Dedication of the 1999 Annual Report

Isabel Donovan

The 1999 Town of Newmarket Annual Report is dedicated to Isabel Donovan for her selfless volunteerism and devotion to our community. Isabel is a Jonesport, Maine, native who moved to Newmarket in 1936.

In 1998 the Newmarket Business Association presented Isabel with the "Citizen of the Year" Award. Isabel was lauded for her fund-raising efforts and her long-standing involvement with the Community Church.

Isabel is known and admired as "Someone who is always on a quest." And she continually reaches out to those in need. Isabel once stated, "I do what I do for fun – not praise."

Here are just a few of Isabel's numerous affiliations:

- The Newmarket Community Church
- The Newmarket Public Library
- The Newmarket Historical Society
- The David Halloran Medical Relief Fund

We thank you, Isabel Donovan, for your years of service and your continued commitment to the Town of Newmarket and its residents.

99-16	In Recognition of Herbert Philbrick	07/21/1999
99-18	Relating to the Formal Designation of the Environmental Certifying Officer for all Community Development Block Grant Applications by the Town of Newmarket	08/04/1999
99-19	To Establish a procedure by which appointments will be made to Boards, Commissions and Committees within the Town of Newmarket	10/06/1999
99-21	Relating to the Withdrawal of \$5,000.00 from the Library Capital Reserve Fund	12/01/1999

REPORT OF THE NEWMARKET TOWN COUNCIL

Before describing what has been a challenging and exciting year for the Council, we are sorry to have to report a change in personnel. Long-time Councilor David Halloran, facing a severe health challenge, found it necessary to resign in December. Dave's long-time dedication to the Town and his many contributions over the years have been notable and much appreciated. His years of service and his spirit of contribution have been an inspiration to many and have had a long-term impact on the Town. We wish him all the best in his continuing recovery. The Council appointed Herbert Dalrymple to fill the vacant seat until May 2000.

In May of 1999, the Council adopted an ambitious program of goals and priorities and has begun to implement programs to achieve them. Here are some of the Council's most important goals, along with their current status:

- 1) Improve communication between the Council and other Town boards, especially the Planning Board. In a proactive effort to promote coordinated planning for healthy economic development and long-term vision for the town, the Planning Board and Town Council have held several joint meetings. Topics have included aquifer protection and appropriate land-use planning over/near Town drinking water supplies, as well as impact fees, a tool to help the Town cope with future growth of its schools, other services, and infrastructure. (Impact fees, imposed on new residential development, are designed to offset the costs of growth imposed by development and population increase.) The Town Council has also met jointly with the School Board to discuss the impact fee issue, and has placed a warrant article on the 2000 ballot to address it.
- 2) Promote effective communication between the Town Council and the Newmarket Community Development Corporation (NCDC). Thus far, the NCDC and Council have met jointly on one occasion to discuss issues of mill redevelopment, communication between the two boards, public involvement in the redevelopment process, and a proposed letter of agreement between the two bodies. The letter of agreement would address services that the Town might render for the NCDC in/around the mills, proposed payments in lieu of taxes by the NCDC to the Town, and issues of communication/cooperation between the two groups. Currently, one Town Council member sits on the NCDC board.
- 3) Stabilize Newmarket's tax rate. Tax rate stabilization has been an ongoing goal of the Council and other boards in Newmarket. This year the Council and Administration worked together through an RFP process to hire an expert consultant in the area of impact fees. This process resulted in the hiring of Bruce Mayberry, who will conduct the background research necessary to formulate impact fee schedules for recreation, roads, water, sewer, fire protection, and school growth.
- 4) Explore the potential establishment of a Historic District Commission to protect our heritage. This issue remains in the exploratory stages, but the Council has invited representatives of the New Hampshire Division of Historical Resources to meet with the Council to discuss how an Historic District Commission could benefit Newmarket.

The Council has launched a number of other important initiatives and committees:

The Wage Survey Committee, after many months of work, reported its recommendations for a new wage survey plan to the Council. This plan, which included cost-of-living adjustments (COLA) for Town employees and a grade increase for several positions, was adopted by the Council and has been incorporated into the proposed 2000-2001 Council budget. The result of the recommended adjustments is that the wages of Newmarket's hard-working Town employees will be more equitable.

REPORT OF THE NEWMARKET TOWN COUNCIL (CONTINUED)

The Newmarket Tomorrow Committee (NTC), a joint project of the Council and Administration, was established to develop a revitalization plan for Newmarket's downtown. This cooperative venture is designed to coordinate the work of many groups and includes a broad cross-section of representatives. The group is focusing on redevelopment concepts, from design details to traffic patterns, parking issues to park bench placement. Facilitated by Newmarket's planner Clay Mitchell and other representatives of the Strafford Regional Planning Commission (SRPC), the NTC's goal is to develop a specific action plan.

The Council has addressed a number of other important issues this year. An impartial process for appointments to Town boards and committees has been developed and implemented. A town noise ordinance has been adopted. The Council's meeting minutes are now posted on the Town's website (www.newmarket-nh.com), making it easier for residents to stay informed about Town business. Last, but far from least, the Council commissioned a study of Newmarket's water resources on the Plains Aquifer. The goal is to develop a long-term water management plan to ensure plentiful, safe water resources for Newmarket's future.

The Newmarket Town Council's hope is to work closely with Administration and other boards, as well as with residents, to build a positive future for Newmarket, one that includes a mix of important features (a thriving downtown, attractive neighborhoods, effective economic development, presentation of our rich historic heritage, open space, and other valuable resources. As always, we invite ideas and citizen input on all issues. Working together, we can continue to build a Newmarket we can all be proud of.

Respectfully submitted,
Philip LePage
Chair, Newmarket Town Council
Ranan Cohen
Vice-Chair, Newmarket Town Council

Front Row L – R: Vice Chairman Ranan D. Cohen, Chairman Phil LePage and Town Administrator Alphonse "Al" Dixon
Back Row L – R: Town Councilors Larry Pickering, Susan G. Beaulieu, Katharine L. Lockhardt, Karen S. Johns and Herbert Dalrymple

REPORT OF THE TOWN ADMINISTRATOR

The Town Council and the Town Administrator are pleased to present the audited financial statement for the year ending June 30, 1999 to the citizens of Newmarket. The Town Council establishes policy for the Town Administrator to implement. The Administrator and the Council work jointly to establish the goals that the Council expects the Administrator in concert with his staff to accomplish in a given fiscal year. Foremost, the Council expects the Administrator to oversee the budget and the department/division heads in a manner that keeps the Town in a sound financial position. As you review the audit report and the various other reports contained in this year's Annual Report, please feel free to approach either the Administrator or a member of the Council to answer any questions that you may have about the Town's operations. Today, financial planning is critical to the success of any organization and in the case of municipal government appropriate financial planning is essential if the residents of a community wish to see stability in their property tax rate. I am pleased with the level of support the Town Council and the citizens of Newmarket have provided the Town Administrator's office in the area of financial planning. With the support and commitment of the Town Council and the citizens of Newmarket, we have implemented a Capital Improvement Program (CIP). Through careful and thoughtful planning during my tenure in Newmarket, we have stabilized the tax rate for municipal services, implemented a million dollar CIP, and gradually built a fund balance from a low of \$300,000 in 1997 to \$718,000 as of the June 30, 1999 audit report. Newmarket is now financially well postured to face the new millennium thanks to your support in assisting the Council and the Administrator in our efforts to plan your financial future.

In the past year we have invested in road improvements on Ash Swamp Road, Dame Road, Grant Road, and Maplecrest. In the past two years we have spent approximately \$250,000 per year on our roads to get back on schedule with our road improvement program. I am pleased to advise you that our road improvement plan is now back on track. We are actively planning to use our local tax dollars in the future to bring in more federal and state dollars to further stretch our budget appropriations and accomplish even greater improvements. In fact, we have already started leveraging more federal and state dollars to improve our roadway, sidewalk, water and sewer infrastructure. In June of 1999, we used \$140,000 of our local tax dollars to obtain an additional \$540,000 in Community Development Block Grant Funds. This project will replace 100-year-old water and sewer lines and rebuild streets and sidewalks on Lincoln and Washington Streets, Nichols Avenue, and Elm Street from the intersection of Nichols Avenue to the intersection of Route 108 by the Newmarket Public Library. Although this is the first success we have had in leveraging this kind of federal money, we are actively planning our next neighborhood project and hope to be in a position to make similar positive announcements to you in the future.

Other significant accomplishments demonstrating the effectiveness of your municipal team to pull together and network with the private sector, state and federal officials, and each other during FY 1999 include:

1. Staff successfully negotiated the donation of the Essex Mills to the Newmarket Community Development Corporation.
2. Implementation of a comprehensive Capital Improvement Program providing a capital reserve system to systematically set aside funds that will allow the Town to improve the community's infrastructure with the maximum potential of maintaining a stable municipal tax rate.
3. Grants have been secured from:
 - a. Office of State Planning:

Brownfields Program for the Essex Mills	\$50,000
Marketing Feasibility Grant for the Essex Mills	12,000
 - b. New Hampshire Coastal Program:

Haz-mat Evaluation of Essex Mills	7,500
Funds to evaluate and correct Sewer Discharge to surface and ground water flows	22,900
Funds to restore Newmarket's Salt Marshes	20,000
 - c. New Hampshire Housing Finance Authority

REPORT OF THE TOWN ADMINISTRATOR (CONTINUED)

In summary, the municipal staff has secured approximately \$700,000 in grant funds in the past year to fund community improvement projects. The ability of the municipal staff to work as a team has made this possible and this effort has contributed significantly to our ability to maintain a stable tax rate for the municipal services we provide the citizens of Newmarket.

In the 1997 Annual Report to the people, I addressed the need for the people of Newmarket to come together as a community with an action plan that would encourage investors and visitors alike to take pause and actively consider Newmarket as the place to be. As we enter the "New Millennium", the Town Council has appointed a Newmarket Tomorrow Committee and their mission is to develop the action plan and landscape design that will stimulate investment in our downtown. The Committee will complete their work by June of 2000, and the Town Council and staff will spend the next four to five years rebuilding the downtown area to the image developed by the Newmarket Tomorrow Committee. The meetings of this Committee will be open to the public, and we all encourage you to take an interest in shaping the image of your community in this "New Millennium". By the fall of 2000 we will begin to see evidence of this new image as the first construction project will be nearing completion. The construction will commence at the intersection of Route 108 and Elm Street to the intersection of Nichols Avenue. This project will beautify the intersection by the Library, place new granite curbing and sidewalks, replace 100-year-old water and sewer lines, place new ornamental street lighting and repave the streets in this area. Preliminary engineering will also commence on the reconstruction of Main Street from the Lamprey River Bridge southerly along Route 108 to the B&M Railroad crossing at Exeter Street. New sidewalks will also be designed from the B&M Railroad crossing on the east side of Exeter Street to the Kent and Pelczar Funeral Home, with construction expected to start in the fall of 2000.

As we approach the "New Millennium" with the ownership of the Essex Mills in the capable hands of our Newmarket Community Development Corporation, combined with the aggressive financial planning of the Town Council and Administration, we are well positioned to reshape and redefine Newmarket as a community. To accomplish this, the major challenge of this new century will be exactly the same as that of the last century, and that will be "to continue to work together as a people for positive change". A house divided against itself will find it difficult to generate positive change. By pulling together in the past two years, we have started building the foundation for economic rebirth through our adoption of Tax Increment Financing Districts and the rezoning of the Beaudet Farm for industrial and commercial business development, allowing an opportunity for a more diverse tax base. However, our work together is just beginning. Now that we have some tools to work with, we need to keep an environment that is open, friendly and helpful towards creating positive situations for the developer and for all of the citizens of Newmarket. We must challenge ourselves to consider the big picture, to keep an open mind and deal with the matters before us, for the good of the community at large--not the individual impact or viewpoint. In the coming years, we will be confronted with dealing with implementing growth impact fees, considering wastewater treatment facility upgrades, and addressing public water supply capacity and quality issues.

I would like to take this opportunity, on behalf of the Town Council, to thank the many residents who have volunteered their time and talents to the numerous boards, commissions, committees, and organizations to help us in our endeavor to improve our community.

In closing, I would like to acknowledge the cooperation and support I have received from the Town Council and the municipal staff. I look forward to serving the people of Newmarket in the coming year, and I encourage you to stop by the Town office with any concerns you may have.

Respectfully submitted,
Alphonse R. Dixon,
Town Administrator

-----------	----------------	----------------

REPORT OF THE ASSESSING DEPARTMENT

This year the Assessor's Office has made some significant changes to our tax base.

Revaluation:

As you may be aware, our State Constitution (Part 2 Article 6) mandates an update of all valuations at least once every five years. Prior to computerization this requirement was not enforced; however, with our computers the State is now encouraging compliance with this law.

Our last complete revaluation occurred in 1994 and as a result of this year's (1999) statistical update of values, we are not required to again undergo a complete revaluation until tax year 2004.

In preparation, the Assessor's Office will periodically be visiting all properties in order to verify and/or correct any errors which may exist in our tax rolls. We plan to visit 25% to 35% of the properties each year for the next four years. The last or fifth year (2004) of the cycle will be dedicated to finalization of values. However, prior to implementation we plan to forward valuation notices to all taxpayers. Opportunities for hearings appointments will be given for those individuals wishing to discuss their new assessments.

Assessment Ratio:

Because of the recent statistical update, we are expecting that April 1999 assessments on average, will reflect approximately 95% of their fair market value. However, the State Ratio Study and results will not be completed or made official until May 2000. Those wishing to know the results may do so by calling the Assessor's Office sometime after May 1, 2000.

Tax Allocation:

A Town's budget needs are much the same as any household budget, only on a larger scale. If a household needs \$25,000.00 per year to operate, then who pays? If there is but one breadwinner then he or she pays 100%, however, if there were several wage earners then payment could be prorated. For a Town, a taxpayer's share depends on the worth of their real estate.

For Example:

Town's total budget = \$5,000,000

Town's total assessment = \$100,000,000

In this example the Town would need to assess a 5% tax against everyone's value in order to collect that amount needed for the Town to operate. ($\$100,000,000 \times 5\% = \$5,000,000$.)

Therefore an individual with a \$50,000 assessment pays \$2,500. in taxes ($\$50,000 \times 5\% = \$2,500$.) This 5% can also be expressed as a tax rate of \$50. per thousand. ($50 \text{ thousand} \times \$50. \text{ per thousand} = \$2,500. \text{ total}$) Assuming that the Town was only assessing at 50% of fair market value, a revaluation to 100% would double the total assessment on the Town.

After Revaluation:

Town's total budget = \$5,000,000.

Town's total assessment = \$200,000,000.

Because the value doubled, the town now assesses only 2½% against the value in order to collect enough to meet the same budget requirement. ($\$200,000,000 \times 2.5\% = \$5,000,000$.)

Assuming that an individual's assessment was in proper balance with its fair market value prior to revaluation, then that individual's tax would remain the same. At any rate, the Town should not collect any more than the warranted amount.

REPORT OF ASSESSING DEPARTMENT (CONTINUED)

Equity:

State statutes require that the Assessor review the assessment roll every year to insure equity. All properties should be proportionately assessed so that no individual pays any more nor less than their share of tax burden. As a result the Assessor may adjust values of different types or classes of properties when significant differences exist.

Abatement Requirements:

Legally a taxpayer can challenge his or her assessment each year and has until March 1ST following the 2nd issue tax bill to do so in writing, or preferably by filing an official abatement form, which can be picked up at the Tax Collector's office. Requirements are explained on the form.

Exemptions:

Property owners may be eligible for certain exemptions on their property. If you are elderly, disabled, blind, a veteran or veteran's spouse, or are unable to pay taxes due to poverty or other good cause, you may be eligible for a tax exemption, credit, abatement or deferral. For details and application information, contact the Assessing office at 659-3073.

Public Relations:

Any taxpayer that may have assessment questions can contact the Assessing Clerk Pat Orcutt, at the Tax Collector's office. Taxpayers wishing to see the Assessor can make appointments through the Assessing Clerk at 659-3073 ext. 106 or e-mail at nmktassess@aol.com

Trivia:

Effect on Tax Rate:

1. Every \$280,000 of additional expenditures will raise the tax rate approximately \$1.00 per thousand.
2. Every \$10 million of additional valuation lowers the rate by approximately \$1.00 per thousand.
3. Total gross value of all properties is approximately \$300,000,000.
4. Taxpayers on average pay taxes based on approximately 2½% of their market value.
Re: \$100,000. Property = \$2,500. In taxes on average.

Respectfully submitted,
Andy Blais
Assessor

REPORT OF THE TOWN CLERK/TAX COLLECTOR

The Town Clerk/Tax Collector's office made the transition from 1999 to 2000 without any problems and we were very thankful for that.

In May we welcomed Suzanne Connifey to fill a part-time position in our office. She has proven to be a very capable addition to our staff.

This will be a very busy year for elections as we have three more coming up. Newmarket showed a 45% voter turnout for the Presidential Primary on Feb 1st. A total of 2729 votes were cast.

The next election will be our Town Election held on **May 9, 2000**. Let's hope the great turnout will continue on.

The State Primary will be held **September 12, 2000**. If anyone is interested in changing their party affiliation for the State Primary, they must do this by **June 6, 2000**.

The General Election will be held on **November 7, 2000**. Please be advised to watch for notices in the local newspapers or call the Town Clerk's office regarding polling places, as we may have to change the location due to the large number of voters anticipated.

Remember, voting is a privilege. Let's see you all at the polls.

The dog licensing laws dictate our duties and due to legislation passed in 1996, we have to pursue all dog owners who do not register their dogs in a timely manner. Dog licenses are due by April 30th of each year.

With this new legislation the veterinarian has to send to the Town or City Clerk a copy of the rabies vaccination within 40 days from the date the rabies vaccine was given. When we receive this notice, the law requires us to notify the dog owner if they have not registered with the Town. If your dog is deceased or for some reason you no longer have the dog, please notify our office so that we may remove the dog from our list. In May a letter is sent out to warn of a penalty charge after June 1st. Another notice is sent in August warning of a violation of RSA 466:1 with a specific date to register by or we will be obligated to notify the Police Department. If we have your telephone number, we also make a courtesy call to you giving you a specific deadline date before sending your info to the police. Once the police are notified the law states a civil forfeiture will be issued with a fine of \$25.00. With the notification to the police the matter is now in their hands. The dog still has to be registered with the Town of Newmarket but the fine is with the police and any future dealings would have to be through them.

In 1999 there were 799 dogs registered in Newmarket. It is most important for each and every dog owner to take the responsibility to make sure his or her dog is registered.

We do have people upset with our procedure but please keep in mind our duties are governed by the State Statutes in Chapter 466.

1st issue tax bills will be mailed the first part of June 2000. This bill will reflect half of the 1999 rate, as the new rate for 2000 will not be set until sometime in October.

This has been another great year serving the citizens of Newmarket, and we look forward to next year. Our office hours are 8 a.m. to 4:30 p.m. Monday through Friday and the first and last Thursdays of the month we are open until 6 p.m. Our E-mail address is Nmktclcol@aol.com.

Respectfully submitted,
Judith M. Harvey,
Town Clerk/Tax Collector

OFFICE OF THE
TOWN CLERK

INCORPORATED
DECEMBER 15, 1727
CHARTER JANUARY 1, 1991

Annual Town Meeting
Newmarket NH
First Session
Minutes
April 6, 1999

The meeting was called to order by Moderator Charles Smart at 7 PM. He opened the meeting with the pledge of allegiance to the flag and a reflective moment for the troops who are in Kosovo.

Article #1. Town Officers

Article #2. Solid Waste Fund

Shall the Town adopt the provisions of RSA 31:95-c to restrict 100% of revenues from the disposal of solid waste to expend on solid waste collection and disposal only? Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Solid Waste Fund, separate from the General Fund. Any surplus in said fund shall not be deemed part of the General Fund accumulated surplus. The Solid Waste Fund surplus shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for solid waste purposes only. (Majority ballot vote)

Recommended by the Town Council and Budget Committee

A motion was made by Ranan Cohen and seconded by Dave Halloran. Al Dixon explained the plan is to dedicate the money to this revenue fund and if any extra revenue it would be used to reduce the user fee.

The moderator asked for a vote by a show of hands and the article **passed**.

Article #3. Police Vehicle Capital Reserve

To see if the Town will vote to establish a capital reserve fund under the provisions of RSA35:1 for the purpose of Police Vehicle acquisitions and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot vote)

Recommended by the Town Council and the Budget Committee.

A motion was made by Dave Halloran and seconded by Ranan Cohen. There being no discussion the moderator asked for a show of hands and the article **passed**.

Article #4. Public Works Facilities Capital Reserve

To see if the Town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of Construction of Public Works Facilities and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot vote)

Recommended by the Town Council and the Budget Committee.

A motion to accept was made by Dave Halloran and seconded by Karen Johns. Al Dixon explained the article was set up to take capital improvement items out of operating budget and placing them in separate accounts.

The moderator called for a show of hands and the **article passed.**

Article #5. Health Insurance Trust Fund

To see if the Town will vote to create an expandable general trust fund under the provisions of RSA 31:19-a, to be known as the Health Insurance Fund, for the purpose of a self-funding health insurance program and to raise and appropriate the sum of one dollar (\$1.00) toward this purpose, and to designate the Town Council as agents to expend from said fund. (Majority ballot vote)

Recommended by the Town Council and the Budget Committee

A motion to accept was made by David Halloran and seconded by Philip Lepage. Al explained the town is now involved in a self funding program with employee contributions to the fund and if not using 100% there is a savings. This savings will be put into this fund to help defray any increase that might come.

The moderator called for a hand vote and the article passed.

Article #6. Municipal Transportation Improvement Fund

To see if the Town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of Municipal Transportation Improvements and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot vote)

Recommended by the Town Council and the Budget Committee.

A motion to accept was made by Dave Halloran and seconded by Philip Lepage. No discussion was held on this article.

A hand vote was taken and the **article passed.**

Article #7. Community Cultural Trust Fund

To see if the Town will vote to create a non-expendable general trust fund under the provisions of RSA 31:19-a to be known as the Community Cultural Trust Fund, for the purpose of providing funding for various recreation and conservation projects and appropriate from fund balance the sum of seventy-five thousand (\$75,000.00) toward this purpose and to designate the Town Council as agents to expend from said fund. This fund will allow for funding of other cultural projects that enhance the community. Any project proposed will need a one to one dollar match to be considered. (No tax dollars are to be raised. The seventy-five thousand dollars is from the sale of Town Property) (Majority ballot vote)
Recommended by the Town Council and the Budget Committee.

A motion to accept was made by Dave Halloran and seconded by Phil LePage.

After some discussion Richard Fillion made a motion to amend the article and this was seconded by Leo Fillion. The amendment read: To see if the Town will vote to create an expendable general trust fund under the provision of RSA 31:19-a to be known as the Community Recreational Trust Fund, for the purpose of providing funding for various recreation projects and appropriate from fund balance the sum of seventy-five thousand dollars (\$75,000) toward this purpose and to designate the Town Council as agents to expend from said fund. After some discussion this amendment was called for a vote by a show of hands and the amendment was **defeated by 24 yes and 46 no.**

An amendment to the article was again made by Richard Fillion and seconded by Pat Bernier. The amendment read: To see if the Town will vote to create a non-expendable general trust fund under the provisions of RSA 31:19-a to be known as the Community Recreation Trust Fund, for the purpose of providing funding for various recreation projects and appropriate from fund balance the sum of seventy-five thousand dollars (\$75,000.00) toward this purpose and to designate the Town Council as agents to expend from said fund. Any project proposed will need a one to one dollar match to be considered. (No tax dollars are to be raised.) The seventy five thousand dollars is from the sale of Town Property) A hand vote was taken and the **amendment passed.**

A vote to **accept Article 7 as amended** was taken by a show of hands and the **article passed as amended.**

Article #8. Aquifer Protection Easement Fund

To see if the Town will vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Aquifer Protection Easement Fund for the purpose of acquiring easements, as proposed by the Conservation Commission, for aquifer protection rights and to raise and appropriate the sum of sixty thousand dollars (\$60,000.00) toward this purpose, and to designate the Town Council as agents to expend from said fund. (Tax rate will increase by twenty five cents (\$.25) per thousand this year) (Majority ballot Vote)

Recommended by the Town Council

After some discussion a motion was made by Mike Ricker and seconded by Kathy Lockhardt. The amendment read: To see if the Town will vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Aquifer Protection Easement Fund for the purpose of acquiring easements, as proposed by the Conservation Commission, for aquifer protection rights and to any aquifer protective measures and expenditures as deemed necessary by the Town Council and to raise and appropriate the sum of sixty thousand dollars (\$60,000.00) toward this purpose, and to designate the Town Council as agents to expend from said fund.

A hand vote was taken and the amendment failed 28 yes and 31 no.

A hand vote was taken to accept the article and the article passed 35 yes and 33 no.

Article 9. Operating Budget

To see if the Town will vote to raise and appropriate for the purpose specified therein for the fiscal year 1999/2000 Operating Budget, the sums of money recommended by the Town Council and the Budget Committee. (Budget Committee Recommended \$5,304,794.00) Recommended by the Town Council.

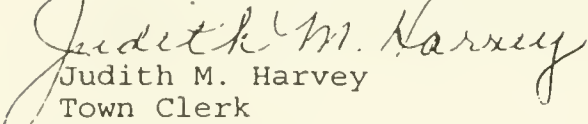

A motion to except the budget at \$5,304,794.00 was made by Dave Halloran and seconded by Priscilla Shaw. A hand vote was taken and the article passed.

Article 10. Other Business

To transact any other business which may legally come before this meeting. Recommended by the Town Council.

A motion to adjourn was made by Dave Halloran and seconded by Larry Pickering with all in favor. The meeting was adjourned at 9:15 pm.

Respectfully Submitted,

Judith M. Harvey
Town Clerk

-------------------	-----------

*Denotes winners

Article #2. Solid Waste Fund

Shall the Town adopt the provisions of RSA 31:95-c to restrict 100% of revenues from the disposal of solid waste to expend on solid waste collection and disposal only? Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Solid Waste Fund, separate from the General Fund. Any surplus in said fund shall not be deemed part of the General Fund accumulated surplus. The Solid Waste Fund surplus shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for solid waste purposes only. (Majority ballot vote.

Yes 781

No 225

Article #3. Police Vehicle Capital Reserve

Shall the Town vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of Police Vehicle acquisitions and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot Vote)

Yes 690

No 319

Article #4. Public Works Facilities Capital Reserve

Shall the Town vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of Construction of Public Works Facilities and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot vote)

Yes 644

No 332

Article #5. Health Insurance Trust Fund

Shall the Town vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Health Insurance Fund, for the purpose of a self-funding health insurance program and to raise and appropriate the sum of one dollar (\$1.00) toward this purpose, and to designate the Town Council as agents to expend from said fund. (Majority ballot vote)

Yes 569

No 411

Article #6. Municipal Transportation Improvement Fund

Shall the Town vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of Municipal Transportation Improvements and to raise and appropriate the sum of one dollar (\$1.00) to be placed in said fund. To designate the Town Council as agents to expend from said fund in accordance with the Capital Improvement Program. (Majority ballot vote)

Yes 577

No 397

Article #7. Community Recreation Trust Fund

Shall the Town vote to create a non-expendable general trust fund under the provisions of RSA 31:19-a to be known as the Community Recreation Trust Fund, for the purpose of providing funding for various recreation projects and appropriate from the fund balance the sum of seventy-five thousand dollars (\$75,000.00) toward this purpose and to designate the Town Council as agents to expend from said fund. Any project proposed will need a one-to-one dollar match to be considered. (No tax dollars are to be raised. The seventy-five thousand dollars is from the sale of Town Property) (Majority ballot vote)

Yes 720

No 289

Article #8. Aquifer Protection Easement Fund

Shall the Town vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Aquifer Protection Easement Fund for the purpose of acquiring easements, as proposed by the Conservation Commission, for aquifer protection rights and to raise and appropriate the sum of sixty thousand dollars (\$60,000.00) toward this purpose, and to designate the Town Council as agents to expend from said fund. (Tax rate will increase by twenty-five cents (\$.25) per thousand this year) (Majority ballot vote)

Yes 626

No 381

Article #9. Operating Budget

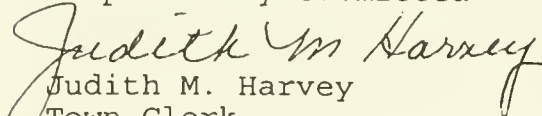

Shall the Town vote to raise and appropriate \$5,304,794.00 for the purposes specified therein for the fiscal year 1999/2000 Operating Budget.

Yes 701

No 288

The moderator declared the polls closed at 8 pm.

REPORT OF THE AMBULANCE DIVISION

For the Ambulance Division 1999 was a very busy year. We received 435 requests for aid and transported 286 patients to area hospitals. Division volunteers tallied a total of 12,010 hours of duty time. We now have twenty-two active members, with five new members starting an orientation process to become actively involved.

In order to gain better coverage for the towns of Newmarket and Newfields, the Division has instituted a stipend of \$10.00 for the members for responding on calls. This has increased coverage, but it is not the final answer. At the time of this report, a committee has been formed to investigate the feasibility of joining the Fire Department and Ambulance Division under one command. Other alternatives would be to hire a Paramedic for coverage. This would give a higher level of care when necessary, at a quicker response time. We presently rely on Paramedics coming from Exeter Hospital.

The members of the Division and their families deserve a great amount of credit. It takes a special kind of person to voluntarily give time to help others in their time of need. I also thank the members of the Police Department and the Fire Department for all of their help. They enable us to give quality care when needed.

The Ambulance Division is constantly looking for additional help. We are now accepting First Responders as well as EMT's. If you want to join the Division to be able to give medical assistance to the citizens of Newmarket and Newfields, please pick up an application at the Communications Center at the Police Department. If you have questions, please call any of the officers at 659-6029.

Respectfully submitted,
Ronald M. Bloom
Captain, EMS Coordinator

REPORT OF THE CODE ENFORCEMENT OFFICER

Sixty-two building permits were issued for single-family homes in Newmarket in 1999, which is an increase of only one permit from last year. The total number of permits issued for all projects increased by seven.

YEAR-TO-YEAR COMPARISON (not including plumbing/electrical permits)

	Building Permits	Single Family	Fees	Value
1999	195	62	\$40,296	\$ 9,655,221
1998	188	61	32,460	11,833,432
1997	152	27	24,304	5,985,418
1996	105	22	10,640	2,456,900
1995	207	35	18,820	5,036,651
1994	109	26	12,390	4,723,745
1993	91	16	8,292	2,966,365
1992	93	14	7,174	2,664,180
1991	76	6	4,680	1,399,925

BUILDING PERMITS BY TYPE 1999

Type	Number Issued
Single family	62
Multi-family	1
Garages/sheds	23
Additions/alterations	62
Commercial/additions	5
Swimming pools	13
Demolitions	6
Mobile Homes	5
Miscellaneous	24
TOTAL	195

Building permits, driveway permits (Town roads only), permits for electrical and plumbing work, signs, sidewalk cafes and oil burners are available at the Code Enforcement office. Also available are applications for a Certificate of Compliance for the New Hampshire Energy Code, which is required by the State of NH, for all new residential structures and small commercial structures. Just a reminder, in addition to larger projects, building permits are required for sheds, roofs, decks, and above and in-ground swimming pools.

Although I have had the pleasure of working for the Town of Newmarket for only a short time, I am enjoying my new position and I am looking forward to meeting more of the townspeople. If you have questions regarding your project or if you would like to confer with me before beginning, you are welcome to make an appointment to meet with me and we can review your plans together. It is far better to know what you need to do ahead of time rather than have to change something that you have already put into place.

With the development of the mills closer to becoming a reality, it appears that exciting times are ahead for Newmarket and I look forward to serving the community.

Respectfully submitted,
Daniel Vincent
Code Enforcement Officer

THE NEWMARKET CONSERVATION COMMISSION

The Conservation Commission has completed another active year of working to protect and conserve our Town's natural resources.

Education:

The Conservation Commission was pleased to host two educational talks this past year.

Our first talk was entitled "Shoreline Protection" and was put on by both Gary Springs, the Shoreline Protection Coordinator for DES and Jim Chase of The NH Estuaries Project. Residents who live on or near the Piscassic River, Lamprey River and Great Bay were able to find out about protecting these valuable shoreline areas. An important part of the discussion included limiting pesticides; herbicide and fertilizers near the water because they can damage aquatic life and alter the ecosystem. Keeping a vegetative buffer along the shoreline to control erosion and slow down sediment flow into the river was also covered. Citizens were able to bring any questions they had about their specific piece of shoreline.

The second talk, "Dealing with Growth", was an educational forum lead by the Natural Resource Outreach Coalition. This talk facilitated a discussion on conserving and protecting our land, water, wildlife habitat, and quality of life. In this forum, the importance of developing a valuable inventory of our Town's natural resources was a primary focus.

Land Protection:

The Commission continues to work with interested landowners to discuss the options that will help them protect their land. Some of these options include conservation easements and deed restrictions. In certain cases, there can be financial and tax benefits associated with these programs. If you would like to find out more about the different land protection plans, please contact our commission office.

We want to thank all of the townspeople for voting to approve \$60,000 in a warrant article last May that will be used to help protect our aquifer. Also, a special thanks to the Great Bay Partnership for the work they have done to preserve land in our town.

Conservation Land Project Days:

The Commission has enjoyed continuing to work with the Boy Scouts in Newmarket. This year the Boy Scouts helped clean out wood duck boxes on a number of wetland areas around town and further extended some trails on the Currier Property conservation land. During our spring workday, the Boy Scouts helped to replace many of the broken balusters at Heron Point. Our thanks to the young people who have helped us with these important projects.

Fishing Derby:

The Conservation Commission, together with the Recreation Department and the Boy Scouts, hosted the 10th Anniversary of the Fishing Derby this year. There was a great turnout with more than 200 girls and boys who took part in the event. This year's special events included a Bass Master Tournament and pony rides. There were also several special prizes, including a salmon fishing trip. Once again, the Commission would like to thank volunteers Richie Shelton and Chris Schoppmeyer who raised money, organized prize donations and orchestrated the event. And thanks, as always, to the Richmonds for generously sharing their pond and land with Newmarket residents.

REPORT OF THE CONSERVATION COMMISSION (CONTINUED)

Heritage Festival:

The Commission offered an educational nature walk and sponsored a booth at the Newmarket Heritage Festival this year. Participants were able to learn about the natural beauty and environmental value of Heron Point during a walk led by Malin Ely, a volunteer from the Audubon Society. The Great Bay Coastal Watch displayed information about their water quality monitoring program and other conservation issues in the educational booth. Thanks to Ann Reid from the Great Bay Coastal Watch, for all of her efforts in helping with this event.

Wetland Protection:

We received a number of calls from concerned landowners about people digging in or disturbing wetlands this year. Wetlands serve several important functions, including flood control and wildlife habitat. If you are planning on doing any work near a wetland, please contact our office so that we can advise you on the proper procedures to take before you start.

Looking Ahead:

The Commission continues to be interested in protecting and ensuring the proper use of Newmarket's natural resources. We look forward to providing the Town with helpful information and educational opportunities related to land and aquifer conservation issues. The Commission always welcomes input and involvement as we embark on another year. If you were interested in joining the Commission or volunteering to work on specific projects, we'd love to hear from you.

Respectfully submitted,
Hunter D. Brownlie
Chairman

REPORT OF THE NEWMARKET FIRE DEPARTMENT

This past year saw many changes for the Newmarket Fire Department. In 1999 the Chief made new officer assignments and continued to recruit new members. We put two members through NH Firefighter Level 1 training, and one member received his EMT certification. We also had four members certify as First Responders. The rest of the Department has been participating in various types of training at a local level. The result of this is that the Newmarket Fire Department members are better trained than ever before. Our staffing is now at 33 active members with 75% having NH State Fire Certification and 33% having Emergency Medical Certification.

This year also saw a large number of equipment upgrades. We received the new extrication tool, which was demonstrated at the Olde Home Weekend in August. We purchased a new ventilation fan to clear smoke faster, and much-needed turnout gear for the firefighters. The Department's largest upgrade was the delivery of our new Engine One, which is designated as our rescue vehicle and is equipped with medical supplies to be used as we assist the Ambulance.

In 1999 the Department responded to 271 calls. In July the Department became a "pay-per-call" department, meaning our members get paid when they respond to a call.

Please contact the Fire Department at our non-emergency number 659-3334, with any questions you may have. If you would like to join, feel free to come to our monthly meeting on the 2nd Tuesday of each month.

Respectfully Submitted,
Richard Swindell, Fire Chief

REPORT OF THE NEW MARKET HISTORICAL SOCIETY

On January 1, 2001, our Stone School building on Zion's Hill will have spanned three centuries! Thousands of children have passed through its doors. Today, children still visit what is now a museum and tread the well-worn stairs for part of their education.

Thanks to the efforts of a group of folks back in the 1960's, Newmarket now has one of the most significant attic museums in the State of New Hampshire. The museum collection has continued to grow in the last twelve months. Among other items, a great collection of "Little Yankee" shoe memorabilia is being readied for display.

Significant in the past year was the installation of an attractive new sign on the building. It needs to be reinstalled due to high winds but should be back up by May. The Society is continuing with the upkeep of the Stone School. This year we will be removing the old fuel storage tank as a first step towards installation of a new climate control system.

Members and guests enjoyed 10 great programs in 1999, programs that took us from the Civil War to early auto tourism on Route 1 in Maine. We definitely learned that we didn't want to be a Union soldier eating wormy hard tack as a dietary staple!

This year's programs will teach us more about New Hampshire's and Newmarket's role in both the Civil War and the Revolutionary War. We will learn all about the history of Great Bay and North Atlantic fisheries. We will put "faces" on the history of the textile industry in New Hampshire and learn certain aspects about Portsmouth's colorful past. For the first time in many years the Society has tapped the resources of the New Hampshire Humanities Council to help bring 3 great programs to town. Our programs are listed monthly in the Village Post. If you'd like a copy of our full program just send a card to PO Box 534 and we'll see that you get one in the mail.

Our programs are always free and open to the public. They are held on the fourth Monday of every month from February through November, at either the Town Hall or the Stone School Museum. The museum is open on Thursday afternoons from 2:00 p.m. to 4:00 p.m. from June through August and during the Heritage Festival on both Saturday and Sunday. We also try to accommodate all requests for special appointments.

Please try to join us for as many of our programs as possible in 2000 and beyond.

Respectfully submitted,
Phil LePage
President

REPORT OF THE NEWMARKET HOUSING AUTHORITY

In 1999 the Newmarket Housing Authority was recognized with the U.S. Department of Housing and Urban Development Secretary's Commendation as a High Performer for "providing decent, safe and affordable housing and proving that public housing works." The Authority was invited to Washington, DC to be recognized by HUD Secretary Andrew Cuomo.

HUD conducts a Public Housing Assessment System (PHAS), which is used to measure and recognize the results of the work of housing authorities in providing housing and supportive services to low-income residents.

Great Hill Terrace has 50 townhouse style units. Had these units been rented on the private market the complex would have generated \$468,468 in 1999 rents based upon federal fair market rent surveys. (Fair market rents including utilities are based on bedroom number {eff 10/01} 1=\$573.00, 2=\$737, 3=\$945, 4=\$1159.) The rent roll for Great Hill Terrace for the past fiscal year was \$167,389 resulting in the Authority saving Newmarket residents \$301,079 in rent. The income limit for public housing for a family of three is \$35,650 per year.

The Authority assisted 108 additional Newmarket families through the Section 8 program, which is a rental assistance program that considerably reduces the need for working poor Newmarket families to seek Town welfare assistance. In F/Y 99 the Newmarket Housing Authority issued \$300,976 in Section 8 rental assistance. The Section 8 family of three income eligibility limit is \$22,300 per year, and a new HUD priority is for those families under \$13,350 annual income.

Newmarket Housing Authority is by law, and by a Cooperation Agreement executed in 1974, exempt from paying property taxes. The Authority does make a payment in lieu of taxes (PILOT) for Great Hill Terrace. The PILOT is equal to 10% of annual rent receipts minus utility expenses. For 1999 the Authority PILOT was \$8,921.

In addition to the PILOT the Authority contributes to the community in additional ways. The Authority owns the Newmarket Community Center structure and land but leases the Center to the Town at no cost to the Town. The Authority pays for building insurance and for as long as able, the Authority will pay the utility bills for heat and electricity. During the 1999 fiscal year the Authority paid for the Community Center for \$2,865 for propane heat and \$10,133 for electricity. The Authority constructed an outdoor basketball court next to the Center in 1999, also.

The Town is represented on the NHA Board of Commissioners by five community volunteers, Chairperson Walter Schultz, Vice Chairperson Cindy Lavigne, Debbie Bonnell, Joyce Russell and Frank Schanda. The Authority office is located in Great Hill Terrace. The staff includes Philip Chadwick, Teresa Edgerly, Madeline Richards and Mimi Rubin. Ricky LaBranche, currently in Africa doing volunteer work, will return in July from a one-year leave of absence.

Respectfully submitted,
Ernest A. Clark, II
Executive Director

REPORT OF THE PLANNING BOARD

The 1999/2000-year for the Planning Board has proven to be a busy one. The Board began its year by choosing goals to accomplish.

The first goal was to amend the Aquifer Protection Overlay District Ordinance. This goal has been discussed at meetings for the past year. A report from Dufresne-Henry, "Delineation of the Wellhead Protection Area Newmarket Plains Aquifer", gave the Board the information needed to write a justifiable regulation to protect the area that supplies our municipal water.

The second goal was to implement an Impact Fee Ordinance. Impact fees have also been a topic at meetings for the past year, beginning with a joint meeting of the Town Council and Planning Board. After much discussion, the Town Council agreed to have a study done that would focus on whether or not Newmarket needed impact fees and, if so, where those fees would be applied. If adopted, this Ordinance would help to defer the burden that development can have on the taxpayers.

The third goal involved implementing a new fee structure for subdivision and site plan applications. It had been several years since the fee structure had been revised and Newmarket's fees were much lower than fees in surrounding towns. The fees were brought into line with the current costs of processing those applications and are now more compatible with other towns in the area.

Although not a goal, the Planning Board determined that the Town's Master Plan needed to be updated. Four members of the Board volunteered more of their time to lead a group of citizens, with the assistance of the Strafford Regional Planning Commission, to complete the task. Look for the update to be completed at the end of June 2000.

In addition to the aforementioned items, the Planning Board amended the Excavation Regulations.

Future plans include amending the ordinance regarding signs, which we are hoping to complete by May 2000.

The Town has a new planner from Strafford Regional Planning, Clay Mitchell. His expertise in planning and his background in law have been a tremendous asset to our Planning Board. We welcome Clay to our Board.

Within the last few months, the Board has also appointed a new alternate member and a new full Board member. We are delighted at the quality of people who are showing interest in these positions. This has made choosing one to appoint over another very difficult.

It has been a pleasure working with such a diverse group of people and their dedication is greatly appreciated. As always, the Planning Board welcomes your opinions and comments at meetings and looks forward to serving you for another year.

Respectfully submitted,
Lorianne Caprioli, Chairman

REPORT OF THE NEWMARKET POLICE DEPARTMENT

In the past year the Newmarket Police Department had 8,876 calls for service, effected 275 custodial arrests and investigated 917 criminal offenses and 132 traffic accidents.

The Police Department lost a valuable officer as Sergeant Scott MacDonald resigned to assume a position with the Orleans, Massachusetts, Police Department. Sergeant MacDonald spent several years policing Newmarket and was highly respected by his subordinates and superiors. We salute him for his dedication and service to the Town of Newmarket and wish him well in his new career endeavors.

Also, Sergeant Timothy Connifey resigned to assume the position of Chief of Police for the Town of Newfields. Sergeant Connifey was instrumental in the DARE program and many crime prevention programs. He was regarded as a very popular officer with excellent public relations skills. We wish him well as he continues his law enforcement career in our neighboring town.

In terms of personnel changes, the Police Department saw promotions to the rank of Sergeant for Jeffrey Simes and Scott Carline. Sergeant Simes will oversee the Patrol Division while Sergeant Carline will oversee Support Services, which includes Investigations, Youth Services and Communications. New faces include Master Officer Mitchell White, who joins us with ten years of full-time law enforcement experience and Officers Christopher Quinn and Gregory Jordan, who were elevated to full-time status. Dispatchers Debra Clark and Brett Miller also became full-time employees for the department.

The 1999 department awards were issued to Wayne Stevens for "Officer of the Year" and Sue Robshaw for "Employee of the Year."

The Police Department participated in many programs such as School to Career, Street Law classes, the Officer Phil program, Red Ribbon Week, Halloween Safety, facility tours for youths, Touch-a-Truck sponsored by the Recreation Division, Career Day, Bicycle Safety, the DARE program and Alcohol Awareness.

Again this year, the Police Department would like to remind all residents to clearly affix their street address at a location that is visible from the road. In times of emergency, precious seconds are wasted looking for a specific address that is unknown to emergency personnel. This would assist us in getting a police officer, ambulance or fire truck to your house in time of need.

During the past year, we have experienced many incidents such as car breaks and car thefts in which citizens observed suspicious activity but failed to contact us. We would like to encourage all citizens to report suspicious activity immediately. Sometimes it will turn out to be less than a commission of criminal acts but we would rather be "safe than sorry." It is not "wasting" our time or resources to investigate unusual or suspicious circumstances. When you see or hear suspicious activity or noises, contact us at 659-6636. In case of emergency, simply dial 9-1-1.

As we enter the new century, the Newmarket Police Department is committed to maintaining quality personnel and efficient law enforcement services. We shall continue to strive for excellence by establishing professional standards and ideals consistent with our mission and values. We shall embark upon a positive vision for our future so that all residents are provided with protection of their persons and property to the best of our abilities. We further intend to take pro-active measures to curb potential problem areas. We sincerely believe that we have an opportunity to make a difference in the quality of your lives and we shall take pride in devoting ourselves to this effort.

RODNEY C. COLLINS
Chief of Police

REPORT OF THE NEWMARKET PUBLIC LIBRARY

Our most exciting event in 1999 was the New Hampshire Library Trustees Association's choosing our director as the New Hampshire Librarian of the Year. At the awards ceremony in May the Association President said, "Here is Sharon Kidney, whose Trustees think she walks on water." Thrilled and proud, we almost do.

The Library's major acquisition in 1999 was Cary Wendell's entrance hall mural, given in memory of Betty Popov by her family and friends. Showing the Library nearly 100 years ago, the mural was dedicated on July 25th in a Meeting Room ceremony that included remarks by the artist and moving recollections of Betty by people who loved and admired her.

Other important Meeting Room gatherings included a March Town poetry reading, planned in conjunction with the national Poet Laureate's "Favorite Poem Project." On this occasion the family of former Trustee Robert Sewall presented a handsome new lectern to the library. Other examples of this room's community use are the Heritage Festival's storytelling program with Julien Olivier in September, and regular ESL and GED tutoring. The Library Meeting Room is now the site of the Newmarket Business Association's monthly meeting.

Our Book Club, open to everyone, often meets at members' homes. Copies of current reading choices are available as library loans.

Spring and fall book, bake, and plant fundraising sales, in which the Newmarket Gardeners joined forces with Library Trustees, were very successful. We are extraordinarily grateful to the Gardeners for their continuing donations of plants, time, effort, and creative skills, providing both indoor bouquets and the maintenance of our several outdoor perennial gardens.

The Director and Trustees would like to thank everyone who donated early annual Town and School Reports for our 1911-1998 binding project. These are now available in the Library reference area. Among other book donations, a particularly special gift was a history of the VFW, presented in June by Jake O'Connor on behalf of the Lee Memorial Post 10676.

One new and significant equipment addition has been a public access computer with Internet capability, donated to the Library by the Department of Employment Security to provide New Hampshire Works job postings and resume preparation software. The popularity for Internet use of this machine underscores the value of our ongoing automation transition, currently well into its preliminary collection weeding stage. We have been grateful for the work of project volunteers who are checking the accuracy of the books' bibliographic information.

As always, we welcome volunteers for any area of library work, such as the contribution of Susan Legere who, with her daughters Aliana and Olivia, has been running not only the preschool story hour but also the Library's summer reading programs. Among other volunteers, our thanks to Helen Mitchell, Forbes Getchell, Ed Tourigny, Margaret Nash, Maureen Pawnell, Pat Norton, Joan DeYoreo, Shawn Finnegan, Pam Harland, Kathleen Dawes, John Groux and Tony Gerome.

Respectfully submitted,
The Board of Trustees

REPORT OF THE PUBLIC WORKS DEPARTMENT

I am pleased to report the progress and activity of the Public Works Department for 1999.

The following roads were reclaimed and received new overlay: Grant, Ash Swamp, Dame, and Camp Lee Roads. Hersey Lane (Grant Road end) and the Community Center parking lot also received new overlay. Drainage improvements were made to Dame Road and several culverts were replaced on Grant Road.

The guardrail was replaced on Dame Road and Smith-Garrison Road. The Department also assisted H.L. Smith with the construction of a new basketball court behind the Community Center.

The Highway Crew rebuilt the sidewalks on Maplecrest and 1250 linear feet of granite curb was installed. The Town saved \$12,000 by not contracting out the project.

The Buildings and Grounds Division maintains all Town buildings, parks, cemeteries and playing fields. Next year "B" field and the Little League field are scheduled to be rebuilt and have irrigation systems installed.

The Vehicle Maintenance Division continues maintaining all Town equipment and vehicles. This past year we replaced the 1985 street sweeper and the 1985 International dump truck. We also purchased a line-striping machine so we can do all our own striping. In the past, this was all contracted out; we project a savings of \$5,000 annually. We plan to stripe twice a year so the crosswalks, stop bars, etc., will be visible throughout the winter months.

Curbside Recycling increased from 590 tons in 1998 to 744 tons in 1999. Pay-per-Bag decreased from 1004 tons in 1998 to 753 tons in 1999. Recycling is essential for the environment; please keep up the good work!

The Sewer Division removed five (5) sewer cross connections from the storm drain system this past year. Three were located between Gerry Avenue and Main Street, one on Central Street and one in New Village. Contracts have been signed for two (2) projects due to start this spring; the Creighton Street Head Works at the Wastewater Treatment Facility and the Nichols Ave. Project, which will include new utilities. The Sewer Outfall Pipe and Diffuser Project is in the design stage and will be built in the near future.

The Water Division mailed out its first Annual Water Report. This Report will continue to be sent out to water customers in early summer each year.

The Public Works Department would like to thank all the residents for their conservation efforts during the drought we experienced this past year.

Should you ever have a problem, concern, or question, please call me at 659-3093.

Respectfully submitted,
Rick Malasky,
Director of Public Works

REPORT OF THE RECREATION DEPARTMENT

As many began to accept that 1999 was going to be the end of an era it marked the beginning for many new and exciting things for Newmarket Recreation.

We began the year by proudly introducing "Rex" the "REC"tile as our newest member and mascot to the Recreation Department! Along with Rex came our new logo, as can be seen above, as well as our new catch phrase, *Do ya wanna iguana?* For those of you who are new to our "REC"tile concept, *iguana* can be defined as:

iguana \i-gwan-el verb: to participate in exciting recreation and leisure experiences; to have fun; broadly; to recreate; commonly used action verb for Newmarket Recreation "REC"tile: to iguana; or "wanna iguana" a Newmarket Recreation catch phrase.

Clip Clip! A ribbon-cutting ceremony held on September 6th of this year marked another beginning and the grand opening of two new additions to the community center: 1) a full regulation-size outdoor basketball court; 2) the C.L.I.C.K. Room, (Computer Learning Interactive Center for Kids), which offers 7 fully loaded computers plus 2 printers for kids to come in and do their homework after school. Both these additions were fully funded by a grant from CIAP (Comprehensive Improvement Assistance Program), which is part of HUD (Housing and Urban Development), and was applied for us by the Newmarket Housing Authority. In addition to this grant, DCYS (Division of Children and Youth Services) also provided us with enough grant monies to employ a part-time computer coach for the C.L.I.C.K. Room during the "kids" hours (3pm to 8pm, Monday – Friday). Newmarket's adult resident hours for the C.L.I.C.K. room are from 8:30am – 2:30pm Monday – Friday. We are hoping to incorporate some educational computer learning classes in the upcoming millennium.

Newmarket Recreation continues to offer a variety of low-cost activities and programs for all ages from toddlers up to senior citizens. Our very popular *Start Smart* Preschool Sports programs expanded to the point of having to offer several sessions of each class. Even our after-school programming has seen some new and creative additions, such as Beginner Chess, Basketball Warm-up, and Wanna Bowl! This year our youth *Nike* Flag Football League doubled in numbers. We also introduced a whole new fitness program by offering aerobics and cardio-kickboxing. Our senior citizen activities are still getting rave reviews! We are very excited to announce that we were able to add a second seniorcise class in 1999 on Tuesday afternoons, still at no charge to the senior citizen. Our monthly *Lunch Bunch* trips and special/theatre trips continue to sell out in our new 1999 Dodge 15 passenger van! All in all, we were especially excited to announce that we brought in over \$102,000 in revenue for the 1998/99 fiscal year! As you may recall the revolving account, which we incorporated into budget last year, allowed us to expand on many of our programs. It also allowed us to bring in additional revenue to subsidize these trips and activities without impacting the taxpayer.

Once again we'll wrap up our 1999 report with a brief RECap of "a year in the life" of Newmarket Recreation's very successful Special Events programming. Once again, we feel we outdid ourselves in that most of our special event programs were a "sellout success!"

As always, we started off the year with a Newmarket favorite, the 5th Annual Daddy/Daughter Date Night, appropriately themed "Thank Heaven for Little Girls" with over 300 little angels and their escorts *dancing on the clouds* all evening long. We then hopped off the clouds and into spring with over 400 children at our Annual Easter Egg Hunt! As spring progressed, we kept on a truckin' at our annual award winning *Touch-a-Truck* event as over 35 truckers caravanned their trucks of all sizes and shapes into the high school parking lot!

Finally summer arrived and so did a momentous occasion in Newmarket Recreation's history. We are proud to announce that this year we celebrated the 10th Anniversary of the Newmarket Fishing Derby. We think the 750 stocked rainbow trout and bass "got hooked" onto the celebration idea and allowed for some easy fishin' for all the 400 children who participated in this year's event.

REPORT OF THE RECREATION DEPARTMENT (CONTINUED)

Due to the amazing success of last year's summer camp, we once again decided to travel the world for a "Where in the World is Rex" Summer Adventure Day Camp. However, this year we took along "Rex!" with the whole concept being that the kids try to locate "Rex" in a specific region or city in the world. We feel the kids had fun with the idea and learned a little bit about geography at the same time! Once again, we had over 200 registered campers (Preschool - 6th grade) traveling to exotic places around the world via special events, field trips, and sports & games activities. 1999 also marked the year where about 30 7th and 8th graders broke away from the traditional camp activities and registered for our New TEEN T.U.R.F. (The Ultimate Recreational "f"enomenon) Camp.

We then *fell into fall*, and right into the Pokemon fever craze by hosting, not one, but two (as the public demanded) "Ultimate Pokemon Fever Parties." We figured if we gonna catch this year's fad fever we *gotta catch 'em all in the fall!* We then slowly crept into the Halloween season by hosting our 2nd (sold out) *Annual Spooky Sleepover*. However, this year we didn't get spooked when more than 60 kids signed up for a night of thrills and chills and an awesome game of "Glow in the Dark" Capture the Goblin! Once again we crowded the halls of our *Haunted Community Center* for our very successful Annual Halloween Party. This year's sci-fi laser tag arena was a huge improvement over last year's and a huge success according to all the ghosts and goblins who entered the final frontier.

The harvest moon came and so did our 2nd Annual Harvest Moon Mother and Son Dance. As predicted, both this year and last year's events have proven to be successful and the event may need to move to a larger location in the future. The 1999 Season of Giving was just that, with the town's Annual Giving Tree and Tree Lighting Ceremony followed by our Annual Christmas Party, which was held at the end of December.

Before we sign off on 1999, we would like to take a moment to give ourselves and the volunteer residents of Newmarket a well deserved "pat on the back!" We are proud to announce that Newmarket Recreation was a final runner-up for the 1999 *Shelnutt - Perkins Award* given for program excellence from the NHRPA (*New Hampshire Parks and Recreation Association*). We were nominated due to our 1998 community service efforts on the two *Nickelodeon BIG HELP* events we ran last year, the Big Cleanup of Newmarket's Sliding Rock Conservation & Recreational Area and *The Big "Rake"reation*, where we raked over 15 senior citizens' lawns! Incidentally, the Newmarket Recreation can also take credit on a national level for bringing the NRPA (*National Recreation and Parks Association*) and *Nickelodeon's BIG HELP* together. As you may have seen on TV, this past year and also in the year 2000 *Nickelodeon's BIG HELP'S* main focus is on "PARKS!"

Once again, the Newmarket Recreation Department certainly had a lot to be thankful for as we head into the new millennium! That is why we would like to take this opportunity to thank all the seniors, parents, and teens that often volunteer their time to help run many of our successful events. Also, special thanks must go out to all the residents, contributors, and sponsors for answering our recent fundraising requests to upgrade our game room by donating game equipment and furniture suited for kids and teens. Finally, if you haven't heard, this past fall we kicked off our next fundraising project... a new playground! We feel we are in definite need of a playground for our local families and their children to enjoy. We sincerely thank all who have already generously donated funds to this endeavor. We will continue to accept any dedication pledges/donations for this project in the upcoming year.

We would also like to congratulate Jim Hilton for his dedication to the Town of Newmarket. In August of 1999, Jim Hilton celebrated his 10-year anniversary as Director of Newmarket Recreation.

REPORT OF THE RECREATION DEPARTMENT (CONTINUED)

Newmarket Recreation currently sends out a quarterly brochure to all residents in our database that outlines our event calendar for the coming season. If you would like to be added to our mailing list, please give us a call at 659-8581. So if you *wanna iguana*, pick up the phone! Hey, why don't you make it your New Year's Resolution for the year 2000!

REPORT OF THE LAMPREY RIVER ADVISORY COMMITTEE

The Lamprey River Advisory Committee (LRAC) is a citizens' committee with representatives from Lee, Newmarket, Durham and Epping created under the New Hampshire State Rivers Management and Protection Program, and the federal Wild & Scenic Rivers Program. Susan Beaulieu of the Town Council and Wilfred Hamel of the Conservation Commission are Newmarket's representatives on the LRAC.

The Lamprey was designated a National Wild and Scenic River in the three lower towns in 1996, with legislation now before the U.S. Congress designating Epping.

The LRAC's activities are carried out through volunteer effort and funding from the National Park Service and private foundations.

1999 ACCOMPLISHMENTS

Water Quality and Quantity

- LRAC worked with the Town of Durham and the University of New Hampshire on their plans to improve management of water withdrawals from the Lamprey River.
- LRAC participated in the development of in stream flow rules by the Department of Environmental Services. The Rules are intended to protect the level of river flows during droughts.
- Working with the Epping Middle School, the Lamprey River Watershed Association, and the New Hampshire Volunteer River Assessment Program, volunteers monitored water quality at 10 sites from Newmarket to the Raymond line.
- LRAC supported the Town of Epping in securing \$2 million in federal funds to upgrade its sewage treatment plant, which discharges into the Lamprey.

Wildlife

- LRAC sponsored research along the River with the NH Fish & Game Department and UNH, tracking rare and declining turtles to determine their range and habitat use.
- The LRAC hosted Secretary of Interior Bruce Babbitt's visit to the Lamprey River to celebrate the 30th anniversary of the Wild & Scenic Rivers Act and to announce his intent to secure funds to build a fish ladder at the Wiswall Dam in Durham. Fish passage here would open up 45 miles of habitat for shad and river herring.

History

- LRAC worked with the Town of Durham to develop an historic park and picnic area at the Wiswall Dam. The Committee secured federal funds for a stonemason specializing in historic structures to restore the trailrace walls. Landscaping and interpretive signs will ready the park for public enjoyment.

REPORT OF THE LAMPREY RIVER ADVISORY COMMITTEE (CONTINUED)

- LRAC researched, funded, and assisted with the production of a video on the history of the Lamprey River. The Committee then obtained a grant for the development of a fourth grade curriculum on the video, being piloted at Mast Way School.

Land Protection

- Initiated a major Lamprey Land Protection Campaign to obtain conservation easements or land donations on open land in the river corridor. Support was obtained from the U.S. Congress and, together with the Great Bay Partnership, over \$ 1.4 million under the North American Wetlands Conservation Act. A National Fish and Wildlife Foundation grant also provides Lamprey River landowners with funds for surveys and appraisals for easements.
Newmarket shoreland landowners are urged to apply for this program.
- The Campaign's first two easements came this fall, with LRAC providing landowner assistance and contributing \$ 66,000 for the Town of Lee to purchase easements embracing 173 acres and about 10,000 feet of river frontage.

Recreation Public Awareness

- LRAC, in cooperation with local public works departments and the State Department of Transportation, installed Lamprey Wild & Scenic River signs at river crossings to encourage awareness and civic pride in the River.

2000 GOALS

- Conservation of riverfront land will be a top priority. It is hoped that Newmarket will become increasingly active in taking advantage of the LRAC's funds and assistance to landowners.
- The LRAC will continue to study wildlife use of the river corridor, with an emphasis on species which indicate habitat health, such as mussels and turtles. Water quality monitoring will also continue.
- It is a goal to see the completion of the Wiswall Falls Historic Park so that area residents may enjoy the river and learn of its history.
- With support from the National Park Service, LRAC will be preparing an informational brochure on riverfront lands for private landowners; another on recreational opportunities on the River; and a Lamprey River website for landowners, recreationists, students, and the public.

REPORT OF THE NEWMARKET MAIN STREET CORPORATION

The Newmarket Main Street Corporation focuses on maintaining the historic character of Main Street within the Newmarket Commercial and Industrial Historic District, and promoting business that is compatible with the community's needs. The Corporation was founded in 1997.

In February 1999 the Corporation helped establish the Newmarket Art Association, and it is hoped that additional support in this coming year will help establish art as a permanent feature of our downtown area.

Our second activity for 1999 was the Spring Cleanup. Members came out to clean up all the public spaces in the downtown area.

In May, the US Air Force Concert Band made an appearance at Newmarket High School. The event was "sold out", with over 1000 residents attending. There are plans in the works for another Air Force Band appearance this season.

In September the Second Annual Newmarket Heritage Festival was staged in the downtown area. Activities included craft displays, live music representing the many national and ethnic groups that helped forge Newmarket's history, a parade, and other activities. There was also a presentation of "The Call of the Lamprey", an epoch dramatization of some of the highlights of years past. The festival attendance was up from the first year, and we are looking forward to a return of the celebration in 2000.

Two historic structure improvement projects are currently underway. The first will involve removing overhead electrical wires from the Community Church steeple and improving the lighting on the Town Clock. The second project involves the restoration of the "Engine House", our first fire station and the current home of the award winning "Tiger #1" Handtub Association.

In October the Corporation sponsored its first fundraiser, a 9-hole golf tournament hosted by the Rockingham Country Club. Seven foursomes played, raising \$450 for future projects.

We wrapped up the year by sponsoring "Catch the Spirit", a Christmas season decorating competition; it was won by Merle Norman.

Membership in the Main Street Corporation is open to all residents of Newmarket. We meet on the third Thursday of each month at the Newmarket Town Hall.

Respectfully submitted,
Karen Johns, President

REPORT OF THE NEWMARKET SENIOR CITIZEN GROUP

The Newmarket Seniors have been an active group since January 13, 1973. Meetings are held the first Wednesday of the month at 10:00 a.m. on Beech Street Extension. Anyone over the age of 55 is welcome to join us in fun and fellowship. There are no meetings in July and August.

The fall term for new officers started in September. Officers included: President, Helen Levesque; Vice-President, Ada Hayes; Secretary, Joan McEvoy; Treasurer, Wings (Winnie) Willey.

The six-member Board of Directors is: Ethel MacIntosh, Dottie Greene, Stefie Miller, Irene Garland, Leona Butler and Harold Hood. Many volunteer for other committee work.

A foliage trip by chartered bus was taken to Wrights' Museum in Wolfeboro, N.H. Included was a lunch stop at EveryBuddies in Alton, N.H. Ada Hayes stepped down as Trip Organizer and was replaced by Harold Hood.

In December we celebrated with a Christmas Party and an exchange of gifts. The Hall was decorated with the Christmas theme in mind, and included the traditional Christmas tree; after the dinner, the poinsettia plants on the tables were raffled off to the members present. Town Administrator, Al Dixon, was a guest at the party, along with Santa Claus. Nancy Bateman provided Christmas music.

Other meetings during the year included: candy making, a penny sale, bingo, potluck meals, guest speakers, film presentations, a catered dinner and entertainment.

Sunshine Lady Lucille LeGault sent out get-well and condolence greeting cards to members.

Sincere thanks to everybody who has helped or is helping in any way to make the active Newmarket Senior Citizen Group such a success in these past years.

Respectfully Submitted
Helen Levesque, President

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of The Board of Selectmen
Town of Newmarket
Newmarket, New Hampshire

In planning and performing our audit of the Town of Newmarket for the year ended June 30, 1999, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

Reportable Conditions

Our audit disclosed the following reportable conditions that we do not consider to be material weaknesses as defined above:

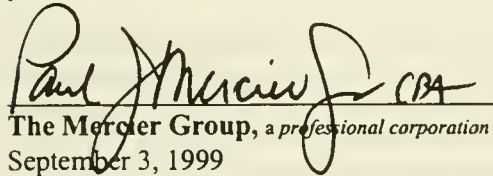

Cash Accounts not in the Custody of the Town Treasurer

Our audit noted several accounts in the custody of the Police Department. These accounts have been established to transact the activities of the DARE program and the Drug Forfeiture program. Also, monies collected from the issuance of Pistol Permits is held by the department and used as a petty cash fund. We were unable to determine whether any authority has been given by counsel vote for the Police Department to hold these funds or to set aside Pistol permit monies for department use. Management noted that the department feels that it needs access to some monies for surveillance activities and other miscellaneous department needs. In our opinion, Section 4.15C of the Town's Charter requires that all Town monies (Library and Trust Funds excluded) should be in the custody of the Town Treasurer. Likewise, for an appropriate level of internal control to be maintained, any monies expended from restricted funds should be appropriated and expended according to regular purchasing policies. The Police Department should not have the "At-Will" authority over the use these funds. We recommend that the Town consider investing these funds at the NHPDIP and to authorize a petty cash fund for the Police Department.

Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or record keeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas for further consideration included:

- ☐ Accounting for agency deposits

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of Newmarket
Newmarket, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Newmarket as of and for the eighteen-months ended June 30, 1999. These general-purpose financial statements are the responsibility of management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group that should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Newmarket has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

Governmental Accounting Standards Board Technical bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosures of certain matters regarding the year 2000 issue. The Town of Newmarket has included such disclosures in the Notes to Financial Statements. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the Town's disclosures with respect to the year 2000 issue. Further, we do not provide assurance that the Town of Newmarket is or will be year 2000 ready, that the Town of Newmarket's remediation efforts will be successful in whole or in part, or that parties with which the Town of Newmarket does business will be year 2000 ready.

In our opinion, except for the effect on the financial statements of the omissions described in the preceding paragraph,, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Newmarket. as of June 30, 1999, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Newmarket. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Newmarket is a New Hampshire Municipal Corporation governed by a Town Council and other elected officials under a local charter form of government. Operations are directed by a Town Administrator appointed by the Council. The financial statements of the Town have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies and its conformity with such principles are disclosed below. These disclosures are an integral part of the Town's financial statements.

FINANCIAL REPORTING ENTITY

As required by GAAP, specifically GASB statement No. 14, *The Financial Reporting Entity*, these financial statements are required to present the Town (primary government), and its component units (if any). A primary government is defined by the GASB as any state government or general-purpose local government. Additionally, a primary government may also consist of a special purpose government (such as a school district or school administrative unit) that meets all of the following criteria: (a) it has a separately elected governing body; (b) it is legally separate; and (c) it is fiscally independent of other governments.

A component unit is defined by GASB as a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government is such that the exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based on the foregoing criteria, no other related organizations are included in the Town's financial reporting entity.

BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The Town uses the following fund types and account groups:

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources, and the related liabilities are accounted for through governmental funds. The following are the Town's Governmental Fund Types:

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. The following funds are included in this fund type:

Public Library	Conservation Commission	Drug Forfeiture
Water Department	Recreation Revolving	Dare
Sewer Department	Community Development Corporation	Pistol Permits

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities not included in Enterprise Funds are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from Federal and State grants. The following funds are included in this fund type:

Landfill M2	Sidewalk
Landfill Closure/Site Impact	Nichols Avenue
Sewer System Improvements	

Fiduciary Fund Types

Fiduciary Fund Types - These funds account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments. The following funds are included in this fund type:

Nonexpendable Trust Funds

Town Trusts
Library Trusts

Expendable Trust Funds

Town Trusts

Agency Funds

Section 457 - Deferred Compensation Plan
Escrow & Performance Deposits

Account Groups

Account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations. The Town uses the following account groups:

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

General Fixed Assets Account Group - General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by most other municipal entities in the State, the Town does not maintain a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

General Long-Term Debt Account Group - This account group is established to account for all long-term debt of the Town.

MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Governmental Funds, Expendable Trust Funds, and Agency Funds use the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable (flow of current financial resources measurement focus). Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash. General taxes, intergovernmental revenues, charges for services, and investment earnings are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenses, and other long-term obligations, which are recognized when due.

All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred (flow of economic resources measurement focus).

BUDGETARY ACCOUNTING

General Budget Policies

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements that govern the Town's operations. Town adopts an annual budget by ballot vote for the General and all significant Special Revenue Funds. Project-length financial plans are adopted for all Capital Project Funds. Except as reconciled below, budgets are adopted on a basis consistent with generally accepted accounting principles. Management may transfer appropriations between operating categories as they deem necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered. State statutes require balanced budgets, but provide for the use of beginning unreserved fund balance to achieve that end. In 1998/99, \$100,000 of the beginning General Fund and \$1,031,464 of the beginning Special Revenue Fund balances were applied for this purpose.

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are therefore reported as part of the fund balance at June 30, 1999 and are carried forward to supplement appropriations of the subsequent year.

Amounts recorded as budgetary and expenditures in the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund (Exhibit C) are presented on the basis budgeted by the Town. The amounts differ from those reported in conformity with generally accepted accounting principles in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances for All Governmental and Similar Trust Funds (Exhibit B) as follows:

	<u>General Fund</u>
<u>Expenditures and Other Financing Uses</u>	
Per Exhibit C	\$ 10,571,283
<u>Adjustments</u>	
Encumbrances – June 30, 1998	269,266
Encumbrances – June 30, 1999	<u>(67,195)</u>
Per Exhibit B	<u>\$ 10,773,354</u>

ASSETS, LIABILITIES AND FUND EQUITY

Cash and Investments

The Town Treasurer is required by Town Charter and State statute to have custody of all monies belonging to the Town and shall pay out the same only upon orders of the Town Council. The Town Treasurer shall deposit all such monies in solvent banks in the state or in participation units in the public deposit investment pool established pursuant to RSA 383:22. Funds may be deposited in banks outside the state if such banks pledge and deliver to the state treasurer as collateral security for such deposits in value at least equal to the amount of the deposit in each case.

Whenever the Town Treasurer has an excess of funds which are not immediately needed for the purpose of expenditure, State statutes require the Treasurer, with the approval of the selectmen, to invest the same in obligations of the United States government, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the laws of the State of New Hampshire or in national banks located within this state or the Commonwealth of Massachusetts. Any person who directly or indirectly receives any such funds or monies for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

pledged as collateral. For financial reporting purposes, cash and equivalents include amounts in demand deposits and money market funds, as well as certificates of deposit and short-term investments with original maturities of 90 days or less.

The Town is authorized by State statute to invest Trust Funds, except Capital Reserve Funds, in obligations of political subdivisions and stocks and bonds that are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept in a separate account and not intermingled with other funds. Capital Reserve Funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company, or in the share of a cooperative bank, building and loan association, or federal savings and loan association, in this state, or in bonds, notes or other obligations of the United States government, or in bonds or notes of this state, or in participation units in the public deposit investment pool established pursuant to RSA 383:22. Investments are stated at fair value.

Receivables

Revenues for the most part are recorded when received, except for the following items for which receivables have been recorded:

Tax revenue is recorded when a warrant for collection is committed to the Tax Collector. However, any taxes not liened or deeded within statutory time limits and 2.92% of the remaining uncollected balances have been reserved.

The National Council on Governmental Accounting (NCGA), Interpretation 3, Revenue Recognition - Property Taxes, requires that if property taxes are not collected within 60 days after year end, the revenue is not considered an "available spendable resource" and should be deferred.

As prescribed by law, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town.

Interest on investments is recorded as revenue in the year earned.

Certain *grants* received from other governments require that eligible expenditures be made in order to earn the grant. Revenue for these grants is recorded for the period in which eligible expenditures are made.

Various *service charges* are recorded as revenue for the period when service was provided.

Interfund Receivables and Payables

During the course of normal operations, the Town has transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

transfers. To the extent that certain transactions have not been paid or received as of June 30, balances of interfund amounts receivable or payable have been recorded.

Long-Term Liabilities

General Obligation Debt - General obligation bonds, notes, capital leases, and other forms of long-term debt supported by general revenues are obligations of the Town as a whole. Accordingly, such unmatured obligations of the Town are accounted for in the General Long-Term Debt Group of Accounts.

Compensated Absences - Employees may accumulate a limited amount of earned but unused vested benefits, which will be paid to employees upon separation from the Town's service. In Governmental Fund Types and Fiduciary Fund Types, the cost of vested benefits paid or expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability of the fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

Fund Equity

The portion of fund balance which has been legally segregated for a specific future use, or which indicates that a portion is not appropriable for expenditures, is shown as reserved. The Town used the following reserves during the year:

Reserved for Endowments - represents the principal balance of Nonexpendable Trust Funds that must be held for investment purposes only.

Reserved for Encumbrances - is used to account for open purchase orders, contracts and other commitments at year-end for which goods and services have not been received.

Reserved for Special Purposes - is used to account for the unencumbered balance of restricted funds. These include the uncommitted balances of bond proceeds, grant revenues, the Town's Expendable Trust Funds, and the income portion of the Town's Nonexpendable Trust Funds.

TOTAL COLUMNS (MEMORANDUM ONLY) ON COMBINED STATEMENTS

Amounts in the "Total (Memorandum Only)" columns in the combined financial statement line items of the fund types and account groups are presented for analytical purposes only. The summation includes fund types and account groups that use different bases of accounting, includes interfund transactions that have not been eliminated and the caption "amounts to be provided," which is not an asset in the usual sense. Consequently, amounts shown in the "Total (Memorandum Only)" columns are not comparable to a consolidation and do not represent the total resources available or total revenues and expenditures/expenses of the Town.

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

DEFICIT FUND BALANCES

Project Deficits

The following projects had fund deficits at June 30, 1999:

Capital Project Fund

Landfill Closure/Site Impact	\$ 116,713
Sewer System Improvements	<u>481,574</u>
	<u>\$ 598,287</u>

Generally, these deficit arise because of the application of generally accepted accounting principles to the financial reporting for these funds. Bonds or notes authorized to finance the projects are not recognized on the financial statements until issued.

ASSETS

CASH AND EQUIVALENTS

Deposits

The Town maintains a common bank account in which the cash balances of most funds are maintained. The common bank account is used for receipts and disbursements relating to all these funds. All time deposits are the property of the General Fund. At year-end, the Town's cash deposits categorized according to risk assumed were as follows:

Category 1 Includes deposits that are insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category 2 Includes deposits that are collateralized with securities held by the pledging financial institution, its trust department or agent in the Town's name.

Category 3 Includes deposits that are uninsured and uncollateralized.

	<u>Category</u>			<u>Total</u>	
	<u>1</u>	<u>2</u>	<u>3</u>	<u>Bank Balance</u>	<u>Carrying Value</u>
Bank Deposits	<u>\$ 130,876</u>	<u>\$</u>	<u>\$ 352,959</u>	<u>\$ 483,835</u>	<u>\$ 239,011</u>

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

INVESTMENTS

Investments made by the Town are summarized below. The investments that are represented by specific identifiable investment securities are classified as to credit risk into three categories as follows:

- Category 1* Includes investments that are insured or registered, for which the securities are held by the Town or its agent in the Town's name.
- Category 2* Includes uninsured and unregistered investments, for which the securities are held by the Town, broker, counter party's trust department or agent in the Town's name.
- Category 3* Includes uninsured and unregistered investments, for which the securities are held by the broker, counter party, counter party's trust department, or agent, but not in the Town's name.

	Category			Fair
	<u>1</u>	<u>2</u>	<u>3</u>	<u>Value</u>
Certificates of Deposit	\$ 27,770	\$	\$ 15,000	\$ 42,770
Government Obligations			330,329	330,329
Corporate Obligations			163,145	163,145
Common Stock			216,616	216,616
	<u>\$ 27,770</u>	<u>\$</u>	<u>\$ 725,090</u>	\$ 752,860
Mutual Funds				288,873
New Hampshire Public Deposit Investment Pool				<u>6,318,428</u>
				<u>\$7,360,161</u>

New Hampshire Public Deposit Investment Pool

Based on Governmental Accounting Standards Board (GASB) Statement No. 3, investments with the New Hampshire Public Deposit Investment Pool are considered unclassified. At this time, the Pool's investments are limited to short-term U.S. Treasury and U.S. Government Agency obligations, State of New Hampshire municipal obligations, certificates of deposit from AI/PI-rated banks, money market mutual funds (maximum of 20% of portfolio), overnight to 30-day repurchase agreements and reverse overnight repurchase agreements with primary dealers or dealer banks.

Under the terms of GASB Statement #31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the Pool is considered to be a **2a7-like pool** which means that it has a policy that it will, and does operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. This rule allows SEC-registered mutual funds to use amortized cost rather than market value to report net assets to compute share prices if certain conditions are met. Therefore, the Town reports its investments in the Pool at amortized cost, which equals the Pool's participation unit price.

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

During the fiscal year, the entity realized a net gain of \$5,498 from the sale of trust fund investments. The calculation of realized gains and losses independent of the calculation of the net increase or decrease in the fair value of investments. Realized gains and losses on investments that had been recognized as an increase or decrease in the fair value of investments reported in the prior year. The net increase in the fair value of investments during this fiscal year was \$ 22,095. This amount takes into account all changes in fair value (including purchases, sales and market price changes) that occurred during the year.

PROPERTY TAXES

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year. The 1999 property tax levy was based on a net assessed valuation as of April 1, 1999 of \$231,977,082.

The Town subscribes to the semi-annual method of tax collection as provided for by RSA 76:15-a. Under this method, tax bills are sent on or around June 1 and November 1 of each year, with interest accruing at a rate of 12% on bills outstanding for more than 30 days. The June 1 billing is considered an estimate only and is one half of the previous year's tax billing. The remaining balance of taxes due is billed in the fall after the State Department of Revenue Administration has calculated and approved the Town's tax rate for the fiscal year.

In connection with the setting of the tax rate, Town Officials, with the approval of the New Hampshire Department of Revenue Administration, establish and raise through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any tax reserves at year-end. The property taxes collected by the Town include taxes levied for the Newmarket School District and Rockingham County, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

The tax rate for the year ended June 30, 1999, was as follows:

Municipal Portion	\$ 9.38
School Tax Assessment	26.36
County Tax Assessment	1.27
	<u>\$ 37.01</u>

As prescribed by law, within 18 months of the date assessed, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town. During the current year, the Tax Collector on April 30, 1999 placed liens on related properties for all uncollected 1998 tax accounts not otherwise protected by court decree.

RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets, errors or omissions, injuries to employees, or acts of God. During the fiscal year, the Town was a member of the New Hampshire Municipal Association Property-Liability Insurance Trust, Inc. and the compensation funds of the New Hampshire Workers' Compensation Fund. These entities are considered public entity risk pools, currently operating as a common risk management and insurance program for member towns and cities.

The New Hampshire Municipal Association Property-Liability Insurance Trust, Inc. is a Trust organized to provide certain property and liability insurance coverages to member towns, cities and other qualified political subdivisions of New Hampshire. As a member of the NHMA Property-Liability Insurance Trust, Inc., the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1st to July 1st. The program includes a Self Insured Retention (SIR) from which is paid up to \$500,000 for each and every covered property, auto physical damage, and crime loss, subject to a \$1,000 deductible, and each and every covered General Liability and Public Officials Liability loss. Contributions paid in 1998 for FY99, ending June 30, 1999, to be recorded as an insurance expense/expenditure totaled \$72,906. There were no unpaid contributions as of

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

June 30, 1999. Claims submitted to the Trust that has been billed to the Town for their portion of payment (i.e., deductible) as of December 31, 1998 totaled \$0. During October 1998, \$5,239.16 was returned to the Town of as its 1998 "dividend" for the years 1990, 1992 and 1994. The Trust Agreement permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. At this time, the Trust foresees no likelihood of an additional assessment in any of the past years.

Compensation Funds of New Hampshire - Workers' Compensation Fund is a Trust organized to provide workers' compensation and employer's liability self-insurance to member towns, cities, school districts, and other qualified political subdivisions of New Hampshire. As a member of Compensation Funds of New Hampshire - Workers' Compensation Fund, the Town of [client] shares in contributing to the cost of and receiving benefits from a self-insured pooled risk management program. The membership and coverage runs from January 1 to January 1. The coverage is for the statutorily required workers' compensation benefits and employer's liability coverage up to \$1,000,000. The program includes a Loss Fund from which is paid up to \$350,000 for each and every covered claim. The Trust Agreement permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. At this time, the Trust foresees no likelihood of any additional assessments in any of the past years.

LIABILITIES

INTERGOVERNMENTAL PAYABLE

Amounts due to other governments at June 30, 1999 were as follows:

Expendable Trust Funds

Newmarket School District – Capital Reserve Fund	<u>\$ 246,673</u>
--	-------------------

DEFERRED REVENUE

Deferred revenue at June 30, 1999, consists of revenue collected or levied in advance of the fiscal year to which they apply as follows:

Deferred Tax Revenue

1999/00 Property Taxes Billed May 15, 1999	<u>\$3,484,370</u>
--	--------------------

DEFINED BENEFIT PENSION PLAN

Full-time employees participate in the State of New Hampshire Retirement System (the System), a multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters and permanent police

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

officers within the State of New Hampshire are eligible and required to participate in the System. Full-time employees of political subdivisions, including counties, municipalities and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to *Group I*. Police officers and firefighters belong to *Group II*. All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group, funding policies, vesting requirements, contribution requirements and plan assets available to pay benefits are disclosed in the System's annual report available from the New Hampshire Retirement System located at 4 Chenell Drive ~ Concord, NH 03301-8509.

The payroll for employees covered by the System for the year ended June 30, 1999, was \$1,254,318; the Town's total payroll was \$1,480,959. The Town's contribution requirements for the year ended June 30, 1999, was as follows:

Town's Portion	\$ 83,210
Employees' Portion	<u>35,116</u>
	<u>\$ 118,326</u>

DEFERRED COMPENSATION PLAN

Deferred Compensation Plan - The Town offers its employees deferred compensation plans through the International City Manager's Association and Nationwide Insurance Company. Both plans were created in accordance with Internal Revenue Code Section 457. The plans, available to all employees, permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Plan assets and a corresponding liabilities to employees for deferred compensation is recorded as agency funds. Plan assets are reported at fair market value.

Both plans are administered by independent companies and the Town remits all compensation deferred to this administrator for investment as requested by the participant employees. All compensation deferred and funded under the plans, all investments purchased and all income attributable there to are solely the property and rights of the Town (until paid or made available to the employee or other beneficiary), subject only to the claims of the Town's general creditors. Participants' rights under the plan are equal to those of general creditors of the Town in an amount equal to the fair market value of the deferred account for each participant. It is the opinion of Management that the Town has no liability for losses under the plans but does have the duty of due care that would be required of an ordinary prudent investor. The Town believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

Federal and State laws and regulations require that the Town place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site after closure. A liability is being recognized in the General Long-Term Debt Account Group based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The Town's Landfill closure construction was completed according to State and Federal regulations in 1995. Postclosure monitoring and other costs are estimated at \$45,000 per year or \$1,170,000 over the next 26 years (30 years from closure). This estimated total current cost of the landfill postclosure care is based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of June 30, 1999. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The State of New Hampshire Department of Environmental Services requires that all entities which receive licensing for landfills since 1991 meet general financial assurance requirements. The Town has met these requirements.

The Town expects to finance the postclosure care costs by annual appropriations.

LONG-TERM DEBT

The following is a summary of the Town's general long-term debt transactions for the fiscal year ended June 30, 1999:

	General Obligation <u>Debt Payable</u>	Compensated Absences <u>Payable</u>	Landfill Closure and Long-Term <u>Maintenance</u>	<u>Total</u>
Balance, July 1, 1998	\$2,190,776	\$ 32,699	\$ 1,215,000	\$ 3,438,475
Retired	(254,254)			(254,254)
Net increase (decrease) in				
Compensated absences payable		17,301	(45,000)	(27,699)
Balance, June 30, 1999	<u>\$1,936,522</u>	<u>\$ 50,000</u>	<u>\$ 1,170,000</u>	<u>\$ 3,156,522</u>

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

Long-term debt payable at June 30, 1999, is comprised of the following individual issues:

<u>Description of Issue</u>	<u>Original Amount</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate %</u>	<u>Outstanding at 6/30/99</u>
General Obligation Debt Payable:					
Sewer Construction Bond	\$ 800,000	8/15/85	8/15/05	8.8-9.0	\$ 240,000
Road Construction Bond	437,000	7/15/88	7/15/04	6.95-7.55	125,000
Landfill Bond	240,000	1/15/89	1/15/05	7.5-7.62	75,000
Water Facility Bond	2,300,000	1/15/89	1/15/10	6.8-6.875	1,265,000
Wastewater Treatment Bond	537,073	11/21/93	11/21/03	2.605	231,522
					1,936,522
Compensated Absences Payable					50,000
Landfill Closure & Long Term Maintenance					1,170,000
					<u>\$ 3,156,522</u>

The annual requirements to amortize all general obligation debt outstanding as of June 30, 1999, including interest payments, are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Governmental Fund Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2000	\$ 250,668	\$ 127,449	\$ 378,117
2001	252,118	111,588	363,706
2002	253,604	95,786	349,390
2003	255,132	79,625	334,757
2004	195,000	63,724	258,724
2005-10	730,000	168,631	898,631
	<u>\$1,936,522</u>	<u>\$ 646,803</u>	<u>\$2,583,325</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit. All debt will be repaid from general governmental revenues.

State Aid

In addition to local revenues, the "Amount To Be Provided For Retirement of General Long-Term Debt," includes the following amounts to be received from the State of New Hampshire in the form of State Aid to Landfill, Water Pollution and Water Filtration Projects:

<u>Bond Issues</u>	<u>Amount</u>
1985 Sewer Construction Bonds	\$ 193,608
1989 Water Bonds	357,323
1993 Wastewater Treatment Bonds	45,737
	<u>\$ 596,668</u>

TOWN OF NEWMARKET, NEW HAMPSHIRE*Notes To Financial Statements*

June 30, 1999

Under various State of New Hampshire Funding Programs, the Town receives a percent of the annual amortization charges on the original costs resulting from the acquisition and construction of sewage disposal facilities, water filtration facilities and landfill closure. At December 31, 1998, the Town is due to receive the following annual amounts to offset debt payments:

Fiscal Year Ending <u>December 31,</u>	<u>Governmental Fund Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2000	\$ 83,659	\$ 18,197	\$ 101,856
2001	82,365	15,075	97,440
2002	81,076	11,947	93,023
2003	79,797	8,811	88,608
2004	66,337	5,669	72,006
2005-10	<u>203,434</u>	<u>2,834</u>	<u>206,268</u>
	<u>\$ 596,668</u>	<u>\$ 62,533</u>	<u>\$ 659,201</u>

Bonds or Notes Authorized - Unissued

Bonds and notes authorized and unissued as of June 30, 1999 were as follows:

<u>Per Town Meeting Vote of</u>	<u>Purpose</u>	<u>Unissued Amount</u>
1990	Wastewater Treatment Improvements	\$ 112,927
1993	Landfill Closure	1,902,500
1997	Wastewater System Improvements	1,600,000
May 12, 1998 ~ Article 7	Infrastructure Improvements	
	Downtown Business District	2,000,000
May 12, 1998 ~ Article 8	Infrastructure Improvements	
	Black Bear Business Park	<u>3,250,000</u>
		<u>\$ 5,250,000</u>

Bond Anticipation Notes Payable

State statutes allow the Town to incur debt up to the amount of the bond authorization in anticipation of the issuance of long-term debt in order to pay current expenses of a capital project. Notes issued in accordance with these statutes are general obligations of the Town. The following bond anticipation note payable was outstanding at June 30, 1999:

\$350,000 Notes payable due August 26, 1999 to the First Colbrook Bank with interest at 4.10%.

\$463,974 Notes payable due August 26, 1999 to Bank Boston with interest at 4.36%

SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Litigation

There are various claims and suits pending against the Town that arise in the normal course of the Town's activities. In the opinion of management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the Town.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

TOWN OF NEWMARKET, NEW HAMPSHIRE

Notes To Financial Statements

June 30, 1999

Year 2000 Readiness (Unaudited)

The year 2000 issues arise because many computer software programs allocate two digits to the "year" data field on the assumption that the first two digits of the year will be "19". The use of this programming assumption could cause problems when the calendar rolls from December 31, 1999 to January 1, 2000. The year 2000 issue affects both computer hardware (i.e. the embedded logic of the computer chips) and computer software. If not addressed, problems could arise in entering data into computer applications, extracting data from these applications, and the results obtained from calculations performed using these applications and data could be incorrect. The Town is fully aware of the potential problems associated with the year 2000 and has been assessing the impact this will have on all mission critical functions. Town Officials expect to have implemented all necessary internal solutions by December 31, 1999 and plan to continue monitoring the year 2000 compliance efforts of service providers to insure that Town operations will not be materially impacted by these circumstances.

INCORPORATED
DECEMBER 15, 1727
CHARTER JANUARY 1, 1991

WARRANT STATE OF NEW HAMPSHIRE TOWN OF NEWMARKET

TO THE INHABITANTS OF THE TOWN OF NEWMARKET, in the County of Rockingham, in said State, qualified to vote in the Town Affairs: You are hereby notified of the annual meeting.

The first session, for the transaction of all business other than voting by official ballot, shall be held Tuesday, April 4, 2000 at 6:30 pm at the Newmarket Town Hall. The first session shall consist of explanation, discussion, and debate of each warrant article. Warrant articles may be amended, subject to the following limitations:

- a) Warrant articles whose wording is prescribed by law shall not be amended.
- b) Warrant articles that are amended shall be placed on the official ballot for final vote on the main motion, as amended.

The second session of the annual meeting, to elect officers of the Town by official ballot, to vote on questions required by law to be inserted on said official ballot, and to vote on all budget warrant articles from the first session on the official ballot, shall be held Tuesday, May 9, 2000 at the Newmarket Town Hall. The polls shall be open from 7:00 am to 8:00 pm.

Article 1. To choose all necessary Town Officers for the ensuing year.

Budget Committee	Three (3) for three years
Budget Committee	One (1) for one year
Moderator	One (1) for two years
Planning Board	Two (2) for three years
Supervisors of the Checklist	One (1) for six years
Town Council	Two (2) for three years
Town Council	One (1) for two years
Town Clerk/Tax Collector	One (1) for three years
Trustee of Trust Fund	One (1) for three years
Trustee of Library	One (1) for three years

Article 2. Charter Amendment – Rescind Unnecessary Public Hearing

Shall the Town of Newmarket approve the Charter amendment reprinted below?

Please note the proposed deletions are underlined and proposed additions are in **bold type**.

Section 5.4.E

"A public hearing shall be held by the Town Council on the results of the first session at least 10 days, but not more than 20 days, before the second session. Notice of the

hearing shall be posted in at least 2 public places in the town and published in a newspaper of general circulation at least 7 days prior to the date of the hearing."

Delete entire section.

(This language corresponded to RSA 40:13V when the Senate Bill 2 legislation was adopted in the Charter. Since then RSA 40:13V was repealed.)

Recommended by the Town Council.

Article 3. Sewer Outfall Pipe Bonding

To see if the Town of Newmarket will vote to raise and appropriate the sum of \$600,000 (gross budget) for the construction of a Sewer Outfall Pipe as prescribed in the Administrative Order from the US Environmental Protection Agency, and to authorize the issuance of not more than \$600,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. (3/5 ballot vote required)

Recommended by the Town Council and Budget Committee.

Article 4. Rescind Landfill Closure Bonding

To see if the Town of Newmarket will rescind the May 11, 1993 vote authorizing the issuance of not more than \$1,902,500 of bonds or notes to finance the closure of the landfill off Ash Swamp Road in accordance with the provision of the Municipal Finance Act (RSA 33). The bonds were not needed since the costs were captured through United Technologies, Harvard Industries, insurance claims, grants from the State of NH and a prior bond issuance approved on March 8, 1988 of \$240,000. (3/5 ballot vote in SB2 towns)

Recommended by the Town Council and Budget Committee.

Article 5. Downtown Infrastructure Trust Fund

To see if the Town will vote to create a non-expendable general trust fund under the provisions of RSA 31:19-a to be known as the Downtown Infrastructure Trust Fund, for the purpose of providing funding to maintain public infrastructure within the established Downtown Tax Incremental Funding District and appropriate the sum of One Dollar (\$1.00) toward this purpose and to designate the Town Council as agents to expend from said fund. (Majority ballot vote)

Recommended by the Town Council and Budget Committee.

Article 6. Aquifer Protection Easement Funding

To see if the town will raise and appropriate the sum of Seventy-two Thousand Five Hundred Dollars (\$72,500.00) to be placed in the 1999 established Aquifer Protection Easement Trust Fund. [Tax rate will increase by twenty five cents (\$.25) per thousand this year.] (Majority ballot vote)

Recommended by the Town Council and Budget Committee.

Article 7. Impact Fee Ordinance

To see if the town will raise and appropriate the sum of Twelve Thousand Dollars (\$12,000.00) to be used to establish an impact fee schedule and ordinance that allows fees to be charged based on new construction that would impact the growth of the school's infrastructure. [Tax rate will increase four cents (.04) per thousand this year.] (Majority vote)

Recommended by the Town Council and Budget Committee.

Article 8. Operating Budget

To see if the Town will vote to raise and appropriate for the purpose specified therein for the fiscal year 2000/2001 Operating Budget, the sums of money recommended by the Town Council and the Budget Committee.

(Town Council and Budget Committee Recommended \$5,937,329.00)

Article 9. Other Business

To transact any other business which may legally come before this meeting.

Recommended by the Town Council

Non-Binding Referendum

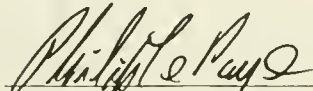

Article 10. New Hampshire Land and Community Heritage

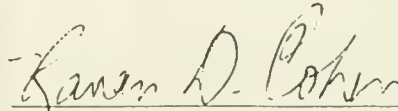

To see if the Town will vote to send the following resolution to the New Hampshire General Court:

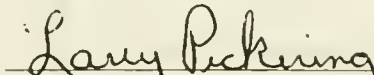

Resolved, New Hampshire's natural, cultural and historic resources in this town and throughout the state are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private partnership for the voluntary conservation of these important resources.

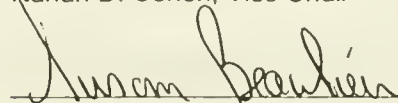

Newmarket Town Warrant 2000

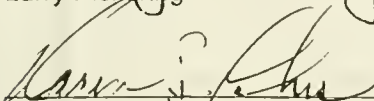

Given under the hands and seal this 1st day of March, in the year of Our Lord, two thousand (2000).

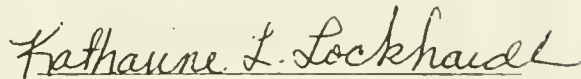

Philip LePage, Chair

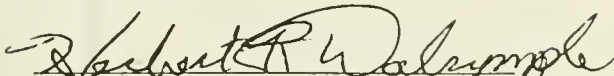

Ranan D. Cohen, Vice Chair

Larry Pickering

Susan G. Beaulieu

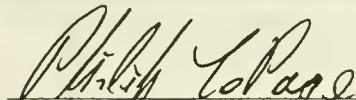

Karen S. Johns

Katharine L. Lockhardt

Herbert Dalrymple

Town Council, Town of Newmarket, New Hampshire

We hereby certify that we gave notice to the inhabitants within named, to meet at the times and places and for the purpose within mentioned by posting an attested copy of the within warrant at the place of the meeting, a like attested copy at the Town Hall being a public place in said Town, on the 1st day of March, 2000.

Philip LePage, Chair
