9, 10, 11, 12, 13 and 14 to be  
taken up at the High School Gymnasium at eight  
o'clock in the evening.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for  
the ensuing three years and a member for one year.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the  
School Board and Truant Officer, and fix the com-  
pensation of any other officers or agent of the dis-  
trict.
6. To hear the reports of Agents, Auditors,  
Committees, or Officers chosen, and pass any vote  
relating thereto.
7. To choose Agents, Auditors and Committees  
in relation to any subject embraced in this warrant.
8. To see what sum of money the district will  
raise and appropriate for the support of schools, for  
the salaries of school district officials and agents,  
and for the payment of statutory obligations of the  
district, and to authorize the application against said

appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the School District of Newmarket will raise and appropriate a sum of \$5,700.00 to repair the roof at the High School. Recommended by the Budget Committee.

10. To see if the School District of Newmarket will vote with the other Districts of Supervisory Union No. 14 to provide for the services of a Helping Teacher as provided in R.S.A. 186:11, XXII, XXIII, XXIV; as amended 1957, R.S.A. 252:2.

11. If the above vote is in the affirmative, to see if the District of Newmarket will raise the sum of \$1,634.58 for salary, transportation, retirement and social security. Recommended by Budget Committee, contingent upon approval of Art. 10.

12. To see if the School District of Newmarket will authorize the School Board to purchase a parcel of land presently owned by Mr. Sopel behind the High School (the area to be determined after surveying) for a sum of \$10,000.00; and in doing this to see if the District will authorize the School Board to apply the amount of money in the capital reserve fund toward the amount of purchase, the balance to be paid as the future money of the capital reserve fund becomes available each year. Recommended by Budget Committee.

13. To see to what extent the School District of Newmarket will share services and facilities with Epping.

14. To transact any other business which may legally come before this meeting.

Given under our hands at said Newmarket this 3rd day of March, 1961.

BEATRICE L. GEOFFRION  
HENRY M. BOSINGER  
JOHN A. DODDS

## CERTIFICATES

To the Board of Selectmen:

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the New-market school district held March 15, 1960.

June 15, 1960

ISABEL DONOVAN

Clerk of the School District

To the State Department of Education:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1960-1961, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board in accordance with N. H. Revised Statutes Annotated, Chapter 197, Section 20.

June 20, 1960

KENNETH W. VARNEY

Chairman of the School Board

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire

*Summary of Findings and Recommendations*

July 26, 1960

The School Board  
Newmarket School District  
Newmarket, New Hampshire  
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Newmarket School District for the fiscal year ended June 30, 1960, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1959 and June 30, 1960, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$14,235.51 during the fiscal year ended June 30, 1960.

Analysis of Change in Financial Condition

(Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and  
Expenditures—Estimated and Actual Revenues

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1960, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$5,051.51, plus a net unexpended balance of appropriations of \$2,541.21, resulted in a net budget surplus of \$7,592.72.

Summary of Receipts and Expenditures  
(Exhibit E-1)

A summary of receipts and expenditures for the fiscal year ended June 30, 1960, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1960, is indicated in Exhibit E-2.

Statement of Long Term Indebtedness  
(Exhibit F)

A statement of outstanding long term indebtedness of the School District as of June 30, 1960, showing annual debt service requirements, is contained in Exhibit F.

Statement of School District Tax Account  
(Exhibit G)

A statement of the School District Tax account with the Town of Newmarket is presented in Exhibit G.

It is noted that during the fiscal year ended June 30, 1960, the School District received from the Town of Newmarket the total amount of the 1959-60 School Tax, \$138,048.79. It is further noted, however, that the District made a refund payment to the Town in the amount of \$1,357.21 on June 30, 1960. This was the amount of the School District cash balance on June 30, 1959.

Inasmuch as this cash balance on June 30, 1959, of \$1,357.21, was included as estimated revenue when D), no refund should have been made to the Town. the 1959-60 School Tax rate was calculated (Exhibit

Therefore, as of June 30, 1960, as indicated by Exhibit G and the Balance Sheet (Exhibit A), there was a balance of \$1,357.21, on account of the 1959-60 School Tax, due the School District from the Town of Newmarket.

#### Student Activities Accounts: (Exhibit I)

Presented in Exhibit I is a summary statement of the Student Activities accounts for the fiscal year ended June 30, 1960. As the cancelled checks and bank statements were not available for audit, it was not possible to reconcile the balance at the close of the year as indicated by the records.

### GENERAL COMMENTS

#### Current Surplus

The current surplus (excess of total assets over current liabilities increased from \$1,357.21 to \$7,592.72, in the fiscal year ended June 30, 1960, as shown herewith:

	6/30/59	6/30/60
Total Assets	\$1,357.21	\$7,592.72
Current Liabilities	— 0 —	— 0 —
Current Surplus	<u>\$1,357.21</u>	<u>\$7,592.72</u>

### CONCLUSION

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the

Newmarket School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director  
Division of Municipal Accounting  
State Tax Commission

Joseph W. Boudreau,  
O. Maurice Oleson, Auditors

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire

July 26, 1960

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Newmarket School District for the fiscal year ended June 30, 1960. In our opinion, the Exhibits included herewith reflect the true financial condition of the School District on June 30, 1960, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director  
Division of Municipal Accounting  
State Tax Commission

Joseph W. Boudreau,  
O. Maurice Oleson, Auditors

## *REPORT OF NEWMARKET SCHOOL BOARD*

The School Board takes pleasure in submitting the following report:

We were able to perform many repairs to the schools to improve and maintain them in the best condition possible.

Three dangerous Elm trees were removed from the Central School yard and the whole area was patched and tarred. This work was done by Mr. Richman Walker and his crew from the Highway Department keeping the cost at a minimum. An area at Stone School was graded and resurfaced. This provides a suitable play area for the students and improves the looks of the school and the neighborhood.

Heating radiators and new lights were installed at Central School in the second floor corridor and in the boys' basement. New lights were also installed in the High School Science Laboratory, Sewing room, Teachers' room and Principal's office. The dangerous lighting distribution panel in this building has been replaced by a modern approved type.

The following work remains to be done and it is hoped that the repairs can be accomplished during the coming year:

A fence should be erected around the Stone School play area to reduce the possibility of children getting hurt.

It is planned to complete the lighting improvements at Central School, finish the inside painting and do some outside painting. It is also planned to repair, sand and refinish the floors at Stone and Central Schools.

The Gymnasium floor is beginning to warp because there is no ventilation under the floor. It is expected to correct this condition next summer and

also to sand and refinish this floor.

We were fortunate in receiving a bid for School Transportation from Mr. Joseph Berry of North Hampton which was \$1,200.00 less than the next highest bidder. This permitted the board to change the bus routes and to furnish additional service to students living beyond the Bridge on Durham Side and those living beyond the Pumping Station on Packers Falls Road.

By grouping the insurances under one account it was possible to realize an appreciable savings. These policies are now up-to-date and no longer in arrears.

The Board wishes to thank Mr. Wade, the Superintendent for his invaluable help and guidance, and the two principals, Mr. O'Connor at the Elementary Schools and Mr. Landroche at the High School for the excellent work they are doing. Dr. Brown and school nurse Mrs. Jarosz are also to be thanked for the great work they are doing in the health department. We are proud of our entire teaching staff and hope that they will remain with us for many more years. Our two custodians, Mr. Harclerode at the Elementary Schools and Mr. Cardin at the High School, are doing excellent jobs at repairing and maintaining the buildings at real savings to taxpayers since they are handy at all types of repair work.

We wish to express our appreciation to the Selectmen and the people of Newmarket for the cooperation given us during this past year.

Respectfully submitted,

BEATRICE L. GEOFFRION  
HENRY M. BOSINGER  
JOHN A. DODDS

School Board

## *SUPERINTENDENT OF SCHOOLS REPORT*

At the School District Meeting last year after a discussion of the possibilities of forming a Cooperative High School with Epping you were told that you would receive a report at a later time. The report will be given to you in detail at the March meeting, however, I would like to explain to you briefly at that time a proposal that I feel offers both communities a great opportunity.

Rather than form a Cooperative School District and involve yourselves in building programs, etc. this proposal that I am presently discussing is to share educational facilities and services with Epping, or in other words to cooperate on various aspects of secondary education but on a more informal basis than an actual cooperative.

Instead of Epping attempting to build a new High School and provide all the special facilities needed for a comprehensive program it would seem more reasonable for them to build a High School, and instead of building a shop in their High School, to transport their high school shop students to Newmarket to receive this part of their education. Further, to explain this a little more clearly, both schools are teaching foreign languages and advanced college math. In both schools and in both programs there are from three to six students in these advanced classes. It would seem more reasonable and certainly reduce the per pupil cost if these classes were combined and hire one teacher to teach these students in one place, rather than teach them in two different places with two teachers.

In sharing services with Epping it would be possible to offer a more diversified program, and one that would enable the schools to group the students

more in line with their ability. For an example, in industrial arts greater emphasis can be placed on other phases of the program besides wood working such as metal, electronics, mechanics, etc. In English, students are grouped in two classes — college and practical English. At least one and perhaps more classes can be offered with additional students, and classrooms. Further, because of the few number of students participating in high school home economics Newmarket is losing several hundred dollars this year. If these classes were combined with Epping's, both communities would be eligible.

The obvious question is what happens to transportation. However, it is more economical to hire a bus to transport the children back and forth for a year than it is to hire a teacher. It would appear then, that it is only reasonable to share educational services and facilities between Epping and Newmarket when the per pupil cost can be lowered in both communities and a better, more highly diversified comprehensive program can be offered to all these children. I urge you between now and the School District Meeting, to discuss this proposal with the School Board, your educators and friends and come to the School District Meeting to hear the detailed report so that you might vote intelligently on this very vital question.

Reference is made again this year to the questions brought to your attention last year in my report to you; mainly the type of education you expect and the type you are willing to support. We still need a program of studies. We still need a basic series in our subject areas. In addition one of the greatest needs in this Union is still help at the Union level. This is in relation to the position of Superintendent. It is unreasonable to expect anyone to fulfill all the

obligations this person should fulfill as Superintendent of Schools and properly care for all the communities that are expected to be cared for in this Union. I feel it necessary to again this year request and emphasize the need for a Helping Teacher.

In looking over our needs listed last year, it is noted that some of them have been fulfilled. For example, we are rapidly progressing toward a program of minimum essentials and a program of studies. We have improved our basic series in the subject areas. We have evaluated and made changes and are now using a new report card. We have developed and have only recently put into use a permanent record system that is universal throughout the Union. There is being offered an inservice training program for teachers, insignificant as it is at the present time, we are providing courses to improve teaching ability.

In conclusion, I would like to offer to you as parents and citizens a challenge. Let us all search ourselves and others to determine what type of school is most desirable, ask ourselves if our school presently fits these requirements, and if not, attempt to create change so that it will.

Respectfully submitted,

THAYER D. WADE

Superintendent of Schools

## *HIGH SCHOOL PRINCIPALS REPORT*

To the School Board, Superintendent and Citizens of Newmarket:

It is with great pleasure that I submit to you the annual report as Principal of Newmarket High School.

School opened on September 7, 1960 with a few changes in our faculty. Mr. Fisher replaced Mr. Mooney as our new Science teacher. Mr. Mooney left to take a position at the University of New Hampshire. Mr. Burke replaced Mr. DesRoche as our Music Supervisor, and Miss Eastman replaced Mrs. Skillings as our Home Economics teacher. Mr. Varney was hired as a Guidance Director and teacher of Science and English in the Junior High.

### CHANGES AND IMPROVEMENTS

There were a number of changes and improvements at Newmarket High School this past year.

The desks at the school for the past few years have been in terrible shape and it was decided to purchase desks for one room each year until all new desks were in the school. Upon looking at the desks, I found that sides were in good shape and only the top needed to be replaced. With permission from the School Board I went to an auction of a desk building company in Boston and purchased the desk tops for all the desks in High School for a total of one hundred and eighty-seven dollars. To have replaced all our desks in High School would have cost the taxpayers a total of forty-eight hundred dollars.

We have recently turned the library around to face the study hall and have also given the lower half

of the study hall a good paint job. Rooms one and two have been painted and the Lab will get a coat of paint before school closes this June. New lights have been installed in the Principal's office. Desk and file cabinets have been purchased through government surplus and many items for the shop.

Newmarket High School is faced with a shortage of classrooms due to our expanding curriculum. It would be my suggestion to divide the old auditorium into two floors and put at least three classrooms on the second floor. At the present time, this is just so much wasted space that we have to heat. The State of New Hampshire will pay thirty percent of the major construction for this project and the Federal Government will pay fifty percent of having a Language Lab installed in one of the above rooms mentioned, up to \$1,500.00.

At the present time, we are holding classes in the Science room and the old Typing room and this is not good as both rooms are very small. It is my hope and wish that something can be done to solve this problem before school starts next September.

One of the major problems that faced your principal three years ago was the scholastic standing of Newmarket High School in comparison to the rest of the schools in the state.

Three years ago, Newmarket was ranked forty-ninth out of seventy-eight schools tested, in relation to the statewide testing program. Two years ago Newmarket made good strides, moving up to twenty-fifth place and this past October, Newmarket moved into the top ten, ranking eighth out of seventy-seven schools tested.

This tremendous drive toward the top has been

accomplished only with the help of an excellent faculty and the backing of the local School Board, Superintendent of Schools and the Citizens of Newmarket.

The Citizens of Newmarket can be proud of the type of education their sons and daughters are receiving and at the present time need to look up to no one.

Once again I wish to thank the members of the School Board, Superintendent of Schools, teachers, students and the many organizations who have made this year a successful one.

Respectfully submitted,

LEO A. LANDROCHE

Principal

## *ELEMENTARY SCHOOL PRINCIPAL'S REPORT*

To the School Board, Superintendent and Citizens of Newmarket:

It is with great pleasure that I submit this, my annual report as Principal of the Newmarket Elementary Schools.

### TEACHERS

The teaching staff at the Central and Stone Schools remained the same as in 1959-1960.

The teachers include Mrs. Jean Lancaster, Grade 1; Miss Ann Hutchins, Grade 2; Mrs. Naomi Charest, Grade 3; and Mr. Edward O'Connor in Grade 4.

The Stone School faculty consists of Mrs. Ruth Robie, Grade 5; and Mrs. Mildred Rooney in Grade 6.

### IMPROVEMENTS

A number of improvements have recently taken place at our two elementary schools.

At the Stone School, the land adjacent to the building has been leveled and hot topped. The hill in the front has also been banked and will be seeded.

At the Central School, a transformation is in progress. The upper walls in every classroom have been painted. An old storage room on the lower level of the building has been cleaned out, painted and fixed up to serve as a teacher's room, nurse's room, and will be used also by the music teacher to give individual instruction on band instruments.

The basements and stairways leading to the basement have been painted. The only thing left to be done are the floors. They will be completed during the summer vacation. Fluorescent lights have also been installed in the basements and hallways.

Probably one of the biggest improvements to have taken place thus far, is that of the hot lunch

kitchen. This has been completely cleaned out. The ceilings, pipes and walls have been painted, and a new blower installed for the stove. A new food mixer was purchased for the program last spring, and this summer the vegetable slicing attachments were obtained. Recently a second hand meat slicer was purchased and is now being used.

### ADMINISTRATIVE CHANGES

This year, as a result of the work of our elementary teachers, in conjunction with other teachers in our supervisory union, we have made a number of changes in the school.

Early in the year, the first of these groups held a number of meetings to revise our report card system. Teachers representing Newmarket on the committees were Miss Ann Hutchins and Mr. Edward O'Connor. As a result of the work of these committees, two new report cards were adopted — one to be used in Grades 1, 2 and 3 and the other is being used in Grades 4, 5 and 6.

The next project to be undertaken was that of curriculum improvements. As of this writing, the work is still not completed, but it is expected to be finished by the end of the school year. The members of the elementary school staff participating in this project are Mrs. Lancaster, Mrs. Charest, Mrs. Robie and Mrs. Rooney.

The elementary school principals of the union also worked on a new system of permanent records this year. After looking over a number of different types, one record was adopted for our union. This record is for the purpose of simplifying our paper work, and to avoid needless repetition of materials.

### NEW PROJECTS

This year, for the first time in at least the last five years, an Open House was held at the schools.

This was held in conjunction with National Education Week. I am happy to say that the turnout was very good. Between 75 and 100 parents turned out to talk to the teachers and see some of the work that is being done by their children.

Another "first" this year was the beginning of a school safety patrol. This has been a very successful program. This is not only good for the safety of our children but will also help to develop our patrol leaders into more responsible citizens.

I would like at this time to express my thanks to Police Chief John Valliere for his time and effort in helping me to organize the program. I would also like to thank the Newmarket P.T.A., Labranche's I.G.A., Turcotte's Hardware, and Griffin Insurance Agency for their donations toward the purchase of wearing apparel for the patrol.

#### TESTING

Both intelligence and achievement tests have been or will be administered in all grades this year. The purpose of these tests every year is to gain a basic picture of the child's achievement by grade six.

Achievement tests are being given twice this year, once in September and again in May. Intelligence tests are administered in February.

I wish to extend my appreciation and sincere thanks to the members of the School Board, Superintendent, teachers and all others who have assisted in making this a successful school year.

Respectfully submitted,

EDWARD F. O'CONNOR

Principal

## *MUSIC REPORT*

It is with pleasure that I take advantage of this opportunity to present the annual Music Report to you; for there is much that can be said on this matter. I shall try to be both frank and concise.

The current music program for the Newmarket schools is quite weak in many aspects although there is a good potential.

### ELEMENTARY SCHOOL

The emphasis here is on learning to read music. This is an unbelievably major operation, one that fully requires the six years that are available on the elementary level. In the course of this the pupil acquires more than just a passing acquaintance with the "Technology of Music": notation, terminology, key signatures (both major and minor), rhythmic and metric patterns, some basic harmony, instrumentation (i.e. instruments of the band and orchestra and their characteristics), some history and a realistic familiarity with the world's greatest musicians — both past and present.

Certainly the person who reads music (whether or not he or she plays any instrument) has a distinct advantage over anyone who does not — yet makes an attempt at some form of musical activity.

The pupil entering Junior High with this background has a great deal indeed to contribute to the school choruses and band or orchestra. One can then easily take up an instrument and make rapid progress because three-quarters of the difficulty in learning to play an instrument lies in the ability to read music and keep time. The same applies, of course, to singing.

Grades one and two rely on simple note singing, rhythmic activities and some easy record listening. Grades three and four concentrate on extending

their vocal repertoire, especially American and patriotic songs. They learn Valuation of Notes and first key signatures. Ear training is also developed at this stage and different recordings are played. Grades five and six sing a great variety of music including some pieces by great composers. This is supplemented by lectures and records. The 4th, 5th and 6th grades also combine once a week for 45 minutes and form the Elementary Chorus. They are presently working on a project called "Italian Festival" as their contribution to the SPRING MUSICALE to be held this year.

#### JUNIOR HIGH SCHOOL

Junior High meets three times weekly for music. This includes chorus rehearsals, classes in music and music appreciation. The chorus is working on American Show Music and will also be featured in the SPRING MUSICALE.

#### SENIOR HIGH SCHOOL

The pride and joy here is the Glee Club which also meets three times a week. These are always rehearsals. The music is four part harmony and represents a cross section of all types of music including some of the finest choral music ever written. (e.g. Gounod, Bach and Verdi will be heard in the SPRING MUSICALE.) We are endeavoring to build an Esprit de Corps as well as a highly polished precisioned musical unit. In the future, as we gradually reap the harvest which is to be the result of the intensive and painstaking program in the lower grades, we envision a group second to none in the state on the high school level. Such a group would be more than capable of representing the school and town by traveling and presenting concerts.

#### BAND AND ORCHESTRA

This is, without question, the weakest and most

difficult element in the entire program. Facilities are non-existent! Again, the potential is there. Nothing is impossible.

The band, at present, is made up of the pitiful number of ten members, most of these from the elementary level. (Rehearsals are held once — sometimes twice weekly. They should, of course, be held daily.) Individual instruction is available on all instruments.

To function properly (with even less than adequate facilities), a school needs a Band (or Music) office which can also contain instruments, supplies, music library and uniforms, and, in a pinch, be used to service the Glee Club also. In addition there should be at least one other large room to be used for sectional and individual band practices. (These must also be daily, and are exclusive of the full band rehearsals which can still be held in a gym-auditorium, although such is not always available.)

A good high school band is also an orchestra. The orchestra is slightly larger and performs indoors. The greater part of the orchestra forms the band (or marching band) which then plays for parades, sporting events, fairs and even civic activities and Patriotic events. Thus it can be readily seen how a well integrated school music program can benefit the whole community in a practical as well as aesthetic sense. Also, the nucleus of the band forms a dance or society orchestra, again with dividends for all.

In summary I will just say — as a musician — that a good school band, orchestra and chorus, such as we have the makings of here, can become BETTER than good on a state-wide basis and thereby bring in much glory and publicity not only to the school, but to the town.

Respectfully submitted,  
JAMES BURKE

## *SCHOOL HEALTH PROGRAM — 1960*

To the School Board and Citizens of Newmarket:

It is with sincere pleasure that I submit this, my third report of the school health services of this community.

### *Pre-School Clinic*

In May the pre-school clinic was held to register and examine the children who were to enter school in September. Physical examinations and vaccinations were given by I. E. Brown, Jr., M.D. The number attending were: Central School, 20; St. Marys' School, 11. There were 20 vaccinations given.

### *Special Referral Clinics*

**Speech:** We were very fortunate this year in being able to send children from our town to a speech clinic in Epping. For a minimal charge, children who have a speech defect can be helped weekly by a speech therapist at the Epping School. Six children were referred to this clinic.

**Guidance:** We in this state, are able to send children to the Guidance Clinic in Concord for diagnosis and treatment of all emotional problems. One child was referred to this clinic for special psychiatric help.

**Polio:** In April, a free polio clinic was held to give booster polio inoculations. Thirty pre-school and school children attended.

**Orthopedic:** One child was referred to the Orthopedic Clinic in Portsmouth.

As you can see from the above, we have many clinics at our disposal which aid us in keeping the health of our children at its best. Please contact me if your school child has any problem that I may have missed in my routine inspections.

### Tuberculin Testing Program

It is my sincere hope that with the help of the Tuberculosis Association in this state I can get a patch test program started in our schools. This is a free service that tests our children for T.B. It is painless and should be done every two years. Persons who have a positive reaction to the adhesive patch, that is placed in the arm, are X-rayed. Many early cases of tuberculosis are diagnosed this way, and thus receive early treatment. Tuberculosis is responsible for one in every fifty deaths among Americans.

### Physical Examinations

This program, started last year, is very important to the health of the children. Irving E. Brown, Jr., M.D., the school physician, examines all students (with parents permission) in the 1st, 4th, 7th and 11th grades. All athletes are also examined. Blood hemoglobin and urine tests are completed at the same time. Parents are notified immediately if any defect is found.

#### Examinations done:

Jan.-June, 1960 — High School 43; Central 39  
Sept.-Jan., 1961 — High School 109; Central 0  
(to be completed later)

### Health Inspections

These are the routine examinations given by the nurse periodically throughout the school year. They include height and weight, nutrition, hair and skin check-ups, and vision and hearing tests. Examinations as follows:

#### HIGH SCHOOL
