ANNUAL PROGRESS REPORT OF THE SELECTMEN

The Selectmen respectfully submit to the Citizens of the Town of Newmarket, a summary of projects that were undertaken during the past year and **their** status to date.

The sewerage treatment plant went into operation during the month of July. Open House for the public's inspection of the plant was held December 6, 1970 — many townspeople took advantage of this and received a guided tour of the plant.

The water department, with the public works crew, extended the water main on Bay Road.

During the year the town purchased a new police cruiser, a new tractor and backhoe, and a snow blower.

This year's T.R.A. work was on Langs Lane, with some work being done to remove the ledge outcroppings on Bay Road.

The Lamprey Street drainage project was started and is about 85 % complete.

The fuel oil and gasoline accounts for the town were let out to bid. The low bidder this year was H. R. Haines Co., Inc.

The highway crew finished the drainage and sidewalk work on South Main Street and should be complimented on a good job.

The Town purchased Beaulieu's Little League Park after a Special Town Meeting was held June 23, 1970.

The Selectmen's Meetings are held on the first and third Tuesday of each month. We welcome anyone who wishes to attend these meetings.

Respectfully submitted,

ANNUAL REPORT OF THE BOARD OF WATER COMMISSIONERS

We are happy to announce at this time that the water line on Route 152 has now reached the well site on the plains. A pump has been installed and a temporary well house has been built around the pump, motors, electrical units, heater and on August 11, 1970 the pump was put into motion. Since that time, the pump has run twenty-four hours a day at the rate of 140,000 gallons per day.

We plan to utilize this well for the balance of the year before developing a gravel packed well.

Periodical checks by the N.H. Water Supply & Pollution Control Commission have proved to be satisfactory.

The following water extensions were made during the year and were totally paid by the property owners.

2600 feet 6" Cast Iron Pipe — Off New Road

500 feet 6" Cast Iron Pipe — Pine Street

100 feet 6" Cast Iron Pipe — Off Bay Road

We wish to take this opportunity to thank the people of Newmarket for their help and support in making our task easier in the running of the Water Department.

Respectfully submitted,

John W. Nesbitt

LIBRARY REPORT 1970

This year more old books have been weeded out in order to keep the stacks up to date; by so doing, we were able to make the old books available to the public at a low price. Books for both children and adults were offered and many sold.

Improvements are still being made; one of these was the installation of doors on some of the cupboards in the Tower Room. This provides clean and dust-free storage space for the many books and periodicals which must be kept there, plus offering a private space for the use of groups which meet at the Tower Room. An unplanned but essential repair this year was to the boiler.

During National Library Week, a Poster Contest was held. The First Prize Winner in the First Division was Sherry Bentley, Grade 2, who received a copy of the book "Peter and the Wolf." First Prize Winner in the Second Division was Suzanne Nichols, Grade 5B, who won a copy of "Charlotte's Web."

We have been very fortunate in receiving many donations to the Newmarket Library this year. Among these is the gift of a large oil painting, "Jesus, Mary and Martha," painted by Henry W. Flagg, given by Miss Martha Elliott, in memory of her father and mother, E. Leavenworth Elliott and Carrie E. Elliott. This painting now hangs in the main room of the Library.

Gifts of books have been made by Mrs. Charles Marelli, Mrs. Gladys Moore, Mr. Robert Stone, and the Phil Hendrickx family.

An anonymously-donated but much-appreciated gift is that of a record player, which the Library greatly needed.

We would like to take this opportunity to thank all of those who, during this past year, have remembered the Library and enriched it by their generosity. We also take this opportunity to invite those of you who have not done so, to visit your Library. The Library exists to serve you, the public, so we hope during the coming year to see even more of you there. Even in these times, you can always afford to visit the Library, because it's free! The better your Library knows you, the better it can serve you.

ANNUAL POLICE DEPARTMENT REPORT

Law enforcement today is a profession. Gone are the old days when a man that was big enough could be a police officer.

Today, law enforcement is a very complex business. It is one of the major problems facing this country today ranking in importance with the Viet Nam war, war on poverty and racial strife. Law and order is even a determining factor on the election of Presidents and Governors.

It is a proven fact that the small local police department is the one that is ultimately responsible for our way of life.

Could you imagine what your life would be like without your local police? Think about it.

The men in your department are professionals, each and every one.

Each has attended the Rockingham County Law Enforcement Academy — at their own expense and time and countless other seminars and schools, with the express purpose of being able to serve you better as a police officer.

I am sure the citizens of Newmarket would benefit by talking to an officer and find out what law enforcement is all about.

Ask questions, find out what your department is doing. You are paying for it, you should know.

In the past year, there has been many major cases handled by your department such as drug abuse, burglaries,

and other crimes against persons and property that you are unaware of.

As it is not generally department policy to publish police activity unless it is of major importance to the newspapers, possibly you as a citizen are unaware of how much is done by your department. Please come down and take a personal interest in what we are doing. It would help the both of us, I'm sure.

From past experience, I am positive you will have a new concept of your local police and what their problems are, and what they mean to you.

FIRE DEPARTMENT REPORT

1970 Fire Report

Building	5

Miscellaneous	12
False Alarms	6
Car	2
Flooded Oil Burner	8
Out of Town	8

The Newmarket Fire Department responded to 54 emergencies during the past year with the zest and enthusiasm found only in the call departments. The speed and readiness of such a group is tempered by training and experience of its members. Our townspeople are comforted with the knowledge that the department offers such dependable swift service. The department is faced with the problem of keeping abreast of the times. The only truck recognized by the N.H. Board of Underwriters is the 29-year-old pumper which must soon be replaced.

The department officers have been checking types of pumpers owned by neighboring towns in an effort to decide which is best suited for use here.

The Underwriters determine the minimum with which a truck may be equipped then the department decides additional optional items. A 1000 gallon pumper appears best suited for Newmarket. Funds accumulating in the Fire Department capital reserve are the basis for this purchase.

Department purchases last year included a new Scott Air Pack, 500 ft. 2½ inch hose and the new pump for the Chevrolet tanker.

Permits are necessary for outdoor burning when the ground is not snow covered, these may be obtained by phoning 659-3286, 659-3216, and 659-5827. Permit burning must be done before 9:00 a.m. and 5:00 p.m.

PLANNING BOARD REPORT

The Planning Board held 12 meetings in 1970.

One meeting was held with the N.H. Fish and Game Department and a representative from DRED, in regards to stocking coho salmon in the Lamprey River, and the future development of the Great Bay area.

Two meetings were held with the New Hampshire Department of Economic Development, and a Comprehensive Plan for the Town of Newmarket was initiated. The State of New Hampshire, in cooperation with the University of New Hampshire, will conduct a survey on housing requirements, low rent, and housing for the elderly, subdivision of land regulations, and revised area maps.

One meeting was held with the Water Commission to discuss the present and the future water expansion program for the Town of Newmarket.

George Griswold and George Stevens were appointed to represent Newmarket at the Strafford Regional Planning Commission.

The Planning Board received and approved eight applications for Subdivision of Land.

Planning Board meetings are scheduled on a regular monthly basis, on the first Tuesday at 7:30 p.m. in the Court Room of the Town Hall. The public is invited.

RECOMMENDATIONS

Increased use of the Lamprey River and Great Bay area

by sportsmen, boating enthusiasts and the development of new housing.

Give us a strong indication of the future role New-market will be faced with in a few short years.

The Planning Board feels that now is the time to guide and plan so that the Town will benefit fully from any activity in this area.

We recommend that the Selectmen insert an article in the Town Warrant asking that a Conservation Committee be appointed.

The Planning Board is currently working on a Comprehensive Plan with the State and a hired planning consultant, and the board feels further recommendations at this time would be premature.

NEWMARKET CIVIL DEFENSE

January . . .

Local progress reports filed with State Civil Defense Headquarters.

February . . .

Received notice that the two vehicles we requisitioned last year were available. An emergency van obtained for the Fire Department and a one-and-a-half-ton truck for Public Works.

March . . .

Vehicles picked up and repaired. Notice of floods in case of heavy spring rains.

April . . .

State-wide emergency telephone and radio alert, for test purposes only.

May-June . . .

Summer weather bulletins issued informing of procedure on severe thunder storms and strong winds.

July-August . . .

Program papers prepared and sent to Concord for approval.

September . . .

Hurricane information sent out by State Civil Defense, same as last year.

October-November . . .

All radiological instruments checked out and those not working turned in for replacements.

December . . .

A revised Town Civil Defense plan sent to Concord, to keep us on the surplus list. Civil Defense obtained two blankets and an emergency light for the Sno-Rollers' Rescue Unit.

For twelve years, since I have been Civil Defense Director, my total appropriated budget has been 12,300. Of this, \$2,400 was paid to the State Distributing Agency for surplus that was worth \$53,110. The remaining \$9,900 was used for operating expenses and local programs to make the Town of Newmarket eligible for surplus. So we can say that for \$12,300 we have received surplus worth \$53,110. This is money well spent.

If anyone has any questions about our program, please feel free to call upon me. Once again, to all who helped in 1970, Thank You.

ANNUAL REPORT OF THE HOUSING AUTHORITY

Newmarket is fortunate to be one of the few communities in the state of New Hampshire to have a Housing Authority.

During the past year the Housing Authority of Newmarket, New Hampshire has made considerable progress in its efforts to initiate a Federal Housing Program.

At the present time the Department of Housing and Urban Development has received all the necessary documents relative to the programs applied for. Your Authority has made application for units as directed by the past two town meetings.

Several months delay was encountered as a result of the Department of Housing and Urban Development moving its offices from New York and Boston to Manchester, New Hampshire.

Within the past few months we have received assurances that these programs will be initiated very soon.

Very recently we have named Robert L. Gauthier as our Executive Director of the Housing Authority of Newmarket and appointed William Beckett of Exeter as our attorney. Also Mr. Ralph Willey was appointed by the Selectmen of the Town of Newmarket to fill a vacancy in the Authority.

It is hoped that during the next year much progress will be made toward furthering our housing program.
