Annual Reports

of

THE TOWN OF

NEWMARKET

NEW HAMPSHIRE

For The Year Ending

DECEMBER 31st, 1979

NOTICE TO PROPERTY OWNERS

Every spring you receive an **inventory** to be filled out and returned to the Selectmen by April 15th.

The 1977 General Court Passed RSA 74:7A making it **mandatory** that the inventory be filled out and returned by April 15th each year. The penalty for failure to comply shall be one percent of the property tax bill. In no case will the **penalty** be less than ten dollars (\$10.00) or more than fifty dollars (\$50.00).

The penalty will be added to the current year's tax bill.

It is also **mandatory** that you file your inventory each year in order to receive your veterans exemption even if the permanent application is on file

These forms are very important and must be completely filled out and signed in the proper places, otherwise, you will be liable for the penalty.

Signed,

BOARD OF SELECTMEN

Frank M. Schanda, *Chairman*
Albert W. Caswell, Jr.
Ronald C. Bird

University of

Library

Dedication

The Board of Selectmen are dedicating the 1979 Town Report to Richman G. Walker, who was the Superintendent of Public Works for the Town of Newmarket for over twenty-four years before his retirement in July 1978.

Dick, we appreciate the long years of service you gave to the town of Newmarket and wish to publicly say "thank you" for a job well done.

Wishing you the best of luck in your years of retirement, we are,

Sincerely,

BOARD OF SELECTMEN

Frank M. Schanda, *Chairman*
Albert W. Caswell, Jr.

1978 TAX RATE	\$2.97/HUNDRED	
1979 TAX RATE	\$3.47/HUNDRED	

ANNUAL PROGRESS REPORT OF THE SELECTMEN — 1979

The Selectmen respectfully submit to the citizens of the Town of Newmarket a summary of projects undertaken by the town during the 1979 fiscal year.

The Public Works Building was accepted by the town and is now in full use.

The Betterment Project for the Packers Falls Road was started and drainage for the initial part of this road has been installed.

The Gerry Avenue Garage was purchased and is now in use as the Ambulance Headquarters, one bay for police car storage, and the fourth bay is used by other town departments.

The town has applied for Grant Funds to help revitalize some of the downtown area and is now waiting for the Federal Government to decide if Newmarket will be given such a grant.

The town voted to sell the old school on Zion's Hill and to have the buyers make it into housing for the elderly. This project will probably be completed in 1980.

Bay Road was used as the T.R.A. Project in 1979 and will be allocated the T.R.A. Funds in 1980.

In 1980 we look forward to greater citizen participation on the various boards and commissions, and we take this opportunity to urge all interested citizens to stop at the Town Hall and add your name to the list of people who would volunteer to work on a committee or board that interests them.

The Board of Selectmen meet every other Wednesday at 7:00 p.m. at the Town Office. The dates for all meetings are posted at the Town Hall. We welcome your interest and support and hope to see you attend some or all of our meetings.

Respectfully submitted,

Frank M. Schanda, *Chairman*
Albert W. Caswell, Jr.
Ronald C. Bird

Selectmen of Newmarket, N.H.

REPORT OF THE WATER COMMISSIONERS

In 1979 the Water Department produced 136,363,715 gallons of water, an increase of 8,508,255 gallons over last year. The main pumping station operated 255 days in 1979, on an average of 6.7 hours per day, pumping and processing 63,406,715 gallons. The pump in Bennett's Well on the plains is automatically controlled by the water level in the stand pipe, and operated an average of 16.74 hours per day, producing 73,317,600 gallons.

The plan to install a new pump in Follett's Brook Well in 1978 to replace the long inoperative one there did not materialize, but funds were carried over and the work accomplished this past summer. The new pump is capable of adding fifty gallons per minute to Follett's Brook to augment the supply during dry seasons. Because of frequent rains during the summer of '79, use of the pump was not required.

Renewal of the sand intake filter in Follett's Brook and cleanup of the brook and its banks, scheduled for 1979, was prevented by the high water level resulting from frequent rains. This project will be carried over to 1980.

A ten inch water main was installed through Great Hill Estates to Hersey Lane. It is anticipated that this main will be extended from Hersey Lane through the Swago Development to Route #108 by next spring. This main will not only serve Great Hill Estates and the Swago Development, but also the Industrial Park and the southeastern corner of Newmarket. Hopefully its connection to the main in Route #108 will improve the flow of water to homes in that area.

Regretfully 1979 has brought the resignation of Robert Sewall, who has reluctantly retired from his position as operator of the Water Works because of illness. His work is being taken over by David Bentley, who has recently completed a course in water works design and operation together with Superintendent Brill and Ronald Bloom.

In 1980 we hope to get into full swing on our meter replacement program. The goal is to replace old meters with 100 new remote reading meters per year for a period of five years. This will greatly reduce the time and labor required to read meters, and will eliminate the intrusion of the meter reader into homes and business establishments.

Funds have been earmarked in the 1980 budget for the exploration for ground water supplies. The location, acquisition, and development of ground water areas will provide a future supply of high quality water at minimum expense.

Respectfully submitted,

NEWMARKET BOARD OF
WATER COMMISSIONERS

Harry Bassett

REPORT OF THE NEWMARKET SEWER COMMISSIONERS

During 1979 no major problems were encountered at the treatment plant or associated facilities. Plans and Specifications have been approved by the N.H. Water Supply and Pollution Control Commission as follows:

- Exeter Road Improvements and B & M Interceptor
- B & M Sewer
- High School Sewer
- Elm Street Sewer
- Bay Road Pumping Station and Lamprey Street Sewer
- Secondary Wastewater Treatment Plant

Also, funds have been requested to design and construct improvement to the North Main Street sewer and Creighton Road Pumping Station.

Plans and Specifications were approved for providing sewer tie-ins for buildings on Main Street not presently sewered. Construction of the above improvements will begin as soon as State and Federal Funds become available. A request for accelerating this funding has been made to the N.H. State Water Supply and Pollution Control Commission and U.S. State Representatives.

ACCOUNTANTS AND AUDITORS

TOWN OF NEWMARKET

— A U D I T O R S' O P I N I O N —

We have examined the financial statements of the various funds and groups of accounts of the Town of Newmarket, New Hampshire for the year ended December 31, 1979, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

As is the practice with most New Hampshire communities, the Town of Newmarket has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in these financial statements.

In addition, the Town has not capitalized the cost of property and equipment purchased by the Enterprise Funds (Sewer and Water Departments). Likewise, no depreciation expense is recorded on these funds. Generally accepted accounting principles require that property and equipment of enterprise funds be capitalized and depreciated over the useful lives of the assets. The Town's records do not permit the application of adequate procedures to enable us to determine the cost value of capital assets or related depreciation expense on them.

Because of the material effect of the omission of fixed assets and related depreciation on the financial position, we do not express an opinion on the financial statements of these Enterprise Funds.

In our opinion, the financial statements listed in the aforementioned table of contents, other than the financial statements of the Enterprise Funds (Sewer and Water Departments), present fairly the financial position of the various funds and groups of accounts of the Town of Newmarket, New Hampshire at December 31, 1979, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The supplemental schedule included in this report, although not considered necessary for a fair presentation of the financial position and results of operations of such fund and group of accounts, is presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In connection with our examination we also (1) made a study and evaluation of the Town's system of internal accounting control, (2) performed tests of compliance with the Revenue Sharing Act and regulations as required by Sections II.C.3 and III.C.3 of the "Audit Guide and Standards for Revenue Sharing and Antirecession Fiscal Assistance Fund Recipients" (guide) issued by the Office of Revenue Sharing, U.S. Department of the Treasury and (3) compared the data on the Bureau of Census Form RS-8 to records of the Town of Newmarket as required by Section II.C.4 of the "Guide". Our findings are set forth under the heading "Comments" in this report.

Based on these procedures we noticed no material differences between Census data on Form RS-8 and the records of the Town of Newmarket for the year ended December 31, 1979.

TOWN OF NEWMARKET

— L E T T E R O F T R A N S M I T T A L —

Members of the Board of Selectmen
Town of Newmarket
Newmarket, New Hampshire

Members of the Board:

Submitted herewith is the report of our examination of the financial statements of the Town of Newmarket, New Hampshire for the year ended December 31, 1979. Exhibits as hereafter listed are included as part of this report.

FINANCIAL STATEMENTS

Combined Balance Sheet — All Fund Types and
Account Groups Exhibit A

A combined balance sheet — all fund types and
account groups is contained in Exhibit A.

General Fund

Balance Sheet Exhibit A-1
Statement of Changes in Fund Balance Exhibit A-2
Statement of Estimated and Actual
Revenues Exhibit A-3
Statement of Appropriations, Expenditures
and Encumbrances Exhibit A-4

A balance sheet disclosing the financial condition of the general fund is presented in Exhibit A-1. As Indicated therein, the unreserved fund balance amounted to \$103,481 at December 31, 1979. A statement of the changes in fund balance is shown in Exhibit A-2.

Statements of estimated and actual revenues, appropriations, expenditures and encumbrances are included in Exhibits A-3 and A-4, respectively. Revenues less than estimates amounted to \$34,244, while appropriations exceeded expenditures and encumbrances by \$85,149, resulting in a 1979 budget surplus of \$50,905.

All Special Revenue Funds

Combining Balance Sheet..... Exhibit B-1
Combining Statement of Revenues,
Expenditures and Changes in
Fund Balances..... Exhibit B-2

A combining balance sheet of all the special revenue funds is presented in Exhibit B-1. The unreserved fund balances totaled \$453,740 at December 31, 1979. A combining statement of revenues, expenditures and changes in fund balances is contained in Exhibit B-2.

All Capital Projects Funds

Combining Balance Sheet..... Exhibit C-1
Combining Statement of Revenues,
Expenditures and Changes in
Fund Balances..... Exhibit C-2

A combining balance sheet of all the capital projects funds is presented in Exhibit C-1. A combining statement of revenues, expenditures and changes in fund balances is contained in Exhibit C-2. The unreserved fund balances totaled \$704,132 at December 31, 1979.

Enterprise Funds

Water Department Fund

Balance Sheet..... Exhibit D-1
Statement of Revenues,
Expenditures and Changes in
Retained Earnings..... Exhibit D-2
Statement of Changes in
Financial Position..... Exhibit D-3

Sewer Department Fund

Balance Sheet.....	Exhibit E-1
Statement of Revenues, Expenditures and Changes in Retained Earnings.....	Exhibit E-2
Statement of Changes in Financial Position.....	Exhibit E-3

Balance sheets, statements of revenues, expenditures and changes in retained earnings and statements of changes in financial position covering the enterprise funds, are presented in the aforementioned exhibits. As noted in the Auditors' Opinion, because of the material effect of the omission of fixed assets and related depreciation on the financial position, we are unable to express an opinion as to the fairness of the enterprise funds' financial statements.

All Trust and Agency Funds

Combining Balance Sheet.....	Exhibit F-1
Combining Statement of Revenues, Expenditures and Changes in Fund Balances.....	Exhibit F-2

A balance sheet of all the trust and agency funds is presented in Exhibit F-1. A statement of revenues, expenditures and changes in fund balances is included in Exhibit F-2. The total fund balances amounted to \$364,543 at December 31, 1979.

General Long-Term Debt Group of Accounts

Balance Sheet.....	Exhibit G-1
Statement of Town Debt.....	Exhibit G-2

A balance sheet of the general long-term debt of the Town is contained in Exhibit G-1. The long-term debt amounted to \$838,400 at December 31, 1979. A statement of Town debt is shown in Exhibit G-2.

COMMENTS

Procuring Some Type of Mechanical Accounting System

In our previous audit reports, we have recommended that the Town consider the acquisition of some type of mechanical accounting system which would perform multiple accounting functions in a single operation, thereby eliminating duplicate record-keeping and facilitate monthly and year-end reporting. We understand our recommendation will be acted on at the 1980 Town Meeting. We hope the Town Meeting will act favorably to procure the accounting system so immensely needed to improve the bookkeeping and financial reporting for the Town.

Antirecession Fiscal Assistance Funds (ARFA)

As part of our compliance audit of the Antirecession Fiscal Assistance Funds (ARFA), we checked to see if all of the ARFA funds had been expended, appropriated or obligated within six (6) months of receipt, according to the regulations. We found that \$632.00 of ARFA funds received in 1978 had not been expended, appropriated or obligated as of December 31, 1979.

Therefore, the Town has not complied with the regulations regarding the expending of Antirecession Fiscal Assistance Funds (ARFA) that it has received.

Very truly yours,

KILLION, PLODZIK & SANDERSON

NEWMARKET
TOWN
WARRANT

— WARRANT —
STATE OF NEW HAMPSHIRE
TOWN OF NEWMARKET

To the Inhabitants of the Town of Newmarket in the County of Rockingham in said State, qualified to vote in Town Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SAID TOWN ON TUESDAY, THE 11th DAY OF MARCH AT 10:00 A.M. TO ACT ON THE FOLLOWING BALLOT ARTICLES:

Article Number 1, 18 and 21

The polls will close and action by balloting on the articles referred to above will cease at 6:00 p.m. The ballots will then be counted and the results announced.

Further, in compliance with action provided by the Town Meeting, March 8, 1977, Article 12, you are hereby notified to meet at the Newmarket High School on Saturday, March 15, 1980, at 1:00 P.M. to act on all other articles in the Warrant.

Polls Open — March 11, 1980 — 10:00 a.m. to 6:00 p.m.

1. To choose all necessary Town Officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for general government including town officers' salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the police department, for health and sanitation, vital statistics, general expenses of the departments, for education and the public library, for charities, including decoration of soldiers' graves, for recreation, for indebtedness to other governmental divisions, and to pay all other necessary charges arising within said town.

3. To see if the town will vote to authorize and empower the Selectmen to borrow money for necessary expenditures in anticipation of the collection of taxes.

4. To see if the town will vote to allow a discount of two percent (2%) on all property taxes, if paid within fifteen (15) days. Deadline for allowance of discount to be printed on tax bills.

5. To see if the town will vote to accept the budget as submitted by the budget committee.

6. To see if the town will vote to appropriate and authorize the withdrawal from Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, as amended 1976 for use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

Appropriation	Amount
Old Age Assistance	\$ 3,800.00
General Expenses of Highway Department	\$ 10,000.00
Purchase of New Snow Plow	<u>\$ 9,500.00</u>
TOTAL	\$ 23,300.00

RECOMMENDED BY BUDGET COMMITTEE

7. To see if the town will vote to authorize the Selectmen to install a mechanical system for Town Tax Bills and to computerize all tax information: and authorize the Selectmen to withdraw \$25,000.00 from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1975, as amended in 1976, for this purpose.

RECOMMENDED BY THE BUDGET COMMITTEE

8. To see if the Town will authorize the Selectmen to deed a portion of the land acquired for the Elm Street Little League Park to the Newmarket Senior Citizens Group, Inc. for use as a site for a proposed center.

9. To see if the Town will vote to put forty thousand

dollars (\$40,000.00) of the proceeds from the sale of the Old School House on Zion's Hill into a Capital Reserve Fund for the future building of a public safety building.

RECOMMENDED BY THE BUDGET COMMITTEE

10. To see if the Town will vote to authorize the Selectmen to use up to ten thousand dollars (\$10,000.00) from the proceeds of the sale of the Old School Building on Zion's Hill for the design of a public safety building for the Town of Newmarket.

RECOMMENDED BY THE BUDGET COMMITTEE

11. To see if the Town will authorize the Board of Selectmen to make application for and to receive and spend up to twenty-five thousand dollars (\$25,000.00) of funds that may become available to the Town under "The Comprehensive Employment and Training Act of 1972," as amended for the purpose of providing federally subsidized training and employment opportunities to benefit both residents of the community and the community at large.

RECOMMENDED BY THE BUDGET COMMITTEE

12. To see if the voters of the Town of Newmarket will authorize the Selectmen to negotiate a price for the sale of waterfront property now owned by Richard Gallant and/or Gallant Mfg. Co. and to present this proposal to be voted on at the fall elections.

13. To see if the Town will vote to raise and appropriate the sum of two thousand, one hundred dollars (\$2,100.00) for the Town's Participation in the expenses of the Exeter Area Youth Group Home.

SUBMITTED BY PETITION.

RECOMMENDED BY THE BUDGET COMMITTEE

14. To see if the voters of the Town of Newmarket will vote to authorize the Selectmen to set up a Recreation Commission consisting of five members, said members are to be appointed by the Selectmen.

15. To see if the Town will vote to authorize the Selectmen to purchase a new fire horn system for the Town of Newmarket and to authorize the Selectmen to withdraw the sum of three thousand dollars (\$3,000.00) from the Revenue Sharing Fund: established under the provisions of the State and Local Assistance Act of 1975, as amended in 1976, for this purpose.

RECOMMENDED BY THE BUDGET COMMITTEE

16. To see if the Town will vote to authorize the Selectmen to purchase a new heating system for the public library and to authorize the Selectmen to withdraw the sum of three thousand dollars (\$3,000.00) from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, as amended in 1976, for this purpose.

RECOMMENDED BY THE BUDGET COMMITTEE

17. To see if the Town will vote to authorize the Selectmen to contract out the rewiring of the Town Hall and to authorize the Selectmen to withdraw the sum of four thousand dollars (\$4,000.00) from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, as amended in 1976, for this purpose.

RECOMMENDED BY THE BUDGET COMMITTEE

18. To see if the Town will vote to adopt the provisions of RSA 654:32A permitting applications for changes in party affiliation to be made with the Town Clerk.

SUBMITTED BY PETITION.

19. To see if the Town will vote to change the use of eleven thousand, six hundred dollars (\$11,600.00) voted in Article Number 8 at the Town Meeting in March 1979, to read: "Said Revenue Sharing Funds to be used to purchase equipment for the Town Garage and for the completion of the hot topping of the area around the Town Garage."

RECOMMENDED BY THE BUDGET COMMITTEE

20. To see if the Town will vote to use the six hundred and thirty-two dollars (\$632.00) from the Antirecession Fiscal Assistance Program Funds for the following purpose. "To be used as an offset against the budgeted appropriations for the Police Department."

21. To see if the voters of the Town of Newmarket will vote to approve the interim growth management regulation.

Pursuant to New Hampshire RSA 31:62-b (Ch. 139, 1979), the Town of Newmarket, because of unusual circumstances requiring prompt attention and for the purpose of developing a Master Plan, adopts the following Interim Growth Management Regulation.

DEFINITIONS:

1.1) The following definitions shall be used in the interpretation of this regulation:

(a) "SINGLE FAMILY DWELLING" means a building designed to be used exclusively as one residence for one family.

(b) "DWELLING UNIT" means one or more rooms within a building designed as a unit to be used exclusively as one separate residence for one family.

(c) "PERSON" means any individual, trust, firm, joint stock company, corporation, partnership, association, or developer.

(d) "MINOR SUBDIVISION" means the subdivision of land into four or fewer lots, with no potential for re-subdivision.

(e) "BUSINESS" means a use of property for the purpose of earning a livelihood or profit in a retail, industrial, or other commercial enterprise.

BUILDING PERMITS:

2.1) No building permit shall be issued for any construc-

tion of any kind in the Town of Newmarket except as permitted under this Article 2.

2.2) No more than twenty-five building permits for new single family dwellings shall be issued prior to the expiration of this regulation. The twenty-five building permits shall be issued to the first twenty-five persons to submit completed applications to the Newmarket Building Inspector whose applications are subsequently approved by the Newmarket Building Inspector. The date and time of filing of the completed application, not the date of approval, shall determine which twenty-five persons are entitled to permits.

2.3) Building permits for new single family dwellings shall be issued only to the owner of the land upon which the single family dwelling is to be built, and shall be limited to one permit per person.

2.4) Building permits may be issued for reconstruction, remodeling, and/or alteration of existing buildings except that no building permits shall be issued if the reconstruction, remodeling and/or alteration would create any additional dwelling units in said building.

SUBDIVISION:

3.1) No subdivision other than a minor subdivision shall be approved by the Newmarket Planning Board prior to the expiration of this regulation and no such minor subdivision shall be approved unless the person applying for the minor subdivision agrees, as a condition of such approval, that only single family dwellings shall be constructed on the property contained in the minor subdivision.

EXCEPTIONS:

4.1) This Interim Growth Management Regulation shall not apply to any property now owned or hereafter acquired by the Town of Newmarket.

4.2) This Interim Growth Management Regulation shall not apply to any property now owned or leased or

hereafter acquired or leased by the Newmarket Industrial Commission, its successors, assigns, or any person whose right, title, or interest is derived from the Newmarket Industrial Commission with respect to any property used or to be used for commercial and/or industrial purposes.

4.3) This Interim Growth Management Regulation shall not apply to land located within any subdivision plat which has been both approved by the Newmarket Planning Board and recorded in the Rockingham County Registry of Deeds before the date of adoption of this regulation.

4.4) This Interim Growth Management Regulation shall not apply to any new construction or to any reconstruction, remodeling, or alteration of any existing building financed by the United States Department of Housing and Urban Development or privately financed as part of the "Community Development Block Grant — Small Cities Program B-80-33-0014."

4.5) This Interim Growth Management Regulation shall not apply to any new construction, reconstruction, remodeling, or alteration of any building in accordance with a site plan which has been approved by the Newmarket Planning Board before the date of adoption of this ordinance.

4.6) This Interim Growth Management Regulation shall not apply to any land acquired after the effective date of this ordinance by a person engaged in business in the Town of Newmarket on the effective date of this ordinance, provided said land is used by said person in relocation of said existing business.

EXPIRATION:

5.1) This Regulation shall expire at the earlier of the following occurrences: one year after the date of its adoption; or the effective date of the adoption of a permanent Growth Control Ordinance by the Town of Newmarket pursuant to RSA 31:62-a (Ch. 139:1, 1979).

SAVING CLAUSE:

5.2) The invalidity of any provision of this Regulation shall not affect the validity of any other provision.

GIVEN UNDER OUR HANDS AND SEALS THIS 20th DAY OF FEBRUARY, 1980.

Frank M. Schanda, *Chairman*

Albert W. Caswell, Jr.

Ronald C. Bird

SELECTMEN

Newmarket, New Hampshire

WE HEREBY CERTIFY THAT WE GAVE NOTICE TO THE INHABITANTS WITHIN NAMED, TO MEET AT THE TIME AND PLACE AND FOR THE PURPOSE WITHIN MENTIONED BY POSTING AN ATTESTED COPY OF THE WARRANT AT THE PLACE OF MEETING WITHIN NAMED, AND A LIKE COPY AT THE POST OFFICE, BEING A PUBLIC PLACE IN SAID TOWN, ON THE 20th DAY OF FEBRUARY, 1980.

TOWN OF NEWMARKET

NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Summary of Significant Accounting Policies

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds or accounts groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equities, revenues, and expenditures or expenses. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Projects Funds - The Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations.

PROPRIETARY FUNDS

Enterprise Funds - Enterprise Funds are used to account for operations that provide a service to citizens financed primarily by a user charge for the provision of that service and activity.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the Town for others.

ACCOUNT GROUPS

General Long-Term Debt Account Group - This account group is established to account for the long-term debt that is backed by the Town's full faith and credit.

B. Basis of Accounting

The Governmental, Proprietary and Fiduciary Funds are presented on the accrual method of accounting. General governmental liabilities for the retirement of long-term debt are accounted for on the cash basis in the General Long-Term Debt Account Group. Amounts due in future periods are provided by appropriation and become part of the funds raised through taxes.

C. Budgetary Accounting and Encumbrances

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; therefore, the reserve for encumbrances is reported as part of the fund balance, although the transaction is accounted for as a reduction of budgeted appropriation in the year the commitment is made.

D. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

E. Inventories

Inventory in the general fund consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

F. Fixed Assets - Enterprise Funds

The enterprise funds follow the practice of charging the purchase of property and equipment against operating expenses in the year purchased which is not in accordance with generally accepted accounting principles. Consequently, no related depreciation expense has been reflected on the financial statements.

G. General Fixed Assets

General fixed assets have been acquired for general governmental purpose and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Note 2 - Pension Plan

The full-time police and certain employees are covered under the State of New Hampshire Retirement System. Contributions are deducted at rates according to employment compensation. The Town's contribution for normal cost of the plan is based upon an actuarial valuation of

the entire State plan and has been set at various rates of the employees' annual compensation. Since the actuarial valuation is performed on the entire State plan, the amount, if any, of the excess of vested benefits over pension fund assets for the Town of Newmarket is not available. The Town does not have an accrued liability for past service costs. The expense for 1979 was \$ 9,870.90.

Note 3 - Vacation and Sick Pay

Employees may accumulate 12 days sick leave a year at a rate of one day per month. Vacation is granted in varying amounts based on length of service. The Town's policy is to recognize cost of sick and vacation leave only at the time payments are made. Any accumulated leave is immaterial.

Note 4 - Litigation

According to legal counsel for the Town of Newmarket, the following is a list of litigation involving claims for money damages against the Town of Newmarket at December 31, 1979.

1. "Peter H. Arahelian & Son, Inc. v. Town of Newmarket - Rockingham County Superior Court C718-78. This action was filed by Peter H. Arahelian & Son, Inc., on May 31, 1978, claiming damages in the total sum of \$12,018 arising out of the alleged breach of a construction contract by the Town of Newmarket. The case relates to certain work performed by Peter H. Arahelian & Son, Inc., primarily landscaping, in the Newmarket Recreation Park. Peter H. Arhelian & Son, Inc., claims it was not paid \$12,018 for work performed pursuant to the contract and certain "extras" requested by the Town.

The Town of Newmarket has counter-claimed against Peter H. Arahelian & Son, Inc., alleging that Peter H. Arahelian & Son, Inc. improperly performed its duties pursuant to the contract. The amount claimed in the counter-claim is \$10,000.

Attempts to settle the case have been fruitless. The Town of Newmarket is presently holding \$3,000 of the contract price which was never paid to Peter H. Arahelian & Son, Inc. because of the defects in their performance of the contract. On the basis of our knowledge of this case at this time, it is not expected that Peter H. Arahelian & Son, Inc. will recover more than that \$3,000, in the event it recovers anything at all."

2. Public Service Company of New Hampshire v. Town of Newmarket - New Hampshire Board of Taxation Appeals. "The Public Service Company of New Hampshire has appealed to the New Hampshire Board of Taxation from decisions of the Town of Newmarket refusing to abate property taxes assessed against utility equipment located in the Town of Newmarket for the years 1976 and 1978. In both 1976 and 1978 the Town of Newmarket, on the basis of an assessment made by the New Hampshire Department of Revenue Administration, assessed the taxable properties of the Public Service Company of New Hampshire located in the Town of Newmarket for \$1,158,500. On the basis of this assessed value the Town of Newmarket assessed taxes against the Public Service Company of New Hampshire in the amounts of \$30,086.24 and \$33,719.30 for years 1976 and 1978, respectively.

In its Application for Abatement of Taxes filed with the New Hampshire Board of Taxation, the Public Service Company of New Hampshire claims that the actual value of its property located in the Town of Newmarket was \$604,700 and \$651,300 for tax years 1976 and 1978, respectively. In the event the Public Service Company of New Hampshire prevails with each of its applications for abatement of these taxes, it would be entitled to a return of \$29,277.90, as well as interest and lawful court costs.

The Public Service Company of New Hampshire has filed similar suits for many years against many other towns in New Hampshire. In the past the Public Service Company of New Hampshire has failed to prove the disproportionality of the tax burden imposed on it. Because the law is unclear on the issues presented in the tax abatement cases and because of the complexity of evaluation of the Public Service Company of New Hampshire's property, it is impossible now to predict with any degree of certainty the outcome of these cases."

REPORT OF THE BUDGET COMMITTEE

To some residents of Newmarket it may appear that the Budget Committee functions only around Town Meeting time, and in most communities that is true, but for our members budget review and oversight is actually a year long process.

For the past three years we have met monthly in order to become more aware of the functions of our town departments and of how your tax dollars are spent. At our monthly meetings, department heads discuss operating procedures, budgetary problems, and projections for future needs, which assists us in making better judgments on requested items in the budget. This year we have made a special effort to visit department heads at their usual places of employment, rather than having them come to us, and this has given us first hand experience in the workings of the town of Newmarket.

The bulk of the committee's work begins in early December when the selectmen present their budget recommendations to us, based on the requests of the department heads. A great deal of time is spent discussing and asking questions about each item before us. Department heads are then asked to meet with us again to answer more specific questions and to provide additional information. By that time the holidays are over and the committee is meeting weekly.

After we have gathered information and discussed the proposed budget thoroughly, we meet to vote on our own recommendations which appear before the voters at the public hearing on the budget.

Unfortunately, all too few people take advantage of the public hearing process. That is the time when citizens are given the opportunity to voice their opinions and ask questions on any aspect of the budget. Those opinions, or lack thereof, are taken into consideration in our final deliberations. Suggestions voiced at the hearing may result in changes in the budget, and if no opposition is raised to our suggestions, we assume that the townspeople concur with the budget as proposed.

Following the public hearing the committee again votes to express its final budgetary recommendations for the Town Meeting, and the entire process begins again as we finalize the proposed School Budget.

We urge you to participate in the budgetary process — your opinion counts! Our meetings are always open, and we enjoy having any guest who is trying to learn more about the functioning of the Budget Committee.

Respectfully submitted,

Patti Blanchette, *Chairperson*

LIBRARIAN'S REPORT

During the past year the library has sponsored many programs, including a story hour for preschool children, a story hour for Newmarket Day Care, visits by elementary school classes, and free films on Friday for children. During the summer we increased our offerings to include a six-week poetry workshop, a reading club, and Thursday films at the library. In addition to the monthly book exhibit, we have had a blacksmith exhibit, an archaeology exhibit, and a Newmarket High School art exhibit. The book collection is steadily increasing. We have the newest fiction books, as well as new non-fiction books dealing with many subjects. Your library is growing in many ways. The number of people using the library is increasing as is the number of books circulated. We look forward to serving you in 1980.

Circulation from January 1, 1979 to December 31, 1979:

Adult Fiction	4,985
Adult Non-Fiction	1,405

REPORT OF LIBRARY TRUSTEES

— 1979 —

The Newmarket Public Library had a very busy year with increases in circulation and membership. New programs included exhibitions, story hours, art and films for loan, coupon and pattern exchanges, and films for children on holidays. Other innovative programs are planned for 1980.

Mrs. Lincoln has suggested the use of the Tower Room in the future as a reference and reading room, and the use of the upstairs room as a conference or meeting room. To implement these ideas, a structural check of the floor of the upstairs room will have to be made. Heating it will be necessary, and a method for doing so discussed.

The boiler is old and has cost close to \$500.00 in the last year to keep it functioning. A new boiler with its increased efficiency might be a more economical alternative than sinking further funds into the old one.

There are some structural problems which we feel must be taken care of before too long. The granite slabs and steps of the entrance are heaved and there is a large crack opening between the west wall and an inside partition. Estimates of the cost of repairs for these areas are being sought, as will means of payment from other than town funds.

Damage to the library during the storm of August 27th was extensive, especially to the roof. Many slates blew off and some of the flashing was cut up. Water damage was not serious, although there are a few spots where plaster and paint need to be repaired. Some glass damage was sustained, especially to the half round window on the west end through which stones from the parking lot next to Rockingham Shoe were blown like

buckshot. The repair costs, all covered by insurance, totaled approximately \$27,000.00; the greatest portion of this, by far, was for the roof.

The nice maple behind the library broke off and had to be removed, and the future of the spruce in front is in doubt. We hope, nonetheless, to improve the grounds around the building this year.

A group of interested citizens have gathered together to form a Friends of the Library Association. Two meetings have been held. Activities by such groups in other towns have included, besides general library work, fund raising, outreach projects, and beautification.

Anyone interested in joining this group may contact Mrs. Pearl Eden at 659-2164 or our librarian, Mrs. Lincoln.

We were saddened by the death of Mrs. Winifred A. Harding, who served as our librarian for 10 years. Mrs. Harding became librarian after Miss Gordon's long tenure, and guided the library through the changes and improvements necessary for accreditation by the New Hampshire State Library. She ran a tight ship for us, but was always available to answer questions and unstinting of her time when asked to help with a project or solve a problem.

A memorial fund was established in her name for special book purchases. At this writing a total of \$525.00 has been contributed. These books will be a lasting tribute to her.

The trustees of the Newmarket Public Library are very happy with the increased use of the library and the expansion of its services as overseen by Mrs. Lincoln. We can only hope that more of you make use of your library and we invite you to visit. Your comments will help us to make further improvements.

Respectfully submitted,

Philip G. Hendrickx, *Secretary*
Newmarket Public Library
Board of Trustees

REPORT OF THE POLICE DEPARTMENT

The statistics for 1979 show a continued dramatic increase of Police Department activities as they have over the past several recent years.

This reflects the continued rapid growth of the community, and the resultant request for increased Police services.

It is easy to draw the conclusion that things are getting worse instead of better if one is to just look at the total figures presented. However, if one takes into consideration the rapid growth of the community, a continued trend of improvement can be seen. For instance, you will note the same number of accidents occurred in 1979 as in 1978, but when you consider the large increase in vehicular traffic as seen in traffic surveys, and the increase of residents in the town contributing to the increased congestion, no increase of accidents is a creditable accomplishment.

More or less may be said for the overall statistics of the Police Department. It is indeed disappointing to see a large increase in burglaries or juvenile arrests. But when you consider the same very few that are repeatedly responsible for these offenses over and over again, the overall population well deserves the pride that they show in their community.

There are a few who are constantly making negative remarks about our town or town departments who seem to get more attention than they deserve. It might be well, the next time you hear such a person or comment, to ask yourself what this person has done to remedy the situation complained about, and then make a decision on the worth of the remarks made. I am sure that in most cases you will find the persons who complain the most have done nothing for the betterment of the community, and have nothing constructive to offer.

For the person who thinks that Newmarket is not a healthy, thriving community with a positive outlook for the future, look around you and see if there is any other community in the state that has any more solidarity than the citizens of our town. Oh sure, there are disagreements, but overall, the Town of Newmarket, and the people in it are great.

I realize that an annual report such as this would probably sound more appropriate coming from a Chamber of Commerce agency, but I sometimes think that we dwell too much on the negative aspects of our town, and not nearly enough on the positive, and I want this report to say it. The Police Department is proud of Newmarket.

LOG ENTRIES MADE IN 1979

REPORT OF THE FIRE DEPARTMENT

We, the Board of Engineers, members of the Newmarket Fire Department would like to report to you, the taxpayers of the Town of Newmarket.

The Newmarket Fire Department's Board of Engineers are looking into the future for fire protection of the town. One being a truck capable of carrying a minimum of 1,000 gal. of water. We are looking into this type of apparatus for fire protection outside of our hydrant system.

A new generator was purchased this year by our Fire Department. It is a 15 KVA operating on LP Gas. The new generator will be in service by March 1, 1980.

A new fire alarm system has been installed within the Town Hall. This Master Box #121 is wired to an internal system having heat detectors and pull stations throughout the Town Hall. This system is directly tied into the Fire Department.

This year new equipment has been purchased by the Fire Department for the men, including Scot Air Packs, coats, helmets, boots and much more needed equipment. We would like to take this opportunity to thank the men for their time and dedication given to our department.

Due to the energy crisis more people are installing wood burning stoves. The Fire Department wishes to notify the townspeople that we are always available for consultation and inspection of the installation of wood-burning stoves.

Each year the Fire Department makes the request of all property owners (tenants and landlords included) to properly number all buildings and make them visible from the road. We wish to thank all those who have already done this and strongly urge those who have not to

please do so. It is a small but important life saving precaution to have your residence properly numbered should an emergency arise.

Fire permits shall be obtained before having any outdoor fires, and only before 9:00 a.m. and after 5:00 p.m. This does not pertain to charcoal fires above the ground.

Charcoal cooking fires are "not" allowed on fire escapes or second means of egress (decks) in apartment buildings. Charcoal cooking fires are to be at ground level.

For more information or for a permit call any of the following numbers:

W. Beaulieu, <i>Warden</i>	659-3927
B. Beaulieu, <i>Deputy Warden</i>	659-3927
R. Butler	659-5842
R. Pratt	659-5392
H. Philbrick	659-3216
E. Philbrick	659-3216
Dispatch Center (at fire station)	659-3334

REPORT OF NEWMARKET CIVIL DEFENSE

As in years past the necessary reports have been filed with state and federal agencies to keep us on an active status in case of an emergency.

These reports and plans played an important role in the activation of our local plan when a violent windstorm struck parts of our town at six in the evening on August 27, 1979.

Your local departments knew what to do. Help was summoned by dispatch from surrounding towns while the local departments sprang into action. The C.D. plan was working. For twenty-two years a local plan has been on paper in folders, and every year the plan was reviewed and updated. Now came the real test!

C.D. Headquarters was set up at the fire house by your director and Selectmen. Emergency personnel were met by local personnel and assigned to duty. State Police, Sheriffs Department and local Police were given duties by Chief Gahan, Fire Department duties by Chief Beau-lieu and Public Works by Earl Brill. Ambulance duties were handled by Newmarket Ambulance President, Gary Dossett and Red Cross duties by local Red Cross Workers.

Numerous individuals came forward with trucks and chain saws and manpower to help clear roads so emergency vehicles could get through. All men and agencies mentioned above were co-ordinated by the local C. D. Director at the Dispatch Center.

State Civil Defense Officials arrived to offer whatever equipment and personnel were needed. State director Eileen Foley made arrangements for Governor Gallen to tour the area and Newmarket was declared a disaster area. S.B.A. loans were made available to those who needed assistance.

No lives were lost and industry continued to operate using employees to remove debris and repair damages. The Town worked as a team for those in need. We had a Plan!!

My thanks to all.

Respectfully submitted,

George Hauschel, *Director*
Albert Caswell, Sr., *Deputy Director*

REPORT OF THE NEWMARKET HOUSING AUTHORITY

The Housing Authority provides clean, safe and sanitary housing for elderly and low to moderate income families. The project at Great Hill Terrace has twelve elderly units and thirty-eight family units. Rents are based on 25% of the tenants gross income and include heat and utilities. Each apartment is equipped with hook-ups for a washer and a dryer. There is also a coin laundry in the Community Building with four washing machines and four dryers for the use of tenants who do not have their own machines.

We are proud of our project and work constantly to keep it in a neat and attractive condition. During the past summer outside painting was completed on several more buildings. We also added more playground equipment for the children. The new ball field was seeded and children enjoyed many happy hours playing ball there.

We recently acquired ten more units of Section 8 housing which now brings our leased housing units to thirty units. If any elderly people living in town are in need of subsidized housing they should contact the Housing Authority office. There is a good chance that they could receive financial help with their rent for the apartment in which they are presently living. Rents are based on 25% of the tenant's gross income.

Anyone having questions or wishing to apply for housing is urged to contact Mrs. Ruth Sanborn at the office at Great Hill Terrace, Monday through Friday from 9:00 a.m. to 4:30 p.m.

Respectfully submitted,

REPORT OF THE NEWMARKET AMBULANCE CORPS

Residential calls	99
Industrial calls	9
Auto accidents	17

Though the number of calls were down from last year, it has been a busy year for the members of the Corp. Aside from our monthly in-corp training sessions, many have attended state and individual seminars and courses so we may continue to offer the type of ambulance service that you, the townspeople, have become accustomed to and deserve.

In addition, the Corp has sponsored an 8 hour C.P.R. course on the proper technique of Cardiopulmonary Resuscitation, a 51 hour Advanced First Aid and C.P.R. course and another Babysitting Certification Workshop. We are also in the process of updating the building in which the ambulances are housed to meet our needs and make it more energy efficient.

A valuable part of providing prompt, dependable service must come from you. When calling in on either the telephone or C.B. on channel 9 which the dispatch monitors, the following information should be given as clearly and accurately as possible;

- Location of patient or accident
- Condition of patient
- Name of patient
- Name of caller
- Telephone number you are calling from
- If patient has a vial of life

Also, a highly visible house number, outside light or someone standing outside, is extremely helpful in finding your residence.

In closing I would like to say thank you to the Dispatch Center, the Police Department, the Fire Department, George Hauschel, without whose help our job would be more difficult, and a special thanks to the members of the Corp, both old and new.

Respectfully Submitted,

GARY DOSSETT
Newmarket Ambulance Corp.
President

REPORT OF THE NEWMARKET DISPATCH CENTER

When the Newmarket Dispatch Center was originally started it was federally funded thru CETA funds. After the first of April, 1979 the CETA funds were not available and at that time the town of Newmarket was responsible for keeping the center open.

When Gail Roulo resigned her position as supervisor, the Board of Selectmen named Eileen Szeliga in charge of the center with Lynda Criss as the Head Dispatcher. Lynda is in charge of the center and is responsible for the training of the personnel.

Listed below is a report from Lynda Criss, Head Dispatcher:

"In 1979 Dispatch handled over 71,365 calls and transmissions. This includes 24,187 phone calls and 47,178 radio and other transmissions. We provided these services to the residents of Newmarket as well as to the five departments that we serve. Calls have ranged from returning a lost child to her parents to the "non" tornado we had in August. The storm involved all five departments of the town as well as coordination of about twenty outside units.

We feel we have become a vital part of the town's everyday business as well as dispatching for emergency services. Please feel free to drop into the center, located at the firehouse, and pick up an emergency phone sticker and see our center at the same time."

In 1980, the town has made application for two people from the center to attend a training session at Police Standards and Training Council, Vo-Tec in Concord, N.H. We have been told that they would only accept one application.

Eileen A. Szeliga
Supervisor

REPORT OF THE NEWMARKET INDUSTRIAL COMMISSION

The status of the Newmarket Industrial Commission is as follows:

A six (6) months option has been given to Marc Stevens to take over the entire Industrial Park.

If this option is taken up in June of 1980, Stevens will develop the entire area as an Industrial Park. In the first period he will build roads and utilities and start one building. He will assume all debts and commitments now made by this commission, meaning repayment of the town's cost as acreage is sold. He must meet required agreements in each five (5) year option.

The Industrial Commission has met each month for the past year. The following has been completed; a perimeter survey and topographical map.

All building sites must be approved by the Newmarket Planning Board. There is a protective covenant agreement as well as Industrial Code of Newmarket to be met.

Ralph Waugh
President

REPORT OF THE RECREATION AND PARKS DEPARTMENT

The Recreation and Parks Department has been growing with leaps and bounds during 1979 and is enjoying recognition within the town of Newmarket as truly a social service organization. The Department is able to offer loads of free and inexpensive programs for all ages due to the many wonderful volunteers and participants that make it such a pleasure to belong or take part in a Newmarket activity.

Throughout the school year Elementary and Junior High students have been able to participate in after-school programs every day of the week including Junior Cooking, Baton, Martial Arts, Games, Pep Club, Gymnastics, Arts and Crafts, Touch Football, Co-ed Soccer, Jazz Dance and Ballet. Free Recreational Preschool classes have doubled in size and now meet two days a week to accomodate the many four to six year olds. A tiny tot gym for two to five year olds gives parent and child a special activity all their own. The Evening Adult Education programs held in conjunction with the Newmarket High School have been well received and classes are growing in numbers. In 1979 the following classes were offered: Running-Exercise Class, Disco Dance, Dog Obedience, Ballet, Yoga, Craft Courses, Kung Fu, Beginning Golf, Ballroom Dance, Weaving, Sewing, Typing, Exercise-Fitness, Christmas Crafts, Pre and Post Natal Exercise, Basic Auto Mechanics and Jazz Dance.

For the sports enthusiast Adult Co-ed Volleyball takes place year-round, combined with Men's Basketball League, Boys' Basketball League, Girls' Seacoast Softball League, Women's Softball and Evening Horseshoe League. In addition, the many town teams provide residents with first class league competition in Little League, Pony League, Girls' Softball, Girls' Minor Softball, Men's Baseball, Men's Softball, and Men's Soccer. These town leagues are extremely successful due to the spon-

sors and dedicated volunteers who put in many hours of invaluable instruction and management.

Expansion in the area of special events has led to free workshops, Easter Egg Hunts, Big Pumpkin Contests, varied vacation activities and trips, Bi-weekly Square Dances, Cross Country Ski Rental Program, Fourth of July Celebration, Ski and Skate Sales and Country Fair Exhibits. We have enjoyed success with an Evening Program for exceptional children with crafts, games and other activities. This program makes our Recreation Department unique in that very few Recreation Departments offer a program such as this. Senior Adults in town have enjoyed an inexpensive crafts class and a weekly exercise group called "Mondays" that combines good fun, refreshment and company. The Lamprey Village Players completed another year of sell-out performances delighting entire families with their excellent professional plays and musicals.

During the summer months the Department operates a Day Camp for youth that enables our youngsters to participate in crafts, sports, games, riflery, gymnastics, woodworking, archery, horsemanship, canoeing, camping, track, swimming, weekly trips and a whole lot more. The Day Camp encourages youth to drop in for activities and trips of their choice as well as offering an extremely inexpensive Day Care for the working parent. This dual purpose summer program underlines the Recreation Department's goal of offering something for everyone!

The Newmarket Recreation and Parks Department works for every individual family, club and organization. If you need a helping hand, transportation to an activity, a need for a special program or a new idea all you have to do is ask. The Department consists of a five person Recreation Commission and employs a full-time Director, part-time summer staff and a part-time Park Foreman-Grounds Keeper to care for Leo Landroche Memorial Field, Little League Park and Nichols Ave.

Leisure activities are an important part of everyone's life, whether it be a solitary walk in the woods or participation in a group sport. The Recreation and Parks Department and the Recreation Commission care about your recreational needs. We'd like to thank the many individuals who participated in and supported Newmarket Recreation and Parks during a successful 1979.

Respectfully Submitted,

LESLEY SMITH

REPORT OF THE NEWMARKET SERVICE CLUB

The Newmarket Service Club is pleased to have the opportunity to report on its activities to the Citizens of Newmarket in the Annual Town Report. During 1979, the Service Club directed most of its energies toward the planning and development of a program to stimulate the economic revitalization and historic preservation of Newmarket's downtown area. In part through the initiatives of the Service Club, and with the strong support and hard work of Town Officials, significant progress was made toward this goal in 1979. As a result of this work, the people of Newmarket will witness major physical improvements in the downtown during 1980 and beyond. A brief review of the year's accomplishments is presented below.

Preliminary planning phases for the revitalization project have been completed with the assistance of the Thoresen Group: Planning, Research and Management Consultants, from Portsmouth. Financial assistance for this work was secured in January and February of 1979 through the receipt of several grants and many donations from local businesses.

The consultants produced two reports and assisted the Service Club in sponsoring three public forums to promote public interest and involvement in the revitalization effort. The first report, *Newmarket Revisited*, studies the historical development of the Newmarket Manufacturing Company and its influence on the town. The data collected as part of this report can be used to nominate sections of the downtown to the National Register of Historic Places. This action would qualify commercial property owners to receive substantial tax benefits on eligible rehabilitation investments. The Service Club is ready to pursue this nomination early in 1980 pending the support and approval of affected property owners and Town Officials.

The second report, *A New Life for Downtown Newmarket*, proposes nearly thirty recommendations and projects, involving both public and private action, designed to stimulate private investment in the downtown area. These recommendations, based on economic, land use and architectural analyses, form a multi-faceted revitalization strategy designed to:

- 1) promote maximum re-use and reinvestment in existing buildings
- 2) revitalize the Main Street waterfront area
- 3) improve supporting public facilities and amenities, and
- 4) provide parking improvements to accommodate future downtown commercial, residential and industrial growth.

(Copies of both reports are available at the Newmarket Town Library and from the Service Club.)

Two key elements of this revitalization strategy are already being undertaken. The renovation and conversion of the former Newmarket Central School into elderly housing, scheduled to begin in the spring, will provide a major facelift to the surrounding area atop Zion's Hill. In addition, Newmarket's successful application to the U.S. Department of Housing and Urban Development will provide over \$250,000 in direct financial assistance to eligible downtown property owners to apply toward the rehabilitation of residential housing units. An additional \$40,000 will be invested in curb and sidewalk improvements to Church Street in coordination with the elderly housing project. These federal funds will be targeted toward the rehabilitation of deteriorated structures located on Main, Church, Chapel, Rock and Central Streets.

In addition to the revitalization effort, the Service Club was engaged in several other projects and activities in 1979, including sponsorship of the Old Home Weekend and the Downtown Christmas Lighting Program. Although last year saw the closing of the Newmarket

Youth Center and the end of the Service Club's support of that service, the club will continue to work closely with the Recreation Department to provide alternative programs for the town's youth.

The Service Club plans to continue working on the revitalization project in 1980. Efforts will focus on planning for the redevelopment of the waterfront area, pursuing the National Register Nomination for the downtown, organizing volunteer cleanup campaigns and beautification efforts, plus marketing and promotional efforts to encourage private investment initiatives. The club has also begun planning for another successful Old Home Weekend and will continue sponsorship of its ongoing programs. Newmarket residents are invited to join the Service Club and participate in its many projects and events promoting all aspects of the community.

Design Consultant's concept for potential downtown waterfront park; *A New Life for Downtown Newmarket.*

REPORT OF ANIMAL CONTROL OFFICER

The year 1979 brought fewer complaints than 1978. This reduction shows that more people are becoming aware that their cooperation brings more concern for the welfare of our domestic animals.

Complaints of various types received daily are loose animals, stray horses and cows, cruelty cases, cats in trees and numerous questions from citizens on how to care for their pets.

This past fall, David "Butch" Pierce resigned as assistant Animal Control Officer and was replaced by Robert Parry on a non-salaried basis. Robert and I receive the complaints from Dispatch and we answer them to the best of our ability, as we both have regular jobs to attend to.

List of Animal Complaints for 1979

Dog	682	Cow	7
Cat	96	Rabbit	3
Skunk	19	Snake	1
Raccoon	7	Cruelty	11
Rats	9	Damage done by dogs	0
Horse	14	Dogs chasing deer	<u>7</u>

Animal Control Officer

Robert Parry
Assistant Animal Control Officer

REPORT OF CONSERVATION COMMISSION

The Newmarket Conservation Commission has a vital role to fill in a town like ours which is experiencing rapid growth pressure. Our responsibilities involve maintaining open space around the town, developing passive recreation sites and observing/reporting cases of pollution problems to state authorities. However, to fill this role we need the help of the community. We have openings on the Commission and need the input of new members to fill our role in serving the town. Please stop by the Town Hall and volunteer your time and services.

During 1979 we investigated pollution to the Lamprey River, prepared decorative plantings for the Town Fair and worked on developing a passive recreation site along the upper Lamprey River. More could be done for our town, but we need your help. Join our meetings the second Thursday of each month in the courtroom of the Town Hall.

Respectfully submitted,

Gregory J. Thayer
Chairman
Mike Provost
John Harvey

REPORT OF THE OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association is a medicare certified, voluntary, non-profit organization which serves the four towns of Durham, Lee, Madbury and Newmarket. It is governed by a Board of Directors composed of five directors from each town.

Home health services are provided by the agency's professional staff which is composed of six registered nurses, a registered physical therapist and a registered occupational therapist, who work under the direction of the patient's physician. The staff maintains its professional competence through a continuing educational program.

In addition to the Care of the Sick Program, the agency provides a comprehensive Maternal Child Health Program which includes:

1. CHILD HEALTH CONFERENCES. Clinics held twice a month providing free physical examinations and inoculations for children up to first grade age. Clinics are staffed by Agency nurses and by Joanna Munger, M.D. and Judith Hallisey, Pediatric Nurse Practitioner.

2. DENTAL SCREENING CLINICS. Semi-annual dental prophylaxis for children three to six years old who are enrollees in Well Child Conference. Examinations by State Dental Bureau Hygienists and referral to local dentists.

3. NEW BORN VISITS. Free home visits to every newborn to provide guidance to new mothers.

4. ASSISTANCE IN STAFFING OF THE FOLLOWING: State clinics, Pre-school Vision and Hearing, Pediatric Cardiac and Orthopedic clinics.

5. SCHOOL SERVICES. Assistance to school nurses for special projects as requested.

Additional services provided by the Agency:

1. TUBERCULOSIS CONTROL. Monitoring of patients as directed by the New Hampshire Department of Communicable Diseases.

2. FOUR-IN-ONE SCREENING. Adult screening program held yearly in cooperation with the Newmarket Health Center.

3. ADULT HYPERTENSION SCREENING CLINICS. Held at request of a variety of organizations.

4. NEW HAMPSHIRE COUNCIL ON AGING. Patients over 60 years of age are eligible for free Occupational Therapy and Social Work visits if there is a need and no insurance coverage.

Funding for the Agency comes from patient fees (Medicare, Medicaid, private insurance and private payment), a grant from the Bureau of Maternal Child Health, donations, bequests and Town Appropriations. Town monies are utilized for matching funds for the Maternal Child Health Program grant and meet the costs of other preventive programs. As no one in need is denied services because of inability to pay, town funds are used to make up the difference between actual visit cost and what a patient can afford to pay. In the fiscal year ending June 30, 1979, this amount of fee scaling doubled. In the first half of this fiscal year, the amount scaled is about two thirds of the total budgeted for the year.

In May 1979, Medicare certification was received for the addition of occupational therapy services. The Agency is in the planning stages of applying for similar certification for Home Health Aides. The addition of a nurse's aide will allow us to offer greatly expanded personal care services, the cost of which would in many cases be paid by patient insurance.

Agency growth continues to be demonstrated by an increase in patient visits made and services offered.

Agency offices in the Durham Town Hall are open Monday thru Friday, 8:00 to 4:00 p.m. Anyone desiring services can call 868-5055.

NOTE: Complete report for the year 1979 is available at Town Office.

REPORT OF THE NEWMARKET REGIONAL HEALTH CENTER

Our move to a new facility on Elm Street has resulted in a steady increase in the number of people utilizing our services. The Center is located in an attractive area of Newmarket, and is easily accessible with ample parking. Patients enjoy the relaxed, friendly atmosphere they can find at the Center. Utilization of medical clinic services have increased 38% over the previous calendar year. Newmarket represents over 2,300 medical visits. To meet increased demand we have added the services of Anne Morgan Fawcett, a nurse practitioner. Anne specializes in adult and geriatric care.

Sarah Oxnard, M.D., and Mr. Michael Lewis, R.P.A. continue to provide care as members of the medical team. The team also includes a nurse, a Health Aide, and Community Health Workers. The nurse and Health Aide perform laboratory procedures and assist the physician and physician assistant. Community Health Workers coordinate preventive screening clinics in the community and at the center to detect potential health hazards, hold informational workshops open to the public, and act as a liaison between the medical provider and the patient. To make an appointment, call the center at 659-3106 or toll-free at 1-800-582-7279.

The Senior Citizen Transportation Program continues to be popular with Newmarket Senior Citizens. Area-wide utilization has increased to over 20,000 rides in 1979, an increase of 5,000 rides over the previous calendar year. Over 3,800 rides were provided to Newmarket seniors. Regularly scheduled bus service is available for transportation to medical and dental care, social services, food and clothes shopping, and day long excursions.

sions to social events. To find out more about the Senior Citizen Transportation Program, or to arrange a ride for a senior citizen, call the program at 659-2424 or 1-800-582-7279.

Sincerely,

ANN H. PETERS

Executive Director

Newmarket Regional Health Center

14 Elm Street

Newmarket, N.H. 03857

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment met eleven times in 1979. Member Dennis Abbott submitted his resignation due to other commitments and senior alternate Harry Haley was appointed by the Board of Selectmen as his replacement.

During 1979 the Board heard three appeals for variances and the three variances were granted. No rehearings and no denials were given and no new Superior Court cases entered into.

Respectfully submitted,

Zoning Board of Adjustment

Charles Dearborn, *Chairman*

JoAnne Hauschel, *Secretary*

Arthur Duquette

Albert Marcoux

Harry Haley

REPORT OF MOSQUITO CONTROL COMMISSION

The Mosquito Control Commission has the following to report: Our mosquito program that had been run by the Rockingham County Mosquito Project was abandoned by the County in May of 1979. Your local commission picked up the pieces and put a program together in June. As most of you know, we no sooner got underway than the Pesticide Control Board came in and made us take notice of many errors that were in violation of State and Federal regulations. Unaware of many rules and regulations, we continued through the month of July and finally abandoned the project on July 31, 1979. Since then we have met with the Pesticide Control Board and the Extension Service at U.N.H. Much time has been spent going to school and attending seminars. A new program for 1980 has been submitted to meet the regulations of state and federal agencies. Throughout January and February, 1980, more seminars will be attended by commission members in hopes of providing a good, sound program for 1980.

Whether we continue in 1980 is up to the general public when Town Meeting day arrives in March.

Respectfully submitted,

George Hauschel
Chairman and Supervisor

Doris Gilbert
Clerk

Sharon Jackson
Clerk

REPORT OF THE HEALTH OFFICER

The general public has become more conscientious about health problems and 1979 showed an increase in the number of cases that were handled.

Working with the Fire Chief and Building Inspector we were able to take care of a number of problems that might have become very serious.

Many complaints came from people who live in or are abutters to property owned by absentee landlords. Absentee landlords are not able to fully control the problems that arise in or on their property because they either don't see the problem or really do not care about it. Until someone complains to the Health Officer about a problem many things go un-noticed.

The Health Officer's job is to enforce public health laws and regulations which range from health hazards to nuisance complaints. In order to enforce these laws your Health Officer must be made aware that a problem exists.

COMPLAINTS HANDLED IN 1979

Rubbish	21
Sewerage	7
Nuisance	11
Rats	9
Child Abuse (turned over to Welfare Officials)	3
Drainage	5
Building closed	1
Warnings	6
TOTAL	63

Keep your Health Officer informed.

Respectfully submitted,

George Hauschel
Health Officer

VITAL STATISTICS
